Ore shipments to Dec. 24 from Jan. 1 are 58,482.913 pounds, or 29,241 tons. Total shipments for week ending Dec. 24 are 1,025,620 pounds, or 512 tons.

COBALT---Advance in Kerr Lake the Feature of Mining Markets---COBALT HOLIDAYS OVER

Kerr Lake the Sensation With an Advance of 60 Points

Stock Sells Up On Rumor of Increased Dividend, But Reacts Later-Other Issues Unchanged.

Monday Evening, Dec. 27.

Kerr Lake furnished the minng markets with a sensation markets with a sensation day, makin a quick advance \$8.50, a gain of nearly 60 to \$8.50, a gain of nearly 50 points from last week's closing figures. A despatch emanating from New York, to the effect that an increase in the dividend rate was to be made, was held responsible for the movement, while, as usual, the demand became more pronounced as prices advanced. At the top figures, however, some profit-taking and short selling combined to bring about a reaction, the

combined to bring about a reaction, the shares closing easy at \$8.35.

With the exception of Kerr Lake the market was singularly duff. Beaver was in fair demand and sold up to 37 and a fraction, but eased off to 36 3-8 at the close. The other lower priced issues were comparatively steady

somewhat easy tone, selling down from \$4.10 to \$4 during the session. La Rose was quiet at \$4.90.
The market closed dull, but generally firm. Speculation continues of an easy-soing nature, and until a better movement of any

mand arises, no movement of any demand arises, no movement of any consequence is expected.

Ore shipments from the Cobalt camp for the past week were 512 tons from seven mines, as against 744 tons the previous week. La Rose was again the heaviest shipper, while the list was augmented by one new consignor, the Argentite mine, which sent out a car of 20 tons.

SILVER MARKET

Higher Levels Realized Lately Have Some Justification.

date Dec. 16: The undertone of the of price well over 24d, has continue There has been a substratum of spe

have come from the continent, India stigited an advance as that of the last

without an occasional cold douche, but the market is so absorbent just nov, on account of frequent "beat" covering, that a sudden deluge of China sales like that of yesterday rather consolidated than overwhelmed the market.

The fact is, there are many bull points about at the present time.

The "bear" covering and coinage orders naturally take silver definitely from the visible stock. There is a certain optimistic feeling in America, which, the prompted in the first instance by the reported copper combine, the which ten much importance may posto which too much importance may pos-sibly have been attached, has happened on a most opportune moment to manifest itself. Lastly, the prospects of silver in the near and far east seem favorable for the following reasons: The silver currency reserves in India record a drop of nearly 1 3-4 crores in the fortnight ending Dec. 10, and the high price of cotton still retards imports into China.

Silver has ever been a fickle mar ket; but certainly at the present time circumstances point rather strongly to the conclusion that the higher leve has some justification.

ANOTHER TREADWELL MINE

Highly Favorable Reports on Combin ed Gold Fields Property.

It was learned yesterday that the Silver Leaf.

Silver Bar.

Silver Bar.

Silver Queen
Timiskaming on the Combined Goldfields properties at Larder Lake during the present at Larder Lake during the present year, are turning out much more satisfactory than was anticipated. Information in connection with the company's claims, which consist of a larko acreage, it is thought is being held back. Reports from some of the best engineers who have been at Larder Lake and who have looked at these properties, indicate that they are some of the best in New Ontario.

J. Sampson Handley, C. and M. E., who made a report on the company's claims, say that on two of the claims the gold reef on one property is 30 feet wide and stripped for 200 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for over 600 feet, while on another claim the reef is 290 feet wide and stripped for 200 feet. An average assay taken after this year's development work on the pro-

An average assay taken after this year's development work on the pro-perty is stated to run between \$8 and

With such a tremendous gold bearing area, many people think that the Com-bined Goldfields will more than equil

the record of the famous Treadwell mine.

Rochester—1000 at 174, 300 at 16, 500 at 16. zinc, while the high averages of silver values in its ores pdace it in a unique position.

Increase in Kerr Lake Dividends. Increase in Kerr Lake Dividends.

R. R. Bongard (Chas. Head & Co.)
had the following despatch from New
York: From unquestioned authority we
learn that the next dividend on Kerr
Lake will be increased from 35 to 40
cents quarterly, calling for an additional expenditure of \$1,20,000, or almost at the rate of \$1,000,000 per annum. This property has proved to be one of the greatest bananza mines in the world.

Otisse-Currie Meeting.

A special general meeting of the shareholders of the Otisse-Currie Consolidated Silver Mines Co. will be held at the head office of the company, this city, on Wednesday, Dec. 29, at 11 o'clock in the forenoon, to consider, and, if advisable, to ratify and confirm a special bylaw enacted by the directors of the company on Dec. 16, 1909, enabling the company to dispose of its treasury stock at a discount not to exceed 90 per cent., and modifying the present bylaw in force in that regard.

SUFFRAGETTES AT OTTAWA

If Organization Can Be Perfected English Tactics Will Be Adopted.

OTTAWA, Dec. 27.—(Special.)—The first gun in an organized campaign for woman suffrage in Canada will, it is stated by The Ottawa Journal, befired in the coming by-election in this
city for the Dominion Parliament.
The initiation of the campaign depends
upon the ability of the leaders to bring
their organization to a sufficient state

of efficiency.

Plans and preparations have been quietly made during the past few

Should the organizers find that their organization warrants the initiation of a fight for suffrage, it is stated that the campaign will be conducted on the approved lines of English suffra-gettes. Meetings will be interrupted, speakers "heckled" and meetings for the cause will be held. Interference, they think, will bring out more vigorous measures.

FATALITY AT THE SOO

Workman Falls 30 Feet-Second Man Badly Hurt.

Canal, by falling 30 feet from the top of the sill to the floor of the emptied lock. He was lowering heavy planks when he slipped. Gordon leaves a wife fternoon at 2 o'clock at the Can

and four children.
Standing on the floor of the canal was John Erickson, and he was struck by falling timbers, his shoulder and arm were broken, and he was badly injured internally. He may die. THRILLING RESCUE AT SEA

Little Girl Was Hurled Twenty Feet

Into Small Boat. NEW YORK, Dec. 27.—Captain Edgar Bigelow, his wife and small child and the four members of the crew of the schooner Eugene Borda, storm-wrecked on Nov. 29, while carrying a cargo of lumber from Nova Scotia to Fhiladelphia, were brought to port to-day by the Vaderland, which effected their rescue while on its last eastward the cond which took them on to Antitheir rescue while on its last eastward trip, and which took them on to Antwerp and then brought them back. The small boat from the Vaderland could get only within twenty feet of the storm-stripped schooner, and from that distance the four-year old girl was hurled from the deck to the rescuing crew. When the lights of the Vaderland were sighted late at night, Captain Bigelow with difficulty found a piece of dry material to soak with a piece of dry material to soak with oil, so that a distress signal could be lighted. The night before they had burned distress lights made from their underwear when a big liner hove in sight, but the signals were not seen.

PHONOGRAPH USED IN CHURCH.

JOLIET, Ill., Dec. 27.-An innovation in church music was offered at a special service in the Central Pres-byterian Church. A large phonograph played eight sacred selections and took the place of the choir. The machine, however, will not permanently replace the choir. It was adopted merely as a novel feature and seemed to please the

Laurier to Be Invited to South A.rica. OTTAWA, Dec. 27.--(Special.)-Private information has been received that Sir Wilfrid Laurier will get an invitation to accompany the Prince of Wales to South Africa to attend the

Thomas F. Cuddihee returned to his home to-day, his sanity restored. He had been for three weeks at the City

Hospital, where part of his skull had been removed. Two years ago Cuddihee was struck on the head with a club by a negro. The blow changed him from an officer with a gold medal for bravery, into a man who sought to kill his wife and children.

Cheese Knife Penetrated His Heart BUFFALO, N. Y., Dec. 27.—George Connors, aged 18, of Cleveland, Ohio, was stabbed to death with a carving knife in the hands of Ernest Defrauth aged 21, at the Boston lunchroom this afternoon. The knife penetrated the heart. Defrauth, a chef, maintains that Connors walked into the knife while he was cutting a cheese,

Fail to End Strike. ST. PAUL, Minn., Dec. 27. Efforts of Gov. Eberhardt to end the strike apparently have failed because of re-fusal of the railroad officials to agree to reinstate at once the men who Canada's \$15,000,000 **Annual Bonfire**

If fifteen million dollars of CANADIAN PROPERTY -build-

ings, farm products, stock and household furniture (besides a goodly number of persons whose lives we won't attempt to reckon in money values) were brought together in one vast heap; if this whole accumulation were deliberately BURNED; the act would shock the whole world BY ITS MADNESS. Yet this is EXACTLY the kind of national bonfire that Canada indulges in every year, except that the destruction goes on in THOUSANDS of separate conflagrations instead of in ONE VAST HOLOCAUST.

Fifteen million dollars represents Canada's annual fire loss. If CEMENT were used to-day in all the building operations for which it EXCELS other available materials this yearly waste would be reduced to a SMALL FRACTION of its present extent. That is a result that we want to HELP to bring about. We believe that if we can do this we shall be rendering a public service. DON'T MISUNDERSTAND. It is a matter of BUSINESS with us, of course, but THAT does not alter the fact.
