COUNTY COUNCIL AT WORK ON EQUALIZATION

Big Problem Before This Year's Session—County News From Many Points.

The members of the York County Council, from a spectacular point of view, did not make much of a showing yesterday but from a business aspect more good work was accomplished than in the whole week preceding. They were in equalization committee, and early in the week with a devotion to duty which would have put to blush the legislature in

REEVE R. P. COULSON
Of Stouffville, one of the York County Commissioners.

Queen's Park. To-day it is expected that the heavy work of the January session will be well under way. To-night the county council are the guests of the Town of Sutton, and will leave the city on a special train leaving the C.P.R. crossing at 4 o'clock, and returning, leave Sutton at 11 o'clock. There was a keen contest this afternoon for the position of Industrial Home commissioners. Jonathan Nish and D. C. Longhouse being chosen by their fellow-members.

Dr. J. A. Macdonald was chosen trustee for Markham High School, and Mr. Harner for Aurora High School.

WEST TORONTO. Feb. 2.—Ralph M. Devlin, son of James Devlin, corner of Keele and Dundas-streets, met with a serious accident to-night. About 3 p.m. he was steering a bob-sleigh down the ravine between Humberdale-avenue and the Littleton street, and he fell when his foot caught in a hole and he sustained a Pott's fracture of the right leg, near the ankle.

The congregation of Wiloughby-avenue Baptist Church accorded a splendid reception last night to their pastor, Rev. Alexander Emrie, and Mrs. Emrie. The church was beautifully decorated with flowers, while the program consisted of speeches, songs and refreshments, the latter being served by the men of the congregation, assisted by the Young People's Society. There was a large attendance.

The annual meeting of the Amnetic-nist Baptist Church was held to-night. Officers were elected and list of business transacted.

SCARBORO JUNCTION. Feb. 2.—(Special.)—The meeting of the Scarborough Junction branch of the East York Women's Institute, held yesterday, was a great success. There was a good attendance. Mrs. Hamlin gave some excellent pointers on "Home Nursing," and Mrs. Bolton prepared some most appetizing egg dishes, while Mrs. Dodd at whose residence the meeting was held, gave an excellent paper on "How to Keep the Boys and Girls in the Sunday School." The meetings will be held regularly on the first Tuesday of each month, and all are invited. Mrs. F. E. Walton is secretary-treasurer.

THORNHILL. Feb. 2.—(Special.)—Court Union, A.O.F., have installed the following officers: C. R. D. Fuller, S.C.R., H. Simpson, treasurer, J. E. Franklin, secretary, A. Pearson, S.W., G. A. Pearson, S.H., E. Carney, J.B., P. Simpkins. After the meeting a banquet was held at which the members and their lady friends spent a very pleasant hour.

A very entertaining and sportsmanlike game of hockey took place here on Monday evening between the Newmarket and home teams, the Thornhill boys placing another game to their credit, by a score of 4 to 2.

NORTH TORONTO.

At a meeting of the executive of the Ratepayers' Association, held to-night, it was decided to discuss at the next meeting on Saturday night, the question of heat, light and power, with respect to the Hydro-Electric. The suggested action is to have a board of health, and their contemplated plan to disallow septic tanks, will also come under the consideration of the members of the association.

There will be a congregational meeting of the members of the Methodist Church to-morrow night, and the public school board will meet in Eglington school on Thursday evening.

EAST TORONTO. Feb. 2.—(Special.)—The funeral of the late Dennis O'Connor took place to-night at 8 o'clock, the service being taken east on the early morning G.T.R. train. Prior to the forwarding of the remains on the train, services were held in St. John's Roman Catholic Church.

The pallbearers were Mr. Brownie McMillan, Mr. P. P. Handy and Mr. Mills. The chief mourners were the widow, three sons and a daughter.

NEIGHBORS GOOD TO HIM

Fix Up Damaged Home of Man Who Suffered by Gas Explosion. GALT, Feb. 2.—(Special.)—Mrs. R. Carrick, a widow, was found dead to-day by her son, James. The Commercial Hotel at Hespeler was burglarized last night. The finding of the coroner's jury is that the fatal gas explosion at the Easton home, which directed attention to the Dominion Natural Gas Company is responsible. Suits for heavy damages will be entered by survivors of the three victims, and it is said leading citizens have subscribed funds to aid the claimants. Neighbors of James Bastin, whose wife and daughter lost their lives yesterday, and who had been working on the details and figuring the cost, he had quaked at the expense. However, he felt that something should be done to remedy the situation.

ONTARIO FRENCH-CANADIANS

Will Ask for Increased Facilities for Bilingual Schools.

A movement is on foot in the French settlements of Ontario looking to better facilities for the teaching of the English language to French pupils, and it is probable that a bill will be introduced at the present session embodying the required legislation. It is reported that a deputation from Eastern Ontario will shortly wait on the minister speaking to the House of Commons, to which Sir James replied that no reports had been called for as yet, but he had discussed the subject with the department's engineers and others. Sir James Whitney referred scathingly to the following comment which appeared in "The World" yesterday, speaking to "The World," that owing to the inability of English teachers to converse fluently in French, the instruction was largely lost so far as the French children were concerned. "The French in order to teach them English as well as other subjects, and the aim is merely to supply bilingual teachers to districts needing them."

Failed to Shovel the Snow. There were 37 snow cases in the afternoon court yesterday. The cases were settled out of court. Among those who appeared before the magistrate and were fined one dollar without costs was P. C. L. Harris, managing director of the Toronto Humane Society.

"What is the alternative?" asked Mr. Harris when he heard the fine imposed.

"Ten days in jail with hard labor," answered the clerk of the court, "but his worship might make it without hard labor if you wished."

"It's an imposition," said the Humane Society official as he walked over to pay his fine.

Very Amateur Sleuth Sentenced. Hamilton Knox, a youth, with black Clever instincts, was fined \$40 and costs or three months in the Central by Magistrate Denison yesterday on the charge of vagrancy. Knox has been to mass himself off on the public as a relation to one of the well-known detectives. He fled this scheme both at St. Michael's Hospital and in the waiting room of the R. Simpson Co. and not away with it until caught. He had also to face the charge of picking the pocket of Zed Galsby, who declared that Knox was the one who received him of \$10. The case was adjourned to allow the accused to get witnesses.

Australia Wants Settlers. LONDON, Feb. 2.—(C. A. P.)—A despatch from Melbourne says the Victorian Cabinet has adopted a scheme for settling 40,000 British and American agriculturists on irrigation blocks within two years. It will be arranged that special steamers will transport farmers and their families at low fares.

Loss of Life in Storm. CHRISTIANIA, Norway, Feb. 2.—Heavy loss of life has occurred among the fishing fleets that were caught out the storm-swept coasts.

Veteran of '66. Samuel Edward Bailey of 86 Power-street, who died on Tuesday, aged 67, was a member of the 66th Regiment of Foot, and of L.O.L. 312, which will have charge of the funeral, which takes place at 2:30 this afternoon.

FAULTY ACOUSTICS OF LEGISLATIVE CHAMBER

Many Members Have to Read the Papers to Find Out What Has Been Done.

The remodeling of the present legislative chamber, or the construction of a new one, probably in the west wing of the buildings, was foreshadowed yesterday when the house launched into a discussion of the acoustic properties of the chamber and the inability of members sitting remote from the speaker to hear and take part intelligently in the debates. J.W. Johnson (West Hastings) started the discussion by announcing that he was obliged to depend largely on the morning newspapers for his knowledge of the previous day's proceedings in the house. He ventured to suggest that not half the members were able to follow the proceedings intelligently. To meet the difficulty he suggested that the gentlemen occupying the "seats of the mighty" in the present position be dislodged from the present gallery in the south end and moved farther towards the centre of the chamber.

Replying to the member, Sir James Whitney said the subject was not new. He was well aware of the poor acoustic properties of the chamber and the matter of rearranging the interior had already been under consideration. He had thought of rearranging the benches in four rows on each side of the speaker, instead of three, and of shortening the room by moving the speaker's and reporters' galleries on a few feet. He thought, would accommodate eight rows in place of six without crowding or requiring any more floor area. He had been assisted by officials of the works department, but if the two public galleries were similarly moved towards the centre the architectural appearance of the room would not suffer by the general change. This gallery had been proposed a year ago, but after working out the details and figuring the cost, he had quaked at the expense. However, he felt that something should be done to remedy the situation.

Build a New Chamber.

"Why not take the bill by the horns and decide to construct a new chamber in the western wing," said D. J. McDermott (Liberal, of East Ottawa). He pointed out the present chamber had disadvantages which could not possibly be overcome, and should be converted into office space. The present chamber being rebuilt since the fire given over to a chamber constructed in more modern and convenient lines. Sir James replied that that point had also been considered, and whether the suggested re-arrangement of the present chamber referred to by the premier had been based on the acoustic properties of the chamber, which Sir James replied that no reports had been called for as yet, but he had discussed the subject with the department's engineers and others.

NICKEL "TRUST" DEFENDS

Manager of Canadian Copper Company Appears at Ottawa. OTTAWA, Feb. 2.—The other side of the story was told to the mines and mineral committee of the commonsense "Mr. Studholme" in the morning in regard to the nickel industry. A. G. MacKay, manager of the Canadian Copper Co., gave evidence, telling of the amount of work given by his company. They employed 4000 to 5000 people, supported from 1900 to 2000 men, and afforded 500,000 tons of freight to the railways. All these things would be jeopardized if an export duty were placed upon nickel.

Mr. MacKay, N.E.B., made a strenuous attack upon the newspaper attitude towards the industry. He deplored the fact that a monopoly of nickel had been established in the province of Ontario, and would sell to-day for \$32. He invited the whole committee to go with him to see what was one of the world's greatest industries.

Death of W. P. Tweedy.

William Ponsonby Tweedy, one of the oldest and most respected residents of Toronto, died at the family residence, 219 Sherbourne-street, yesterday, at the advanced age of 85. His father, who was one of the Ponsonby family, well-known in Ireland, came to Canada from Westford, Ireland, 25 years ago. He had married Miss O'Sullivan, daughter of Colonel Osborne, who came from Dublin, Ireland, and settled in Brockville. They had ten children, nine of whom are living. Six children reside in Toronto. The late Mr. Tweedy was a member of the Church of England, a Conservative, and a life-long friend of the late Hon. R. Gwyn, the founder of Orangeism in Canada. Mrs. Tweedy predeceased her husband two years ago, and he will be buried by her side in St. James' Cemetery.

Burned With Nitric Acid

While carrying a bottle of nitric acid down the stairs in the Toronto Engraving Company's building in Bay-street yesterday William Russell, aged 17, of 122 Beatrice-street, fell and the acid was spilled over his face and arms, burning him painfully. He was taken to St. Michael's Hospital.

Cohen Still in Dures.

PHILADELPHIA, Feb. 2.—Another attempt to secure the release from prison of Ferdinand Cohen, the waiter who is accused of kidnaping Robert DeLoon, the 15-year-old heir of this city, failed again to-day. Miss DeLoon, who has been in a hospital since her return from Atlantic City.

Balling to Have Counsel.

WASHINGTON, Feb. 2.—Secretary of the Interior Ballinger at last, after much persuasion, has decided to employ counsel to appear before the Ballinger-Pinchot congressional investigation committee to defend his side of the case.

Open Air Horse Parade. The annual meeting of the Toronto Open Air Horse Parade Association will be held on Thursday, Feb. 3, at 4 p.m., in Room G, King Edward Hotel.

WHEN YOU BUY REAL ESTATE

You buy something that you know to exist, something that must inevitably increase in value.

Why do all rich men invest in REAL ESTATE? Because they know it is a SURE INVESTMENT, and they will have SOMETHING TO FALL BACK ON if their other investments fail.

NEW LISKEARD

Real Estate is one of the best investments of the kind on the market to-day.

I am offering some choice lots in this live town at very reasonable prices.

Let me send you a list of the properties I have together with a plan of the town showing locations.

WAGE INCREASES REFUSED.

NEW YORK, Feb. 2.—Sixty railroad representatives of 32,000 firemen of the rejection of their demands for a 30 to 25 per cent wage increase and other concessions. The railroads are willing to arbitrate the wage question.

Escaped From Train.

A 15-year-old boy, who was in charge of Constable Hunter of Hamilton, was taking him to the Mimico Industrial School, jumped from the G. E. R. train, due at 10:15 a.m., near Port Credit yesterday, and escaped. He went into the toilet room, pried open the window and leaped from the moving train. Both the Toronto and Hamilton police are looking for him now.

Tender Throat, Hoarseness

The Only Scientific Method of Cure That Doctors Freely Recommend is the Inhalation of "Catharhazone."

Do you know that an inflamed condition of the throat affords the necessary conditions to develop quickly the germ of consumption. The medical world asserts positively that the infection of the majority of consumptives is caused in this way. Is it wise to allow this condition to continue? Can anything be of more serious import in relation to Catarrhazone than your health? We want you to know about Catarrhazone. It is a throat and lung healer. Catarrhazone, you know, is a germ disease. Catarrhazone is made of balsamic and healing oils distilled from leaf and bud. It is the power of destroying germs that maintain Catarrhazone conditions. You know gargling has done you no good, it can only temporarily relieve. It cannot destroy the germs that cause the disease. Now Catarrhazone is a medicine you breathe. You do not take it. The air passing through the Catarrhazone inhaler becomes laden with a healing, germ-destroying vapor. The most important thing to remember is that Catarrhazone is a radical remedy. It does not consider symptoms. It goes directly to causes. In five minutes notice how it soothes, how easy expectoration becomes. In a day or two its remarkable healing and curative power will be demonstrated. Catarrhazone exterminates the inflammation and nasal passages. Get Catarrhazone to-day. Complete outfit costs \$1.00, and is sufficient for three months' use. Smaller size 50c, all dealers or the Catarrhazone Co., Buffalo, N.Y., and Kingston, Canada.

Breath

PHILADELPHIA, Feb. 2.—Another attempt to secure the release from prison of Ferdinand Cohen, the waiter who is accused of kidnaping Robert DeLoon, the 15-year-old heir of this city, failed again to-day. Miss DeLoon, who has been in a hospital since her return from Atlantic City.

JOHN BURNS IMPRESSED BY PLUCK OF FRENCH.

PARIS, Feb. 2.—John Burns, president of the British Local Government Board, who came from England to examine the food situation here, paid a tribute to the great work performed by the relief organizations.

He said to-day that he had been particularly impressed by the splendid courage displayed by the poorer classes in the inundated districts.

Toronto Man Will Build It.

Alberta's new railway, the Alberta and Great Waterways system, is to be built by F. S. Darling of Toronto. He will start for the west soon. The line is for the provincial government and will run from Edmonton to Fort McMurray, a distance of 350 miles. Fort McMurray is at the head of the navigable waters of the Mackenzie River, and from there boats can run to the Arctic Ocean.

36,000,000 Eggs in Cold Storage.

NEW YORK, Feb. 2.—New Jersey, mother of the Beef Trust, has taken the business conduct of her child before a grand jury investigation, and developed at once that while New York was suffering from an egg famine that sent prices to 40 cents a dozen, the packers had held out of the market in one concern alone 36,000,000 eggs. These eggs were kept in cold storage in Jersey City, ready to be dumped into the New York market as the price prompted.

The County Orange Lodge of St. John, N.B., has declared in favor of an offer of Dreadnoughts. A movement has begun at Chatham to establish a Y.M.C.A.
