THE EVENING TIMES

CLEAN NEW SHOW AT TICKET TODAY

At five cents a head the statistical fam-
ily of five can see one of the best shows
ever put on in St. John for a quarter dol-
lar in the Nickel Theatre today and to-
morrow. This is cheap entertainment of
a high quality not enjoyed in many places.
Sticking to its policy of pure pictures and
pleasing musical features this large house
will today present the song-novelty "Red-
head," one of the cutest numbers of the
year; something that every man, woman
and child can appreciate. It is a fine bit
of character work and every motion of the
singer and work of the writer is true to
life.
Robert Buchanan, whose unquestioned
refinement as a concert vocalist is generally
understood, will sing Jocelyn's Lullaby,
known to music lovers as a charming melo-
dy, Miss Gertrude Holmes has a new song
of the New York type. Miss
Jennie Evans will sing a ballad of simple
melodious intonation, "Let's Go Back To
Childhood Days" and the orchestra has
prepared a list of selections including ex-
cerpts from reigning musical comedy suc-
cesses, standard overtures and medleys.
Then comes the picture programme with
such magnificent film stories as "Car-
touche" the tale of a merry French brig-
and of many years ago, "Women's Intrigues"
of melodramatic quality and a roving
up-to-date comedy, "Mr. Physicist Culture".
The Nickel continues to enjoy the patronage and confi-
dence of the best people here. John and
his permanent efforts to cater directly to
wholesome entertainment are evidently ap-
preciated.

THE BIG COLLIER SHOWS ON TONIGHT

Prominent among the strong acts that
will be presented here by the Collier's
Co. Shows at the Victoria Rink tonight
are Manchester's Ponies, a troupe of eight
equine beauties who have been brought to
the highest state of perfection known to
animal training. They are said to do every-
thing but talk and go through their tricks
and evolutions without any direction what-
soever.
Another strong feature is the marvelous
performances of Orville and Frank in an
act with the ladder perch. The four
Nichols a troupe of tight wire walkers who
give an exhibition of the most unique feat
in the history of the circus. Their perfor-
mances are said to be diversified
enough to suit the tastes of all classes of
amusement seekers and they are espe-
cially within the reach of everyone.

INDIAN PICTURE AT THE STAR THEATRE TONIGHT

Tonight, at the old, cosy Star Theatre,
north end, the sensational western film-
story, "The Indian Trapper" will be shown
for the first time in St. John. No exciting
Indian picture yet produced is as engross-
ing as this and it is doubtful if the people
will be satisfied with merely a two days'
exhibition. Three sensational pictures
and Al Weston's songs. Orchestra Tues-
day.

DANIEL RYAN COMING TO THE OPERA HOUSE

Daniel Ryan and his excellent company
are booked to appear at the Opera House
on Dominion Day. Three sensational pic-
tures in a play new to St. John theatre goers-
L'Habitant.
The play is one that appeals to all and is
of great interest to Canadians. Mr. Ryan
and his company have met with great suc-
cess in this great play on his upper Cana-
dian tour.

TWO WARM DAYS

Mercury Reached 80 on Sat-
urday and Yesterday Went
to 78.

Saturday and Sunday were certainly two
of the warmest days this summer and it
was difficult to keep cool anywhere. The
mercury yesterday climbed up from 62 de-
grees to 78 degrees. On Saturday it was
even warmer.

D. L. Hutchinson, director of the met-
eorological bureau, said that the highest
temperature that, on Saturday, according
to the observatory, was 80 degrees above,
but that the thermometer in various parts of
the city showed a still higher reading.

There were not a great many in Rock-
wood park on Saturday and the few who
were there, seemingly disinclined to move more
than was necessary. It became a little
cooler, however, towards evening and
many sought the shade of the trees.

In the evening King Square and the old
burying ground were favorite resorts.
Every bench was occupied with groups of
all ages enjoying whatever coolness was
to be found there. In the old burying
ground many family groups of fathers,
mothers and children of all ages sat un-
der the trees where they remained till well
into the night. The conditions yesterday
were made all the more oppressive by the
absence of wind.

On Saturday evening Joseph G. Isaac, a
teacher in Beady's brewery, was taken
from his home 106 Brussels street in the
ambulance to the hospital where an opera-
tion for strangulated hernia was performed
the same evening. It was reported last
night that he was doing well.

ROCKS AND ROCKS.
"He is said to be worth a good deal
of money."
"1 know that he has a rocky reputa-
tion."

LIBERALS WILL MEET TONIGHT

County Convention to be Held
in Berryman's Hall to Select
a Candidate - Mon. C. W.
Robinson Will Speak.
All signs point to a most successful con-
vention of the Liberals of St. John county
in Berryman's hall this evening at 8
o'clock for the purpose of nominating a
candidate to contest the county against
J. P. Mosher, the nominee of the Conser-
vative party.
The parish meetings, at which delegates
were chosen, showed a strong interest in
the forthcoming election and none feel any
doubt that when the trial of strength
comes the tradition of St. John county
will be creditably upheld, and the Liberal
candidate will go in by a big majority.
There will be several speakers at the
convention tonight, including Hon. C. W.
Robinson, the leader of the local opposi-
tion. A number of names will likely be
considered by the convention, but the
feeling is that whoever is chosen as the
candidate is assured of the hearty support
of every Liberal in the constituency and
of victory.

GRAND FALLS PASTOR IN A ST. JOHN PULPIT

Rev. H. C. Fraser, M. A., of Grand
Falls, preached at both services in St.
Matthew's Presbyterian church on Sunday
and dispensed the sacrament of the Lord's
Supper at the morning service.
Mr. Fraser recently graduated from Pine
Hill College, Halifax, and was ordained
only about four weeks ago.
His sermons were excellent from a liter-
ary standpoint as well as in delivery. His
familiarity was particularly clear and dis-
tinct. In addition, his earnestness im-
pressed all of his hearers and a bright
future was predicted for him.

QUEEN STREET FIRE

The fire departments responded to an
alarm from box 38 on Sunday morning
about 2 o'clock for a fire in the house at
222 Queen Street, occupied by Edward
Jones and Henry Brandy. On the fire-
men's arrival they found the outside of
the east end of the house in a blaze, but a
stream of water soon confined the fire to
the peak and this, too, was soon extin-
guished. Considerable chipping had to be
done to get at the fire between the walls.
The building was a light wood two
storey one. After half an hour, or so of
work the last trace of fire was extinguished.
The water supply was poor, consequent
on the trouble at Marsh bridge. There is
talk of a suspension of incineration in con-
nection with the fire.
