What's the Value of Your Life?

Every man's life has a certain definite commercial value based upon the income he is able to earn.

What is the value of your life? Let us assume it to be \$15,000. This amount at 6% will produce a yearly income of \$900. So you see \$15,000 is not an excessive valuation. Now, if you owned a building worth \$15,000, would you insure it to indemnify yourself against its loss by fire? Of course, you would. And yet the building may page burn

But have you taken the same precaution to protect your dependents against the loss they would sustain in the cutting off of your life by death? And sooner or later that is sure to happen.

If your life is not insured for the value you place upon it, write to-day for our free booklet "The Creation of an Estate." Tomorrow you may be uninsurable. THE IMPERIAL LIFE
