**FATALITY AT WEST END DOCK**

Arthur J. Boddington Falls To Death in Hold of Marina

Arthur J. Boddington was almost instantly killed this morning by falling into the hold of the Donaldson line steamer Marina at No. 4 berth, West St. John, loading docks. He was engaged with the longshoremen when he was struck by a sliding of deals and precipitated into the hold.

Mr. Boddington, the forty-three year old, and resided at 94 Protection street, West St. John. He formerly worked with John A. Bowers and later with the Brown Paper and Box Company, and was well known. He is survived by his wife, a daughter of Conrad Cole, of Red Head, three boys and two girls.

The funeral will be held on Sunday afternoon at three o'clock, from his late residence.

**ST. PETER'S Y.M.A. HAVE HAPPY ANNUAL RE-UNION**

Varied Programme Provides Interesting Hours For the Members

The members of St. Peter's Y. M. A. held their annual reunion last evening in St. Peter's hall, Elm street. A large number of members were present and thoroughly enjoyed the programme.

Following a selection by St. Peter's Y. M. A. orchestra, President Bernard McGovern delivered an eloquent address dealing with the activities of the association during the last year. He also spoke of the plans for the summer months, which included a baseball league and a summer camp at Chapel Grove.

The address was followed by a duet by Masters Moore and McGarrigle. A vocal solo was then given by Edward Hansen, after which the feature event of the programme was carried out, a wrestling match between Andrew Mathew and George Brooks. The wrestling was catch-as-catch-can style and the exhibition lasted a half hour. Both contestants showed skill and endurance and at the conclusion were warmly applauded for their good work.

George Leland of Acadia acted as referee to the satisfaction of all concerned.

A violin solo by Maunell O'Neill was appreciated, after which Stephen C. Harley entertained with readings, which were greatly enjoyed. The Behning brothers gave an acrobatic exhibition that captivated all. A vocal solo by Robert Butler called forth much appreciative applause, and a trombone solo by Spurgeon McBride was well received.

Rev. Charles McCormick, C. S. S. R., rector of St. Peter's Church, gave a short address, and Rev. Joseph Bergmann, C. S. S. R., spiritual director of the society, was also heard in an eloquent address. He touched on the workings of the society during the season and dwelt at some length on plans for the future. Both speakers received a hearty round of applause. A selection by the orchestra, under Director Eugene McBride, brought the programme to a close.

**OLD TIME SCENE IN HALIFAX HARBOR**

Five Barks Sail in to Load Deals For England

(Halifax Echo, Wednesday)

An example of the way in which sailing vessels, square-riggers included, are benefiting from the prevailing high rate of freight was given in Halifax harbor yesterday afternoon when three large Norwegian barks from across the Atlantic sailed majestically into the port. All three ships, with all square sails set, waited merely along by a westerly breeze, made their way to anchorage with as much ease as if they were yachts manoeuvring for the start of a race.

Before night fall Camperdown reported that a fourth bark had passed Chebucto Head bound in and tugs went out to meet her and early last evening another square-rigger was reported about five miles off the Head. Five barks coming into Halifax in about as many hours is sufficient evidence of the great boom that the war has caused for sailing ships. All five vessels have come here to load deals for England. As each ship came in she was passed by the Norwegian bark Cimba, which lumber laden, went to sea and before the sun had set she was under sail and away for England.

All three barks are to Furness, Withby and Co., Ltd., and will load lumber for John E. Moore & Co. of St. John.

The bark Cimba which sailed yesterday is loaded with 447 standards deals shipped by Colin Tyrer. She will go to the River Mersey for orders.

The fourth ship to arrive was the Norwegian bark Acolus from Bristol. She also is to Furness, Withby and Co., Ltd.

**CONCERT LAST NIGHT**  
The members of the Street Railway Employees' Union conducted a successful concert in Temple building last night. The hall was crowded, and a fine programme of varied numbers was enjoyed. The proceeds were in aid of the union.

**TO SUSSEX ABOUT MIDDLE OF MAY**

That is Report Now in Connection With 55th Battalion

Further information that the 55th Battalion will be mobilized under canvas at Sussex in the early summer was contained in yesterday's issue of the Sussex Herald, which said that it had received information from Ottawa that "it had been definitely decided to quarter the 55th Battalion there. The men will continue to train at their respective quarters until May 15." The Herald also repeats what was contained in the Times some days ago that the Mounted Rifles might be transferred from Amherst to Sussex. At the local headquarters of the battalion yesterday, it was said that they had no word on the possibilities of a change in the arrangements.

No men were signed with the battalion today. In St. John, Capt. G. Gardner, medical officer, is in Frederickton conducting examination of the recruits there. The thirty-five men of the composite battalion in Halifax, who were taken to the capital yesterday, are quartered in the exhibition building there, making the total of 55th members at Frederickton, seventy-eight up to yesterday.

**Construction Corps**  
The Canadian Railway Construction Corps are now up to full strength. Company day extended order, etc., are being continued.

**To Qualify**  
Two officers and two sergeants of the 3rd Regt. C. A., who have been doing garrison duty on Partridge Island, will leave this evening for Kingston, Ont., to take a six weeks' course in qualifying for rank. The officers are—Lieut. W. H. Dobble and Lieut. W. Gordon Kerr, and the sergeants, Sergeant R. C. McEveling, and Sergeant H. Preston.

**Local War Notes.**

Captain Woodbridge arrived at Frederickton yesterday from Halifax with thirty-three men to join the 55th Battalion.

Private Walter Murphy, a native of Norton, who is in the 5th Battalion of the first Canadian contingent, writes his cousin, Miss Nellie Ryan, of the Provincial Normal School "We have not been in any beyond changes, but have reason to expect one soon."

Archie McKinnon of Sussex was with the Princess Patricia's in the trenches on March 22nd.

Leak, Rufus P., of Sussex, wrote on March 28, describing life in the trenches. They were on the edge of the battle of Neu Chapelle. Writing again on April 17, he told of resting for a week in a town on which five bombs were dropped during the day. Their total casualties for two months had been nine killed and fifteen wounded. He spoke of receiving a letter from home, which his men greatly needed. In his first letter he wrote of sleeping in a bed. He touched on the work of the children in Amherst on Wednesday 2,000 school children lined Victoria street, to review the men of the 5th and 22nd Battalions and the 22nd Battalion. After the soldiers had marched through they opened ranks and stood at ease while the children counter-marched down Victoria street. It was an inspiring scene.

**Whiskey Heart on North Shore.**

The ninety-three recruits at the exhibition building were given their final medical examination on Saturday by the regimental surgeon, and seventeen of them were rejected. Defective eyesight and whiskey heart were the causes.

**Recruits at Sussex.**

The recruits for the 55th Battalion uniting at Sussex, have received their uniforms and other equipment. They are an able looking lot of men.

**DO AWAY WITH SHARP CORNER AT MARKET SQUARE**

Street Railway Work to Change the Tracks There

Preparations are being made to commence work on the improvement to the street railway tracks in Market Square at the foot of King street. It is the intention of the railway company to replace the present tracks at the intersection in such a way as to do away with the sharp curve which now exists. When the change is made there will be only a slight variation from the straight line down King street and across the square to Dock street and the turn from Prince William street will be much less abrupt. The new arrangement will have several important advantages and will be welcomed by the public. Much of the required material is now on hand and the work will be started at an early date.

**STRIKE NOT FAVORED HERE**

Whether a few men on the I. C. R. go out or not will have no effect locally was the general opinion among local members of the railway unions today. They are said to have no sympathy with the idea of a strike during the war, and that in fact several are of the view that the grievances of some concerned could be easily adjusted without further trouble.
