## DYSPEPSIA OVERCOME

Tone Up the Stomach with Hood's Sarsaparilla.

When you have dyspepsia your life is miserable. You have a bad taste in your mouth, a tenderness at the pit of your stomach, a feeling of puffy fullness, headache, heartburn, and sometimes nausea.

Dyspepsia is difficult digestion—that is what the word means—and the only way to get rid of it is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla, sold by all druggists, is the one medicine which acts on the stomach through the blood and also directly. Its beneficial effects are felt at once. Improvement begins immediately.

Hood's Sarsaparilla purifies the blood, makes the rich red blood that is needed for perfect digestion, and builds up the whole system. No other medicine can take its place.

The matinee will start promptly at 2.30. Prices will be 50c. for the entire orchestra floor and 25c. for the balcony. Tickets are now on sale at the box office.
