Table with columns for player names and scores. Includes Canadian Oil, Wyman, Miller, Brown, Casack.

Table with columns for player names and scores. Includes Imperial Oil, Flewelling, Reid, Durcan, Garnett, Patterson.

SKATING. New Risk For St. Stephen. A new skating rink is to be erected in St. Stephen by a company formed three years ago.

RING. Dempsey Must Pay. Hamilton, Oct. 25.—Jack Dempsey was notified by C. S. Walters, Dominion inspector of taxation that, in accordance with Dominion law, he would have to pay a tax on the income received from public appearances in Canada.

Bogash Wins From Reed. New York, Oct. 25.—Lou Bogash of Bridgeport, Conn., was awarded the decision over Pal Reed of Boston, in a 12 round bout last night.

GOLF. Golfer Fractured Leg. Providence, R. I., Oct. 25.—After making a perfect drive from the third tee on the golf course at the Silver Spring Country Club here, Daniel McWilliams, vice-president, a salesman, crumpled and fell to the ground with a groan, both bones of his right leg fractured between the ankle and knee.

60 ANIMALS BURNED IN ZOO. Lions, Bears, Pumas and Others Perish in Kansas City. Kansas City, Mo., Oct. 25.—Approximately sixty wild animals perished in a fire which destroyed the animal house of the Horne Zoological Arena Company, near Independence, Mo.

After the blaze had consumed the building, bodies of lions, bears, pumas, baboons and African porcupines were found. As no cries were heard, it is believed the animals were suffocated before the fire gained great headway.

THIRTY YEARS AND TWO IDEALS. Will the World be Dry in Twenty-five Years? A Striking Article—It Has a Bearing on the Prohibition Conference to be Held in Toronto November 24-'20 This Year.

Recently the Anti-Saloon League of America entered upon the thirtieth year of its existence and activity. Rev. Dr. Howard H. Russell, attending a luncheon in his honor, was presented with twenty-nine roses—each rose marking a year since he conceived and organized the Anti-Saloon League at Oberlin, Ohio, May 24, 1893.

Another address accompanying the presentation of the roses, was made by Dr. Ernest H. Cherrington, who is not only an official of the Anti-Saloon League, but also general secretary of the World League Against Alcoholism.

Dr. Cherrington spoke of the great accomplishments of the Anti-Saloon League for the past twenty-nine years and the promises of the future.

Dr. Russell and Dr. Cherrington are dreamers. Dr. Russell dreamed of the time when the United States would be free from beverage liquor traffic. He put that dream into realization through the organizing of the Anti-Saloon League and year after year was able to gather about him men and women who could translate his vision into action.

It did come to pass in less than a generation and at the beginning of the thirtieth year of the league's history Prohibition is firmly fixed in the American Constitution and there are well directed and organized efforts to enforce it.

The thirtieth year in Doctor Russell's mind can well be devoted to finishing the job which was so nearly finished when on January 16, 1920, the Eighteenth Amendment became effective.

In June, 1919, at Washington, D. C., Doctor Cherrington, assisted by representatives of reform organizations in a score of countries, began the translation of his conception of a dry world into action.

Because of the need of stronger efforts for law enforcement and because of passing through the reconstruction period, intense activity of the World League has not been carried on in the three years that have elapsed since it was organized. It is true, a great deal of work has been done in the sending abroad of men like Pius Josef Johnson, but it has not been possible hitherto to call an international conference of the World League. Dr. Cherrington says, however, that the time is ripe for a conference and that this is the psychological moment to start the great world movement for sobriety. He is therefore arranging the convention at Toronto, November 24-29.

It was given to Doctor Russell to conceive the organizing of the Anti-Saloon League to put America dry. It was given to Dr. Cherrington to head

WEDNESDAY PALACE THURSDAY

WILLIAM FARNUM in Shackles of Gold. 1922 screen version of HENRI BERTHOUD'S great society play 'SAMSON'.

He raised himself from dock laborer to wizard of finance. He was married, but not mated. Fate finally turned to love at the end.

He broke the stock market and himself in order to ruin the man who loved his wife. She sold herself for gold to satisfy her parents' ambition.

GOLF PROS. BID ADIEU TO U. S. Duncan and Mitchell Sailed for Home—Not Returning to America in 1923.

New York, October 25.—After establishing for the second consecutive year an excellent golf record, George Duncan, former British open champion, and Albe Mitchell, his travelling partner, sailed for home last week on the Homeric. During their sojourn here they competed in fifty-two matches, out of which they won forty, halved two and lost only ten.

Before sailing they paid a high tribute to American golf by agreeing to sponsor their countrymen to a more stubborn defence of the British open championship trophy in the future.

Americans and American golf and golfers are wonderful and we like them one and all," said Duncan, as spokesman. "They have been good to us. If we have spread the gospel of a true golfing spirit by our play and actions on the links we are well satisfied indeed. We are going back to England to stir up a little more enthusiasm so

that the famed old British cup will stay at home in 1923."

Each is taking back with him a minor championship title. Duncan, in a field that contained nearly all of the best professionals, won the Western New York State championship with a score of 281, leading the second man, Hagen, by three strokes. Mitchell was fourth in the same tourney. Abe, after a tie with Lee Diegel for the Southern open championship at Nashville, led on a 99-hole playoff by three strokes and received the championship medal. Duncan finished in a tie for fourth. He finished fifth in the United States open championship at Skokie.

In their exhibition matches here they were only twice defeated by teams composed of two professionals. Two of their defeats were by amateurs and the other five by pro and amateur combinations. They met Hagen and Kirkwood three times in the course of their travels and won on each occasion. They also twice defeated Taylor and Hershey two fellow-countrymen, who made an American pilgrimage this year.

One of Mitchell's greatest records was five consecutive rounds under 70 at Muskogee, Lakeside and Nashville, with a 65 at Lakeside which contained twelve holes under par over a course he had never seen before the day of the test. His grand average for the 102 rounds of golf played here was 72.7. Duncan's average over the same distance was 73.

MATTERS BEFORE COMMON COUNCIL. At a meeting of the common council yesterday afternoon it was decided to advise the railway commissioners of Canada that the city does not intend to be a party to any expenditure which may be made in the reconstruction of the C. P. R. overhead bridge in Chesley street. It was also decided to advise the controller-general that the city would not bear the cost of furnishing the employment bureau and it had been understood distinctly that the city would not be liable in this respect. Commissioner Bullock gave notice that he would bring in a draft of a by-law to limit speed in the Rodney wharf. Reference was also made to the bad condition of the N. B. Power Company's section of the wharf. A communication was read from Judge J. R. Armstrong regarding drainage in King street east. The judge complained that water ran out of people's yards

between Wentworth and Pitt streets and in the winter time was very dangerous as the sidewalk was often very muddy. The matter was referred to commissioner of water and sewerage and referred to the mayor; that the request of the Western Union Telegraph Co., Power Company for lighting amounting to \$9,016.89 was credited to the city and that two lights be erected in Dufferin avenue. The report of the committee of the whole was adopted without dissent.

The report of the committee of the whole was adopted without dissent. The following recommendations were contained in this report: That a sewer be constructed to serve Kitchener and Barker streets, provided property owners give a free right of way to the city;

that the tender from Vase & Co., Ltd., for blue serge be accepted; that the communication from E. A. Schofield concerning Musquash wood be referred to the mayor; that the request of the Western Union Telegraph Co., Power Company for lighting amounting to \$9,016.89 was credited to the city and that two lights be erected in Dufferin avenue. The report of the committee of the whole was adopted without dissent.

Miss Sadie Cough, Miss May Betts, Miss Alice Finley, Miss Ruth Kerrigan and Miss Mary Clark. A dainty supper was served at the close of the afternoon session.
