PLOUGH PUT ABOVE PULPIT Too Many Ready to Preach, Says Vice President Marshall

"Too many persons who see the sign 'P. C,' in the heavens think it means 'Preach Christ' when it means 'Plough Corn,' "said Vice President Thomas R. Marshall Sunday in addressing 20,000 persons who had gathered at Mooseheart, Ill., to attend the laying of the corner stone for a great industrial school and home for orphaned children and the aged. The institution is to be erected by The Loyal Order of the Moose.

"Out of the superior educational advantages of today," the vice president said, "one unhapy corollary has developed. A vast army of persons whose labors would make for the industrial advancement of the nation have conceived themselves fitted for fancied nobler pursuits, and thus the progress they would have made in the work they are fitted for is lost."

BASEBALL Why Game Was Transferred

In reference to a report that Fredericton may protest Tuesday's game here between St. John and St. Croix on the ground that the game was being transferred to St. John without the consent of the other members of the league, Frank Leonard, manager of the Greeks, was interviewed in Bangor by the Commercial. He said that the transfer was really a business proposition and nothing else.

ing else.

"They are not drawing very well down to Calais and St. Stephen," said Manager Leonard, "and there were four games scheduled there this week, Monday and Tuesday with St. John and Friday and Saturday with Fredericton. That is too much for them. The attendance is not large enough to warrant that number, so we thought if it relieved the burden of two games it would be a help to the St. Croix club. It was to play in Fredericton Thursday, anyway, and that meant a saving in the expense in making the jump. It was only a business proposition, but you can't get the Fredericton team to look at anything in a business light.

The benedicts of the East End League won out after a very one sided contest from their younger and unattached brethren last evening. The final score was 11 to 0. George Duplissea of the married contingent was the star of the evening shining over a large section of territory. Case and Golding were the battery for the winners, McDonald and
