Only the cream of the Manitoba hard wheat—the best wheat in the world—is used for PURITY Flour. More than that, only a portion of the flour milled from this wheat goes into the sacks and barrels branded PURITY. PURITY Flour consists exclusive-ly of the high-grade constituents or portions of the Manitoba hard wheat berry.

Every wheat berry has both low-grade and high-grade constituents which are separated during our process of milling. So exact is our process that it entirely eliminates all the low-grade portions from the flour which is finally branded PURITY PURITY.

The greater strength of PURITY Flour makes it go farther in the baking. With it you can make
