steamers of the C. G. M. M., on four of which he already holds an option. In company with his marine superintendent, Mr. Thom, he inspected the Canadian Logger, Canadian Harvester, Coaster, Gunner and Beaver, and expressed himself as well pleased with the steamers. He intends if at all able to take back with him to Belfast the Canadian Beaver. Most of these ships have been laid up here for some time.

### PROPOSED TUPPER MONUMENT.

At a meeting of the Amherst Canadian Club on Friday evening, the secretary read a letter from President Hainway recommending the club to take action in the erection of a monument in Amherst to the memory of the late Sir Charles Tupper, Bart., and suggesting that other Canadian clubs and provincial and Dominion governments participate; also, in view of his being the father of free schools in Nova Scotia, that the children be given an opportunity to contribute. The suggestion was unanimously adopted.

The United States maintains the largest lighthouse system in the world.

### Exhibition Tenders

Tenders for the various concessions during the Exhibition will now be received by the undersigned. Tenders should be in writing.

# 4 Men in 7 Bald at 40

—91% needlessly, by tests

Our experience shows falling hair most always due to Infected Sebum. Now quickly overcome.

### Costs Nothing

Unless we grow hair. The Van Ess 3-bottle treatment is absolutely guaranteed. You are the sole judge. The warrant is given by your own dealer. All we require is his signature showing you have purchased a ninety-day treatment. If it fails, we refund your money. Hence you assume no risk making this test.

### Note this New Way

—It Massages the Treatment Directly to the Follicles of the Hair

This patent applicator makes hair treatment, at home, possible for the first time. Blood alone revives. Treatment must reach the infected area under the surface. We accomplish it, as the illustration above shows, with hollow nipples of scientifically perfect rubber message-ap which comes with every bottle of Van Ess Hair Grower. The medicament is fed directly to the follicles of the hair. At the same time the flow of blood is stimulated by massage to the hair root.

## Written Guarantee to Grow Hair This New Way—or Money Refunded

This is to offer you, under absolute money-back guarantee, the new Van Ess Treatment, which, under actual tests, grew hair on 91 heads in 100.

It embodies a new principle. A principle heretofore unknown to science. Now high authorities admit baldness may be greatly diminished. For hair roots seldom die from natural causes. And this method revives them. Test it yourself at our risk.

### Hair Roots Rarely Naturally Die

We estimate that 4 men in 7 are bald or partially bald, at 40. Our investigation proves this to be unnecessary. Proves only about 9 men in 100 need ever be bald!

Baldness is a symptom of a disease. Note this fact and mark it. It is most frequently a symptom of infection of the Sebum—the scalp oil.

Remove this Infected Sebum and hair will almost always grow. Under the bald scalp the hair roots are generally alive. We have demonstrated this to be true in about 91% of our cases of falling hair or baldness.

We claim this new method reaches the roots. That it makes hair grow. But the public has often been deceived. So we guarantee it. You take no chance of loss.

### New Hair or No Money

We make our guarantee without reservation—without strings. It is absolute. We guarantee to stop falling hair. We guarantee to grow new hair in 90 days. Sometimes it grows much sooner. But usually this treatment requires about 3 bottles of Van Ess. If we fail, your money back without question.

Note that your own dealer gives the warrant with each 3-bottle purchase. Thus you assume no risk. Over 400,000 men have made this test. It is safe for us thus to guarantee the treatment. For experiments of years have proven it effective to us on 91 heads in 100. Foremost authorities approve it. Noted dermatologists now employ it—some charge as much as \$300.00 for a similar basic treatment.

We offer it in correct form for home use, at the price of an ordinary tonic.

### The Infected Sebum

We have traced about 91% of all baldness and falling hair to infection of the scalp oil (Sebum). Sebum forms at the roots of the hair. Its natural function is to lubricate the hair.

But Sebum cakes on the scalp. It forms a breeding place for bacteria. It clings to hair and destroys it. It lodges in hair follicles and plugs them. Then germs by the millions start to feed upon the hair. Loss of hair soon is marked. Then with neglect comes total baldness.

You can see this Sebum on your scalp, in the form of an oil. Or, when accumulated and dried with other ingredients, as dandruff. But it does not kill the hair roots. Hence when you remove it new hair has a chance to grow. This is a scientific fact—medical authorities will tell you so. You must remove the Infected Sebum.

### Now We Remove It

For years, science has experimented to combat Infected Sebum. We found a 91% effective treatment.

Now we have embodied it in a home treatment. It is called Van Ess Liquid Scalp Massage.

It is applied in a new way—a scientific way. (Note the illustration at right.) It penetrates to the follicles of the hair. It combats the Sebum and removes it. Results are marked. They are quick. It stops falling hair. We have demonstrated that it grows new hair.

We urge you to try this new way. We know the statements we make are amazing—almost incredible, but remember, we back them with an absolute guarantee.

There is a guarantee in the top of each package. Read it first before you buy. Note its fairness. Note that we let you be the judge.

Note the results yourself. Mark the healthy condition of your scalp—the freedom from dandruff. Look in your mirror—see for yourself!

Go today to any drug or department store. Obtain the VAN ESS 3-bottle treatment. With it you will get our signed guarantee. Hence it is folly not to try it.

These two pictures show a cross section of the hair root or bulb and the case which encloses each hair from the root to surface of scalp (sebum). Green infected Sebum causes 91% of baldness and falling hair. Remove it and hair will grow. Illustration A shows Sebum infected hair and B healthy hair.

**LUX**

For the delicate "shimmering" things

THE dainty chiffon-weaves, crepes, and other gossamer-like textiles that seem to have been made by fairy hands, are perfectly safe in Lux.

The rich Lux suds, soapy all through, gently dissolve all dust, dirt or perspiration left on the delicate silken fibres, saving them from the weakening attacks of these destroyers. The thin, satin-like Lux flakes themselves dissolve completely, leaving no particle of solid soap to rot the fine fabrics.

Your dainty things are as safe in Lux as in water itself.

ITS BLACK-TIPPED LACQUER-RED BARREL MAKES DUOFOLD HARD TO LOSE

**How we save you \$3 on the Duofold**

As High as \$2500 in Gold Dust Reclaimed from Factory Sweepings

Even Greater Savings Made Through Large Production

PARKER has been shipping up to 10,000 and 12,000 pens a day in Canada and the States. We could sell more if we could make them—indeed the sales seem boundless. But Duofold craftsmanship cannot be turned on in any quantity like water.

Every tip of select Iridium, for example, is skillfully fused in the extra thick gold point by hand. Then it's polished to a jewel-like smoothness, and this is slow—for this tip is the hardest metal known.

Five times every point is inspected by experts. And each pen filled with ink and written with, before we let it pass.

Equal skill, equal care go into other Duofold parts right up to the last loving touch—the handsome Gold Girdle that reinforces the cap. This Girdle is \$1 extra—now free, due to savings made by large production and efficiency. To reclaim the gold dust, we even wash employees' clothes, and save factory sweepings. Not long ago one rubbish heap yielded us \$2,500 in gold.

Yes, Parker Duofold would cost \$10 or more if made in ordinary ways and small quantities. You virtually save \$3 when you buy it, and get the most economical pen on earth. For we guarantee the point for 25 years—not alone for mechanical perfection—but wear!

No pen is a genuine Duofold unless stamped—"GEC. 2. PARKER-DUOFOLD—LUCKY CURVE." Look carefully and avoid cheapness. Good pen counters will sell you this classic on 30 days' approval. Don't miss it.
