IN ENGLISH QUEBEC.

Mr. Borden Speaks at Bedford and Granby.

Bedford, Que., Aug. 31.—Greeted at the station by Mayor N. A. Pare, who read and presented an address of welcome to the Conservative chieftain, and followed from the station to his hotel by a crowd of people who had been attending the Missisquoi Fair, R. L. Borden and his lieutenants yesterday invaded this town to commence their tour of the Eastern Townships.

Dr. Pickel, the Conservative candidate, declared that if the United States got one foot into our fiscal system they would soon have four feet in it so firmly that they could not be dislodged.

Mr. Borden in opening declared that his recent tours had shown him that Ontario and the West intended to maintain the British connection. He knew that Quebec would do likewise.

"This reciprocity pact is the greatest menace to that connection that has ever dawned on our horizon," said Mr. Borden. "But if I judge aright," he continued, "the dark cloud, together with the evil genii of the Liberal party, will be dispelled on September 21."

At Granby.

Granby, Que., Aug. 31.—One thousand residents of this district stood in the Town Hall last night for two hours and a-half and listened to R. L. Borden and his lieutenants. All the speakers were given a good hearing.

Canadians Are First.

London, Aug. 31.—(C.A.P. Cable.)—The artillery contests yesterday resulted in a handsome victory for the Canadian team, commanded by Capt. Harris of Victoria. Five companies were entered in addition to the Canadian garrison, namely, the 1st Sussex, North Scottish, East Riding, Glamorgan and Dorsetshire. Firing took place at a moving target towed across the sea at a range from 4,000 to 5,000 yards in front of the battery, at a speed of about eight to ten knots. The Canadians won the Prince of Wales' prize with a figure of merit of 685. Second prize went to the Sussex company with 715. The North Scottishmen were credited a figure of merit of 542, giving them third position, East Riding 500. Glamorgan received no marks.

The weather on the whole was favorable to firing and showed an improvement upon that in a similar contest last year, but, excepting that of the Canadians, was only of average merit. The event coincides the principal competitions.

Women Get Prices Down.

Paris, Aug. 31.—The agitation against the high prices of provisions continues and thousands of considerable proportions are reported yesterday from twelve places in northern France.

The usual procedure is for a crowd of women of the lower class to assemble and do their marketing together, carrying large placards upon which are written the prices which the women are willing to pay.

If the shopkeepers refuses to sell his goods at the price offered, the women buy up the entire stock they pitch it into the street.

The manifestations yesterday yields, though in a less violent degree, may result in a strike within our knowledge no dealer is willing to raise the price of his goods.

Fired Sub Fire Chief.

Montreal, Aug. 31.—Sub Fire Chief Martin has been suspended by the Board of Control yesterday after an investigation lasting over an hour. An investigation into the charges against Martin will be held next Wednesday at 3 o'clock.

Martin denies the truth of Chief Tremblay's alleged interview given to La Patrie, in which he protested against the system of hiring firemen. He is said to have said that bookkeepers and clerks were given positions as firemen in preference to practical men who could handle horses and put out fires, even though their book knowledge was not so extensive.

Hen Gets Two Years.

Chatham, Aug. 31.—Edward Hen, alias Patty Ryan, was sentenced to two years in Penitentiary by Judge Hodgins yesterday, on a charge of breaking into the house of a man named Mesner in Kent Centre. Ben is the man who attacked Constable Pettit with a hammer when he went to arrest him.

Wm. Bailey was fined $5 and costs for selling liquor without a license, found guilty of allowing gambling in his poolroom, by Police Magistrate Merritt.

E. A. McCarty of Louisville was arrested yesterday on a charge of indecent assault preferred against him by his sister-in-law, Mrs. Weaver.

Would Remove Junction.

Kingston, Aug. 31.—Although it is not officially announced it is reported that the Grand Trunk intends to move the station at Kingston Mills. The company has just purchased the Bissett and Ravenscroft farms at the Mills and offer to purchase many of the farms in McAdoo's farm, close by. Rumor has it that they will make Kingston the eastern terminus with the Toronto and Ottawa line via Smith's Falls.

May Not Be Guthrie.

Ottawa, Aug. 31.—Apparently, independents are not satisfied to let the matter rest with the statement that Mr. Justice Anglin and not Mr. Justice Clarke would be appointed to succeed Mr. Justice Idington, as was mentioned in The Citizen yesterday. It is said that a number of Mr. Guthrie's friends have made representations in order to help him to the position.

Cotton Mills Close Down.

Warwick, R.I., Aug. 31.—The Warwick Cotton Mills of the H. B. and R. Knight Co. at Centreville, closed last night, for a week. The mill employs 600 operatives. A majority of the mills of the company in this state, Massachusetts and Connecticut, have been running on three-quarters time for several weeks.

ACCUSE POLICE.

Relatives of Montreal Man Allege Brutal Treatment.

Montreal, Aug. 31.—Brutal treatment on the part of the police in the case of Alphonse La Berge, who was brought to the Notre Dame Hospital on Tuesday from No. 3 station in an unconscious condition, and who died at that institution early yesterday a fractured skull is charged by relatives of the dead man.

According to the story of Mrs. La Berge, the man's mother, and her daughter Delphine, Alphonse was in an intoxicated condition, and became unruly at the house of his mother on St. Timothee street so that the daughter notified the police, and at ten o'clock Officers Chaput and Lemieux came to arrest him. They found the man unwilling to go with them, and had hard work getting him as far as the door.

The girl Delphine says that as soon as the door was reached one of the officers gave La Berge a push toward the sidewalk, the man falling on his head from the step.

Alphonse La Berge never moved until aided from that time until he was placed in the patrol wagon. The girl Delphine adds that the officers took hold of the prisoner by the shoulders, lifting him from his prostrate position and dragged him for a hundred feet, his knees scraping the walk, after which they threw him across their shoulders until they reached the patrol, into which he was thrown, his head striking the seat.

BRIEFS FROM THE WIRES.

Frank Ireton, fire ranger, was drowned near Porcupine.

Cavalry has been called out to quell the food riots in France.

Workmen excavating at Welland found a horn of enormous proportions.

In anticipation of war, Belgium is manning and arming the frontier fortresses.

A mass meeting was held in Berlin to protest against intervention of Britain in Morocco.

The steamer Turbinia has had her fine of $50, imposed at Charlotte, remitted, and will hereafter be allowed to carry excursion parties to American ports.

Booked By Aeroplane.

London, Aug. 31.—Aviation is becoming a fashionable pastime, bookings for aerial trips having increased 100 per cent. during the last few weeks.

The growing reliability of machines and the increasing skill of airmen have mainly led to the popularity of flying. Mr. H. Barber, the inventor and pilot of the Valkyrie monoplane, whose headquarters are at Hendon, has booked $4,000 worth of passenger flights and his "dates" require to be taken to all parts of the country.

"The aeroplane flights booked through our instrumentality are now increasing to an altogether remarkable extent," said the manager of the aviation department of Messrs. Keith, Prowse & Co. At first our charges for cross-country aerial flights were at the rate of a guinea a mile. Now, however, in view of the number of flights being made, we are able to reduce the price to half a guinea a mile. Long-distance trips by aeroplane are in great demand, and we had a late one the other day, for instance, from Brooklands to the Isle of Wight.

Beattie Murder Trial.

Chesterfield Court House, Va., Aug. 31.—The prosecution rested its case at noon yesterday against H. C. Beattie, jr., under indictment for the murder of his wife and the defence began the introduction of its witnesses.

The prosecution produced fourteen witnesses yesterday, mostly county detectives, to controvert the testimony of young Alex. Robertson as to the presence of more than one blood spot on the Midlothian turnpike where Mrs. Beattie was killed.

The state had contended that the big blood spot where the murder occurred was not caused by dripping from the machine in which the husband alleged his wife was seated when shot, declaring that no blood whatever could have ozed through the bottom of the car and the grease drip pan beneath.

The defence announced early in the day that it would call Paul Beattie to the stand again.

Forty Thousand Harvesters.

Winnipeg, Aug. 31.—Forty thousand men have been brought in by the C.P.R. and C.N.R. to harvest the western crops. Of this number 34,000 have come from Eastern Canada and the remainder from the south. Temperatures have risen all through the west. There was no frost Tuesday night at all, the average temperature was well above 50, and harvesting operations are proceeding very favorably. Threshing will be in full swing next week.

Fell From Second Storey.

Chatham, Aug. 31.—A man named Cedar, employed by Contractors Wells & Gray, at the International Harvester Works, fell from the second storey of the new factory yesterday morning and suffered critical contusions to both legs, as well as being cut and bruised from head to foot. After receiving surgical treatment he was sent to his home in Wallaceburg.

Aviators Sued.

New York, Aug. 31.—Suit for $25,000 damages was filed yesterday by Mary Ingram, of Delavan, Wis., against the Wright brothers for injuries sustained by her daughter when she was hit, she says, by an aeroplane driven by the late Arthur Hoxsey at Milwaukee. She says she would have been injured, and asserts that the accident could have been prevented and provided against.

Charged With Manslaughter.

Winnipeg, Aug. 31.—Ralph E. Doe, motorman on the car which on Sunday night crushed Albert W. Wilson to death, was formally charged with manslaughter in the Police Court yesterday. The charge is based upon Doe's negligence in taking a Main street curve before his time. Doe is out on $5,000 bail.

CRIPPLE FROM RHEUMATISM

NOW IN PERFECT HEALTH THANKS TO "FRUIT-A-TIVES"

VANCOUVER, B.C., Feb. 1st, 1910.

"I am well acquainted with a man, known to thousands in Vancouver, Victoria and New Westminster, who for nearly a year was practically a cripple from Rheumatism. He was so troubled with the disease that he found it difficult to even turn over in bed. His heart appeared so weak that he could hardly walk up stairs.

Last June, he received a sample of "Fruit-a-tives". He used them and dates his recovery from that time. To-day, there is no man in Vancouver enjoying better health.

He was building a house this fall and shingled a good part of the roof in a driving rain, without suffering any bad effects". JOHN B. LACY.

Mr. E. E. Mills, (assistant postmaster at Knowlton, Que.,) also writes:

"I honestly believe that "Fruit-a-tives" is the greatest Rheumatism cure in the world". Try it yourself.

50c. a box, 6 for $2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

NEWS OF SPORT

THE RING.

WELLS BEAT KNOCKOUT BROWN

New York, Aug. 30.—Matt Wells, the English lightweight champion, added to his fistic laurels by outboxing and outfighting "Knockout" Brown, the New York lightweight in a ten-round bout before the largest crowd that probably ever witnessed a pugilistic contest in New York city tonight. The bout, the second to be held under the new boxing laws, brought a crowd of probably 14,000 persons to Madison Square Garden.

The British champion was never in danger at any period during the milling, and left the ring unmarked, while Brown was bleeding about the mouth and from a cut under his right eye.

Wells' cool and calculating defence had the American sorely puzzled, and he repelled Brown's attack from every angle. Brown could not solve the Englishman's left jab, which played about the American's face with lightning rapidity and kept the American from doing any damage at infighting. Seven of the rounds clearly belonged to Wells. Referee Charley White had to caution both men frequently in the clinches. The battle gave Knockout Brown's championship aspirations a severe setback. It was stated that the gate receipts totalled $39,000.

The decision was a popular one as no decision was rendered by the referee. Brown received 32 1-2 per cent. and Wells 22 1-2 per cent. of the gross receipts.

The old ring and platform, upon which Corbett and McCoy, Ruhlin and Fitzsimmons and other lesser lights had swapped punches in other years was erected in the centre of the Garden.

Brown and Wells weighed in at 4 o'clock. The New York boy tipped the beam slightly under 135 pounds. But the British lightweight champion before he stepped on the scales had found himself over weight, piled on a couple of sweaters and took a long run, followed by a vigorous rub-down. Even then Wells was a quarter of a pound overweight when he weighed in. Brown, however, did not claim the forfeit of $500 for overweight.

Menace of Socialism.

Christiania, Aug. 31—The Norwegian press is calling upon the Government to adopt stern measures to prevent the spread of socialism in the army. The Young Socialist party has secured enormous influence over the soldiers, and mutinous scenes are constantly occurring on the drill grounds. Two serious affairs of this kind happened at Stenkjaer and Gardemoen, soldiers storming the cells and liberating comrades whom they considered unjustly imprisoned.

Something Original---that's the cry of every buyer of printing.

¶ If every print shop could or would work character into their product there would'nt be so much common place printing.

¶ We'll be glad of an opportunity to prove to you that when your printing is placed with us there will be character to it.

¶ Our new type faces will do that alone, but there'll be more than up-to-dateness in type faces. There will be care taken in the arrangement of the type—good ink will be used—the proper class of paper for the work will be selected, and if it requires illustrating we'll see that suitable cuts are used.
