INDIANS MUST BE HUNTED DOWN

DECISION REACHED BY THE GOVERNMENT

Three Parties Will Search for Simon Gunn-a-Noot and Peter Hyemadan

Simon Gunn-a-Noot and Peter Hyemadan, the two Indians who are wanted for murders committed in Hazelton last year, and who have, up to the present, eluded capture, must be taken regardless of cost. This is the mandate of the provincial government, which, at an executive meeting held on Tuesday, decided that the provincial police shall spare no effort or expense

n finding the fugitives. Within a week three parties of po lice will leave for Hazelton and will provision for the search. Sergeant
Murray will probably have command of the whole search and will head one of the parties. Constable Munro, of Vancouver, and Constable Otway Wilkie, who conducted the last search, which was of nine months' duration and ended in May, will have charge of the other two parties and the two Indians will, if it is within the bounds of accomplishment, yet feel the strong

arm of the law about them.

It will be remembered that the last trace of Gunn-a-Noot and his companion was found near the source of the Skeena near Clothandan. News has been received by the authorities that now living near Oneca lake with his father, and the attorney-general's department, acting under instructions from Premier Mc-Bride, is now preparing for another attempt at capture on a large scale.

The search was abandoned in consequence of the difficulties experienced continuing it and also through the lack of any definite inforantion regarding the fugitives. Through the whole of the country to be traversed there runs a solitary trail along which the search parties must proceed, carrying on their backs all their equipment.
