ed continuously in the house after Currie had left. He was there until after the embalming process was gone through. Mr. Osborne asked the witness: "Whom did you first tell the story of the chloroforming of Mr. Rice, the story which you fold here?"

Jones replied: "I told it to Lawyer Fred. B. Honse. Mr. Patrick was pre-sent at the time. I told him that I had was held in Vernon yesterday to discuss railway competition with the C. P. R. The mayor presided, and after discus-sion a recent to mayor presided, and after discus-but Mr. House said that in that I had given mercury to Mr. Rice and after-wards had administered chloroform to him. Patrick told me to tell the truth, but Mr. House said that is do for Mr. Patrick to be made to appear as closely in it as myself. Patrick said at this meeting that the reason that Rice had to be put out of the way was that the drafts were coming on and they ther examine W. G. Charleson, nard-ware merchant, Ottawa, in regard to his transactions with the government. The principal discussion was as to whether the witness should answer if he made not say, but it was the day after Prof. Witthaus had said he had discovered traces of mercury in Mr. Rice's stemach. I think on Friday before the Monday I had the talk with you.'
