

## LATE ARCHBISHOP TACHE.

Remains of the Illustrious Prelate Laid Away in St. Boniface Cathedral.

Manitoba Wheat Market Firmer, and a Good Prospect for Better Prices.

WINNIPEG, June 27.—Bargains entered the residence of Dr. Moore, of Brandon, last night while the family were asleep and secured some jewelry and considerable cash. The Manitoba wheat market are now firmer than they have been for a long time, and there seems to be a growing confidence that this year's price will be far higher than for the past two years. Crops in this country have been greatly advanced by timely rains, and an excellent yield is well nigh assured.

All that was mortal of the illustrious prelate, pioneer, missionary and friend of all, Archbishop Tache, was this morning committed to its last resting place in the quiet little cathedral of St. Boniface. Signs of mourning were to be seen on every hand, houses were draped in black, and the cathedral itself inside was draped with black crepon. The approaches were also covered in the same sombre garb, and everything bore the stamp of one who was loved and respected was no more visible to mortal ken. Thousands of people attended the funeral. The sermon was preached by Bishop Ladouche of Three Rivers, the services in the cathedral lasting about an hour. The sermon concluded, the ceremony of depositing the coffin in the vault was gone on. The funeral was a thoroughly representative one, and those of almost every denomination were represented. The Roman Catholic church, of course, was fully represented, and a very large number of priests and other high dignitaries of the church were present. The solicitor general of the dominion government, Hon. Mr. Curran was present to officially represent the government, and from him down to the humblest citizen every body and class was represented. Governor Schultz represented the province, and Mayor Taylor the city of Winnipeg. Among the clergy present were Archbishop Duhamel, of Ottawa; Bishop LaRoche, Three Rivers; Bishop Grandin, Edmonton; Bishop Pasco, Prince Albert; Monsignor Sully, St. John; Canon Archambault, Montreal; Canon Richard, Three Rivers; Sup. Genl. Domergue, France; the Trappist Fathers of St. Norbert, Provincial La Fave, O. M. I., Montreal.

## NEW YORK POLICE.

The Parkhurst Agent Testifies as to Bribes Given to Policemen.

A Reference to Tammany Hall and How It Conducts Business Causes Trouble.

NEW YORK, June 27.—Before the Lexow committee today, M. D. O'Connor, the Parkhurst agent, who has been recently testified that he was formerly employed by the Monahan steamship line, and that policemen who brought passengers to the line received \$7.50 for first cabin and \$4 for steerage passengers. He named Policemen Judd, Schmitt and Murphy as among the policemen who got commissions. He then swore that Major Seale had told him he got \$100 from a Mr. Boyle to tell the truth about the Sheehan correspondence, and was also appointed to the charge of Bath. Then Senator Canby and General Goff got into a terrible quarrel over the latter's references to Tammany hall. Senator Canby, as the Tammany member of the committee, took upon himself to call Mr. Boyle to order. The spirited counsel answered hotly, and for twenty minutes there was more excitement than has been caused since the committee first got to work. Mr. Goff finally shouted: "I defy contradiction. I know many reputable men who have been driven to starvation by Tammany, hundreds out of business; many lawyers have been forced to join Tammany; the criminal courts are controlled by Tammany; I have lost clients because they feared I did not have a pull with Tammany courts; the records of our Tammany courts are as follows: time novels."

I challenge that, replied Senator Canby. "I'll prove it twice over," shouted Mr. Goff, his face flushed with anger. Wong Cee, an intelligent Chinaman, testified that Detective Ore raided a fan-tan game in Chinatown, but when he took Ore to Tom Lee's place, the detective would not raid when he learned whose it was. Wong Cee testified that several Chinamen made a murderous assault upon him in the presence of the detective, but the latter did not interfere. Wong Cee afterwards ran a fan-tan game himself and paid Tom Lee \$16 a week for protection. Farrington raided him, but when he appealed to Tom Lee the latter paid him \$5 and Farrington returned and put up the door he had broken down.

John P. Ott testified that he had paid \$300 to Jacob J. Latus to secure his appointment on the police force. John H. Ganner, whose father was captain of the 25th precinct, took the stand and admitted that it was common rumor that his father's successor had paid \$1,800 for his appointment.

## LIZZIE HALLIDAY.

The Convicted Murderess, Gives the Sheriff Considerable Trouble.

MONTICELLO, N. Y., June 27.—Lizzie Halliday, the convicted murderess, was brought before Judge Edwards this afternoon. She had the upper portion of her dress drawn up to her mouth, in spite of Sheriff Beecher's directions not to do so. She made a desperate effort to tear her hair, but was prevented. She also stamped her feet several times while she was in court. The judge decided that she should be taken to Dannemora for the infliction of sentence imposed upon her. While she was being led back to her cell she made a stand and refused to budge, but was forced along by the sheriff. She was taken to Dannemora tomorrow. The prisoner was very belligerent in her cell last night and tried to bite those who approached her. She also endeavored to break the chain on her legs.

## NO INK, NO JUSTICE.

As a Ship Can't Be Floated Without Water So a Court Can't Be Run Without Ink.

New York, June 23.—Lawyer Joseph Merkert had a case to prosecute in the second district civil court in Broadway, near Park avenue, Williamsburgh, yesterday morning. When Justice Peterson called the case, Mr. Merkert said he was ready to go on, and the justice asked him for a certain document.

"I can't give it to you," replied the law-

yer, "until I find some ink so that I can sign the paper."

Mr. Merkert looked all round, and finally espied an inkstand on the justice's desk.

"The only ink in the court," said the lawyer, "seems to be on your desk."

"Yes, that's true," answered Justice Peterson, "and I paid for it out of my own pocket."

"Will your honor kindly give me a penful of ink so that I can sign this paper?" asked Mr. Merkert.

"No, I will not. I need all the ink I have for my own use," said the justice.

"Well, then, I cannot go on with my case," said the lawyer.

Justice Peterson got angry, and, after denouncing the municipal authorities for not providing necessary material in a court room, he said to Mr. Merkert:

"I think you lawyers had better go to Mayor Schieren and perhaps he will furnish you with ink. If I can't get ink for use in my court, why I'll close up shop and stop business altogether. You cannot float a ship without water; neither can you run a court without ink. This case is adjourned until the city furnishes this court with ink."

In nearly all the Williamsburgh courts lately the clerks have had to buy their own ink and pens, and there is considerable grumbling in consequence. It is said supplies of ink and pens should have been delivered on April 1.

## The Congregational Denomination.

The union of Nova Scotia and New Brunswick with respect to the 27th of July. The union of Ontario and Quebec have appointed as delegates Rev. Dr. Jackson of Kingston, Ontario; Rev. Mr. Silcox of Montreal and Mr. O'Hara of Toronto. The Maine conference has appointed Rev. Messrs. Crane and Hixson. The returns of the Congregational churches of the United States show undiminished prosperity, notwithstanding the financial depression. The number of churches (mission churches not included) are 5,226. Increase over losses, 94; whole number of members, 61,331. Net gain of 18,000; benevolent contributions, \$2,400,000; home expenditure, \$7,000,000. Since the civil war the denomination has raised \$12,000,000 for the education of the colored people of the world, equal to that of all the other denominations. The Spanish Congregational church edifice in America has recently been erected in Florida.

The reports of the British Congregational churches show a total of 4,842 in the United Kingdom. In London and suburbs the edifice number 424. Rev. Frederick Hastings, formerly of this city, who has ministered to one of the leading churches of Adelaide, Australia, for six years, has returned to England, and his church in Adelaide has recalled Dr. Jeffries. Mr. Hastings was in receipt of a donation of a very large amount. Mr. Hastings states that the religious, social and political influence of the people of the denomination is very great, and has done much to mould the character of the people of Australia. The Christian Endeavor societies have been very helpful.

The death is announced of Rev. W. H. S. Fielden, D. D., secretary of the Colonial Missionary society. He originally belonged to the old Wesleyan association, was for a time a Congregational minister in Australia, and was secretary of the Colonial society for 20 years. Mr. Fielden visited St. John and other parts of Canada in 1888. Rev. Dr. Joseph Parker, who completes 25 years of his ministry with the City Temple church, London, has been presented with an offering of \$1,000.

## WEDDING BELLS.

A Marriage in Centenary Church and Another in Trinity Early This Morning.

(FROM THE DAILY SUN, 27th ult.)

June has been a month of weddings, a veritable harvest of love in St. John. Probably a larger number of the city's fair daughters have been led to the altar within the present month than during all of the other months in the year, and yet they do not cease. This morning at 6.45 o'clock, in Centenary church, Rev. J. J. Teasdale united Charles C. Gillespie and Miss Annie Turner. After the ceremony they will leave on the morning express for points in Nova Scotia. The marriage will be a quiet one. There will be no bride-maid or groomsmen and only the immediate friends of the bride and groom will be present at the ceremony. Miss Turner is the daughter of J. S. Turner, well known in business circles in this city. She is a member of Centenary church and has been a valuable time has been a member of the choir. The bride is well known in society circles and is loved and esteemed by every person who enjoys the pleasure of her acquaintance. She has received many beautiful presents. A very handsome parlor lamp was the gift of the members of Centenary choir. The groom is a well known insurance man and one of the city's rising young citizens. The paper joins with a large number of friends in wishing the happy couple much happiness.

Trinity church will be the scene of another one of these happy social events at 6.30 o'clock this morning. The few words which Rev. Dr. Joseph Parker, the pastor of Centenary church, will speak before the happy couple will give to Sussex one of St. John's most estimable young ladies. The bride will be Miss Carrie Drake of Elliot Row, and the groom G. F. Landdowne of Sussex, but until recently a resident of this city. The bride will be attended by Miss Foster, while Frank Kinnear will do the honors as best man.

The bride will wear a handsome travelling dress of brown with hat to match. She will carry a beautiful bouquet of white roses and ferns. The bridesmaid will also carry a large bouquet, of pink roses and ferns. Miss Drake has already received a large number of bridal presents. That from the groom is a very handsome diamond ring. The groom is present to the bridesmaid will be a large gold bracelet. Among the other presents which the bride has received may be mentioned a set of silver knives, forks and spoons; a silver fish knife and fork; a pair of very handsome brass candlesticks; a large parlor lamp, and other handsome and appropriate gifts.

The happy couple will leave on the St. John morning express for their future home at Sussex and a large number of their city friends will accompany them. A reception will be held at the residence of the groom in honor of the event. Mrs. Suz. wishes Mr. and Mrs. Landdowne a long and happy life, and would congratulate Sussex upon his good fortune.

Aunt Maria: "Are you sure that Mr. Spooner loves you?" Carrie: "I guess you would think so, to hear the silly things he says to me." Aunt Maria: "But how do you know you love him?" Carrie: "Because they don't seem silly to me."

Phio's Remedy for Catarrh is the Best, Easiest to Use, and Cheapest.

Sold by druggists or sent by mail, 50c. E. T. Hazeltine, Warren, Pa.

"I can't give it to you," replied the law-

## FREDERICTON.

Prof. Robertson Discusses With Citizens the Agricultural Picnic.

A Large and Influential Committee Appointed to Make Arrangements.

FREDERICTON, June 26.—Prof. J. W. Robertson, dominion dairy commissioner, arrived here this morning at 11 o'clock, and was met at the railway by J. L. Inches, secretary for agriculture. The object of Prof. Robertson's visit at this time was to make arrangements for holding a provincial agricultural picnic at or near this city some time in August. By arrangement, a number of leading citizens met Mr. Robertson at the city council chamber at 11.30 to discuss the question and take action. Those present when Mayor Beckwith took the chair included: Mr. L. Inches, J. W. Robertson, J. B. Edgcombe, Ald. Farrell, Frank H. Morrison, H. Montgomery Campbell, A. S. Murray, Geo. T. Whelpley, John A. Edwards, Dr. E. T. Henry, Dr. Thomas, J. M. Fowler, O. H. Thomas, A. D. Thomas, Wm. Smith, J. M. Wisely, J. C. Murray, Cal. Marsh, J. W. McCreedy, O. Fred Chestnut, George L. Wilson, J. H. Hawthorne, Ald. Moore, H. Reid and others.

At the request of Mayor Beckwith, Geo. L. Wilson acted as secretary. Prof. Robertson explained the object of his visit. He said that it was proposed by the agricultural department at Ottawa to hold a provincial agricultural picnic in each of the provinces in England. His excellency, the Governor General, had consented to attend these picnics and deliver an address, and he also hoped to secure the services of other eminent agriculturists, among whom he mentioned ex-Gov. Hoard of Wisconsin. After some remarks from Mayor Beckwith, J. L. Inches, Sheriff Sterling, J. S. Nell, A. Campbell, J. M. Wiley, F. R. Edgcombe, J. W. McCreedy, Geo. Peabody, D. F. George, W. E. Flaveling.

Prof. Robertson was requested to make the date as late in August as possible, in order that the haying season might be well advanced. Jas. M. Palmer, who retires from the High School staff, was presented today at the closing of his term of office. A set of field glasses by the pupils of the school.

## MADAM JUNCTION.

A Complimentary Dinner at the Junction House to George J. Green.

MOADAM JUNCTION, June 26.—A dinner was given at the junction house, with an address and presentation of a ring to George J. Green, night station agent, by his friends at 9 o'clock Monday night, June 25th, in honor of his marriage. Miss Laura Lawson of Canterbury, N. H., is to take place on Wednesday, June 27th.

The dining room was beautifully decorated with wreaths of flowers and the flags of England and the United States. About 25 guests sat down to the table. The chairman was J. W. Hoyt of the customs department on his right was the guest, Mr. Green, and Mr. Goodspeed on his left. Mr. About Calkin did duty as vice, with Dr. Sommeil and Mr. Clark on his right and left.

At 10 p. m. the chair called order, and in a few well chosen words explained the occasion of the gathering, after which a delightful bill of fare was discussed. Again the chair called order, and the following address was read:

George J. Green, "Having heard of your intentions in the very near future of leaving your old associates in brotherhood, and joining the ranks of the Benedictine, it affords us very great pleasure as this, and we trust that this gathering may leave a lasting impression on your mind. We, a few of your many friends, feel we cannot allow the opportunity to pass without in regard for you; also to assure you of our best wishes for your future welfare and happiness. And we trust that your journey through life may be over a pleasant road, without any overcast. Hoping that you will accept the accompanying gift in the true spirit of friendship in which it is given."

Mr. Green was then presented with a ring to which was added a few very appropriate remarks, thanking the company for the very unexpected honor which had been bestowed on him.

Then the following toasts were proposed and duly honored: The Queen; The President of the United States; Our Guest, proposed by the chair and a very neat reply by Dr. Sommeil; The Ladies, responded to by D. Clark; The Ladies, responded to by Messrs. Armstrong and Williams; The Commercial Interests of M. J. Green, responded to by Mr. Haggerty and Mr. Calkin; The Mechanical Department of the C. P. R., responded to by Mr. Haggerty; The Customs and Our Hosts, which Messrs. Taylor and Gass duly acknowledged. After indulging in music and songs the company sang Auld Lang Syne at parting.

## WESTERN BAPTISTS.

Fruits of Recent Revivals—The Baptisms Double the Figures of Previous Years.

A largely attended session of the Western Baptist association took place at Gaspe, Quebec, on Q. C., beginning Friday, June 22nd. Twenty-five ministers were present. Rev. Thomas Todd was chosen moderator and Rev. S. D. Ervine clerk. The session on Friday evening was devoted to an educational meeting at which address, were given by Revs. J. H. Hughes, W. H. Jenkins, A. B. Macdonald, W. E. McIntyre, and F. D. Davison.

The Saturday forenoon session was taken up with the reading of letters and miscellaneous business. In the afternoon the committee on Home Missions presented a report showing good work to have been done in this department. The clerk stated that 629 baptisms had been reported in the letters as having taken place during the association year, while over twenty of the churches had failed to send their letters. The aggregate of additions will doubtless, when completed, be about 700 by baptism, or more than double the record of any previous year. In Quebec only about 400 have been baptized on profession of their faith. The revivals enjoyed have been of an unusual character.

An excellent report on denominational literature was read by Rev. W. H. Jenkins and warmly discussed. The following re-

solution touching the formation of the New Brunswick convention was also presented: Whereas, The Maritime Convention at its meeting last year voted to hand over the future management of Home Missions and Academic education to such organization as each province may prefer.

And whereas, The churches of this province are united in the opinion that the formation of a new Maritime Convention on a rational and progressive basis is imperative, and that, while we do not regard it as the prerogative of the associations to an horizon or condemn such an organization, approval of the formation of said convention as competent to carry on in good faith these interests in harmony with the basis agreed upon at the last convention.

The resolution was moved by Rev. W. E. McIntyre and seconded by Rev. A. B. Macdonald, after some explanations and discussion was passed by a vote of thirty-two in favor and one against.

On Saturday evening the claims of foreign missions were presented by Revs. J. W. Manning and H. Y. Corey, missionary-delegate to the Toluca field. The subject of Home Missions was discussed by Rev. S. D. Ervine and others.

A social meeting of deep interest took place on Sabbath morning from 9 to 10 o'clock, followed by the associational sermon. The preacher was Rev. A. B. Macdonald who discussed the relation of Christ's church and His kingdom. The building was crowded to its utmost capacity while many were unable to gain an entrance.

The afternoon of the Sabbath was occupied with addresses by Mrs. Long and Mrs. Pierce on behalf of the W. M. A. societies, while Northwest missions were presented by Rev. W. H. Jenkins and the work of Grand Ligne by Rev. McCreedy.

In the evening a social and evangelistic service concluded one of the most interesting gatherings ever assembled in the city. The next session is to be held at Upper Kingslear, York Co. on the fourth Friday in June, 1895.

## DOWN ON THE A. P. A.

Illinois State Democrats Strongly Condemn the Organization.

SPRINGFIELD, Ill., June 27.—The A. P. A. came in for severe denunciation by the democratic state convention today. With reference to the organization, the platform, which was adopted, says: "Hostility to secret political societies is a badge of the democratic faith which is fundamental, and standing by this doctrine now as in the days when their party presented an unbroken front to the cohorts of Know-nothingism, and finally crushed that detestable organization, the democrats of Illinois denounce as cowardly, unpatriotic and dangerous to the peace and happiness of this country the American Protective association, which seeks to prescribe men on account of their religion or birth place." This clause was adopted enthusiastically.

## GLADSTONE WITHDRAWS.

EDINBURGH, June 27.—At a meeting of the Midlothian Liberal association tonight it was definitely announced that Mr. Gladstone would not again stand for election to the house of commons.

## POND'S EXTRACT

Genuine is strong and pure. Can be diluted with water.

Sole Manufacturers, POND'S EXTRACT CO., 76 FIFTH AVE., NEW YORK.

## Artillery Gun Competition.

The Canada Gazette contains orders for competitive gun practice for garrison artillery. The N. B. battalion will fire at Fort Dufferin on a date to be notified by the inspector of artillery. The strength of each detachment will consist of two officers, and eight non-commissioned officers and men, all of whom must be drawn from the same company. An allowance of 75 cents per day for each officer, non-com. officer and man attending the competition will be made each day necessarily absent from headquarters or from work, provided that such days are not included amongst those for which drill pay is claimed.

The rules for gun practice will be those of 1893. Three gun layers will be selected from each detachment, who will fire 4 common shell, plugged, and one shrapnel shell each. The officers act as gun layers and fire 4 common shell, plugged, each, immediately before their detachments fire.

There will also be an observing competition for combatant officers, present with detachments making the most accurate average observations of the common shell practice of their detachments.

## To Do Business in St. John.

Alexander Macdonald of Winnipeg, president of the Great West Life Assurance Co., is in this city with Mr. Brook, the managing director. They are here in the interests of their company, which is negotiating an arrangement with the Dominion Safety Fund association. It is understood that an understanding has been reached in regard to most of the details, and that if the arrangement is ratified the Great West company will either assume the risks now held by the Safety Fund or reimburse the policy holders.

The Great West company was organized three years ago and has been in business two years. It has paid up \$100,000 of capital, mostly held by Winnipeg people. Last year it did \$1,700,800 of new business. It is proposed to open an agency in this city. The company goes as far east as Toronto last year. Mr. Macdonald is a director of the Northwest newspaper, one of the Winnipeg dailies.

She: "What a lovely rose! What would you say if I asked you to give it to me?" He: "I would say—it was like your cheek!"

## Manganese Ore in Russia and Greece.

In a late report to his government the Russian Vice-Consul at Port, in the Caucasus, makes the following statement in regard to the production of manganese ore in that district: "The Caucasian manganese appears to be able to compete with that of any other part of the world, and is largely shipped, not only to England and the Continent, but also to the United States. Last year did not, however, prove a profitable one to those engaged in the trade, partly on account of the drop in prices owing to the anticipated opening of the railway to the Caucasus, partly because of bad trade in England and America. The new narrow gauge railway from Chikhar to Sharapan was opened during the autumn, but frequent landslides and the want of sufficient rolling stock have hampered its operations, and it does not appear probable that for some time it will be able to bring down nearly all that is mined. Ultimately the effect will be to divert the trade entirely from Khrill, its present headquarters, to Sharapan and Chikhar, the terminus of the branch line."

Another agent of the British government, James Boyle, in a report on the trade of the Laurium district of Greece, shows that the production of manganese ore in that district amounted in 1893 to 178,098 tons. In connection with the subject, Mr. Boyle makes the following observations: "It may interest buyers in the West of England to know that new discoveries of large lodes of manganese iron ore are rendering it very abundant. Attention should also be called to the fact that the best of these ores is often slightly impregnated with arsenic."

## THE ROSS MURDER.

THYON, June 27.—At the Shea trial today Dan C. Kaye swore he saw Shea shoot Ross. He only saw him fire one shot and it was fired into the back of Ross' head, as Ross was on the ground. Several other witnesses testified to having seen Ross shot, but could not say who did the shooting.

A rich, mellow, winning voice makes any conversation a success.

First Actor (in tragic whisper): Are you quite alone? Second Actor (glancing grimly at the small audience): Almost.
