RAILROAD ACCIDENTS

IN MARCH.

Interstate Commission Says the Block System is the True Means for Prevention.

WASHINGTON, July 25.—In an accident bulletin issued today the interstate commerce commission suggests that the block system repeatedly advocated by the commission "is the true means that ought to be adopted for the prevention of such distressing accidents" as the one recounted. The bulletin covers the three-month period ended March 31 last. It says: "The most disastrous accident reported, a collision causing 34 deaths and injuring 24, was due to the striking failure of the train separating system. A telegraph operator at a small and lonely station, who had been on duty all day and more than half the night, fell asleep and on awakening misinformed the train dispatcher as to what occurred while he was asleep." The total number of casualties on railroads in January, February and March, including passengers and employees, was 13,226. Of this number 17,170 were injured and 1,126 were killed.

A MANIAC IN THEIR BED.

He Escaped From Utica State Hospital and Surprised a Couple in New York Mills.

UTICA, July 25.—A maniac who escaped from the Utica State hospital early this morning broke into the residence of Mr. and Mrs. William H. Tallman in the neighboring village of New York Mills a few hours later and calmly jumped into bed with them. The lunatic galloped to the house by removing a screen from a lower window. Mrs. Tallman was awakened, and her husband started to get up in response to her frightened screams. Standing at the side of the bed, with the sheet gripped in one hand and a dagger in the other, the maniac, dressed only in a suit of pajamas, stood a strange man. He was bareheaded and barefooted. Mrs. Tallman, startled in astonishment, the visitor placed one foot on the side of the bed and endeavored to get in. Mrs. Tallman objected most decidedly and her husband leaped up and grappled with the intruder. But the maniac would not be brushed aside and quickly lay down to rest between husband and wife.

Neighbors were called in, the State hospital was communicated with and the unwelcome guest removed to his proper abode. He had walked nearly four miles to Tallman's house clad only in his pajamas and had stolen a coat before he made his call upon "the sleeping couple."

WANTS TO CHOP OFF HEADS.

Englishmen Will Answer Denmark's Advertisement for a Public Executioner.

LONDON, July 25.—Fred Smith, a publican of Bethnal Green, has been seeking for seven years to secure the position of public executioner. He offered his services to the authorities six times, but always met with a refusal. He will now apply to Denmark, which recently advertised for a "reliable, sturdy executioner," being attracted not only by the fact that he is 124 for each execution, together with an allowance for expenses, but by the occasional "see-rip" the position would necessitate if he secures it. He also thinks the excitement of chopping off a head now and then would relieve the monotony of serving beer. He does not think he would have any trouble in handling the heavy axe used by the headsman in Denmark, as he has long been accustomed to chopping wood.

DEATH AIDS

ENGLISH TREASURY.

Succession Tax on Estates of Bait and Others Will Yield Millions.

LONDON, July 25.—The current British financial year will be remarkable for big additions to the revenue through the succession duties. Several hundred pounds will accrue through the probating of the wills of the late Alfred Beit, Lord Grimthorpe and Charles Tennant. The succession duties charged against Mr. Tennant's estate alone will yield about £200,000 for the benefit of Herbert Asquith, chancellor of the exchequer, who was Mr. Tennant's son-in-law. Mr. Tennant's will was probated at more than £2,000,000, and Lord Grimthorpe's at nearly as much.

A young man, who has previously figured in police circles, was reported to the police at Moncton yesterday for passing a counterfeit American fifty-cent piece in a Main street restaurant. Officer Chappell investigated the matter and located the young man. When confronted by the officer the young man admitted he had passed the counterfeit, but claimed he got it from the circus and was not aware it was not a good coin. It bore an old date, and was only detected by its weight. No proceedings were taken.

CHEMIST ARRESTED

CHARGED WITH LARCENY.

Believed to Have Cheated Parke-Davis Co. Out of \$2,500.

NEW YORK, July 25.—Walter K. Freeman, a chemist who was arrested at his summer home at Osewanna, N. Y., yesterday and locked up at police headquarters last night, charged by Parke, Davis and Co., of Detroit, dealers in drugs and chemicals, with the larceny of \$2,500, was found unconscious in his cell today. He had taken morphine and was believed to be dying, but the authorities were unable to ascertain whether he took the drug with suicidal intent. Freeman attracted considerable attention in scientific circles a few years ago by the claim that he had discovered the secret of making camphor by a synthetic process. It is alleged that while carrying on experiments under contract with Parke, Davis and Co., at his laboratory in Rutherford, N. J., he exchanged a billiard of Baker & Co., of Newark, and turned in a bill to Parke, Davis and Co., purporting to show that he had purchased from the Newark firm \$2,500 worth of platinum. This bill, it is charged, was paid to Freeman by the Michigan firm.

BURN BADE IN MANGER.

Children's Terrible Dead Prompted by a Strange Curiosity.

NEW YORK, July 25.—Startling details of an amazing child murder, fondish and self-confessedly deliberate, but unpunishable because, in the eyes of the law, in infant perpetrators cannot distinguish between right and wrong, came to light yesterday at Riverhead, L. I. The authorities will make no arrests. The childish motive behind the burning to death of two-year-old Julia and her sister, aged four and six years respectively, as admitted by young Mrs. T. A. RANKINE, 20 Westworth street, from 7 to 9. The mother, who was discovered in the ruins two days after the fire, which occurred two weeks ago, but it was not until yesterday that the awful details of the infanticide were learned. The burning to death of the two children was completely destroyed, and the woodwork for a stretch of a mile to the north of the place was sent away by the flames. For two days and night following the commencement of the fire Mr. and Mrs. John Beck, parents of the victim, searched the thick woods in the neighborhood for the little fellow—the White boys insisting, when the fire was discovered, that the Beck boy was seen hurrying into the thicket.

EAST MAY BECOME FRINGE OF THE WEST

WINNIPEG, Man., July 24.—Hon. J. W. Longley, of Halifax, ex-attorney general of Nova Scotia, was one of the speakers at the opening of the Industrial Exhibition here yesterday. Judge Longley is in the west for the purpose of gathering data for his history of Canada which he is writing. That dramatic period in which Louis Riel was a conspicuous figure will receive special attention. Justice Longley recognizes the strong personal emotions of the unfortunate insurgent chief. He will devote considerable time to St. Boniface, getting facts and details concerning the famous Metis leader. The history, when completed, may be very comprehensive, embracing several large volumes. The first volume will be ready for publication in about a year. "Development of western Canada is the great feature of the present from a dominion standpoint," said the historian. "Winnipeg and Manitoba have already assumed a most prominent position in the nation's life. Saskatchewan and Alberta will each in time overshadow Ontario. The maritime provinces will eventually become but the fringe of the great agricultural and industrial portion of the country."

THE PROPHET EDGAR.

He Says All Forms of Government Will Be Demolished in 1915.

ASBURY PARK, N. J., July 25.—At the Watch Tower Bible students' convention in Asbury Park today John Edgar of Glasgow, Scotland, said: "In September of the year 1915 the people will rise up against the government. In the year 1912 the people will see they have made a grave mistake, and between 1912 and 1915 they will leave the government alone. At the end of 1914 the state, church and people will be in a state of anarchy. In 1915 the greatest thing will come to pass. The people will again rise up against the authorities and the government, and this time they will demolish all forms of government." While the prophet was speaking the Bible students leaned forward in silent awe. "I don't want you to be anxious about the future," concluded the prophet. "Simply watch and be ready."

MRS. HARRY THAW

WANTS A DIVORCE.

Whether Thaw Goes to the Asylum or Not, He Will Lose His Wife.

NEW YORK, July 25.—A story has gained circulation and is generally credited here that there has been set on foot an investigation in the case of Harry Thaw, which will result ultimately in Evelyn Nesbit Thaw suing for divorce, no matter which way the case against Thaw goes. There were rumors long before Thaw killed White, that Evelyn had tired of her strait-laced thralldom in Pittsburgh and that she was about to apply for a divorce. It was further hinted by her close friends that if she did apply, it was being gathered at the request of Mrs. Harry Thaw or her close friends, that no matter whether Thaw is sent to the insane asylum or tried for murder, application for divorce is sure to be made.

WILL CARRY TROOPS.

Ionian Chartered by the British Government.

MONTREAL, July 25.—The Allan Line Ionian has been chartered by the British government to go into commission as a troopship. She sails for Liverpool on Thursday, and after making one more trip to Montreal will be at the service of our imperial department. Last winter she carried troops and from Bombay. Her large decks and roomy cabins make her well suited for this work. It is likely that she will be replaced on the Montreal-Liverpool route by the Parisian, which is running to Boston just now.

MUTUAL LIFE TRUSTEES

NOT WORKING TOGETHER

Differences of Opinion Exist—Membership of Other Committees Announced.

NEW YORK, July 25.—There was a meeting today of the Board of Trustees of the Mutual Life Insurance Co., in which it was understood several members took occasion to declare the course which had been pursued by the Board in nominating four members of the international policyholders committee on the administration of the company to be inadvisable, to say the least.

This expression from the trustees followed by reading of a protest filed with the Board in behalf of the policyholders committee in which it was demanded that the Board regulate the action of the officers of the company in spending thousands of dollars compensating lists of policyholders declared to be inaccurate for the purpose of misleading the committee and preventing it from reaching those policyholders who might wish to have a change from the present regime.

President Chas. A. Peabody, President of the company, would not be interviewed after the meeting.

The international policyholders committee announced today that Congressman William Alden Smith of Grand Rapids, Mich., had become a member of that body.

The French policyholders committee to the Mutual Life Insurance Co. had been elected a trustee to succeed James A. Blair, and John Reid was nominated to succeed Mr. Strass.

The New York Life will continue to do business in France. The trustees passed a resolution directing the officers of the company to apply to the French government for registration under the French law.

HUIT AT HAMPTON.

HAMPTON, N. B., July 25.—William Beattsey, employed in running a planer in Flewelling's mill, Hampton Village, this morning, slipped and his hand caught in the machine, rendering it necessary for him to be taken to the general hospital, St. John. He is the same man who was badly injured by being caught in the beltting some time ago.

HIS LIMIT.

She—I suppose that even in this dull army post life there were limitations to your privileges?

He—Oh, my, yes! We could hardly ever drink more than a quart apiece at a time.—Cleveland World-News.

Flooring and Sheathing, Kiln or Air-Dried.

We carry the largest stock and sell at prices that defy competition.

MURRAY & GREGORY LIMITED.

ST. JOHN, N. B.

Manufacturers of everything in wood that enters into the construction of a house.

It is possible

for your Star Want Ads. to be productive of more results by wording your advertisement properly. For instance, in renting rooms the answers will be better and more numerous if you tell the size, price, direction, locality, accessible car lines, etc., than if you merely give the street address. Tell the whole story, and readers will be interested. Think before you write. Word your ad. carefully.

FRESH MILK.

Our milk and cream is cooled as soon as milked, by patent coolers, so that the animal heat is driven out at once, thereby improving the keeping qualities. We test all our milk and cream daily. Try some for whipping.

Sussex Milk & Cream Co., Phone 622. 158 Pond St.
