FREE SPEECH CASE RESUMED; LITTLE OF INTEREST HEARD

Merrises and Lucas on the Stand -- Greek's Memory Is Poor, But He Remembered Some Things -- McNutt Explains Letters

Although the routine business of the police court finished half an hour before further evidence was taken in the McDougall case, spectators today waited patiently.

Mr. Baxter called George Merrish, but before proceeding with his evidence, Mr. Sherrin asked leave to state that he did not see how Mr. Lucas as private citizen, could show the statements in the papers were true.

Merrish then took the stand, and in answer to Mr. Baxter's question that Saturday night he was talking to the printer's brother at the station.

Mr. Baxter -- "I object. This question is more in the nature of a cross-examination of his own witness."

Mr. Sherrin -- "I object. This question is more in the nature of a cross-examination of his own witness."

CROWDS GATHER TO SEE THE AIRSHIPS

First Dirigible Balloon Arrived Today

Rhinoceros Contest Attracting Great Numbers of People -- Picking Contestants for International Race.

REHEIMS, Aug. 23 -- Blue skies and glorious weather with only a trace of wind, made ideal conditions for this, the second day of Aviation Week at Rheims, and the people in this city awoke to the improved prospects of good sport with keen relief.

The Rhinoceros contest, which attracted the sensational performances of yesterday, when no less than six aeroplanes were seen at the same time, wings their flight in huge circles over the plain of Bethany, thousands of spectators came here on the early trains from Paris and when the dirigible balloon, Col. Renard, appeared over the field at 10 o'clock from Menoux the trees and fences lining the field already were black with people.

The Rhinoceros, which is the first of the dirigible balloons to arrive, carried out a series of impressive evolutions above the plain. Hubert Latham has been chosen as the aviator to represent France in the contest for the International cup, the big event of the week which will be run off next Saturday.

The Rhinoceros, which is the first of the dirigible balloons to arrive, carried out a series of impressive evolutions above the plain.

DEATH-LIST IN PITTSBURG'S LABOR BATTLE MAY TOTAL SIXTEEN; FIGHT A FIERCE ONE

Constables Brutally Murdered by Strikers --- Attack on Street Car Leads to a General Conflict in Which Hundreds of Shots Were Fired.

PITTSBURG, Pa., Aug. 23 -- As a smoke befogged sun rose over the dull streets and factories of McKees Rocks early today, nothing except two piles of brick and a street littered with broken glass indicated to the casual observer that last night one of the bloodiest riots in Pennsylvania since the days of the homestead strike had occurred, costing six lives and at least ten mortal injuries, the result of a six week's old labor dispute between the Pressed Steel Car Company of Schoenerville and its employees.

From midnight until dawn today county and state officials searched dark alleyways and crowded desolate tenements for additional wounded men and women.

Before nightfall it is predicted that the death list will total more than a dozen.

The states toll is three dead, and one fatal injury. The county lost a deputy sheriff while the striking employees of the car company lost two of their leaders, two dead and three fatally injured. One woman, wife of a striker, for the sake of her husband's cause, was shot in the back and will not recover. A boy who stood beside her during a clash between the State troopers and the infuriated mob of strikers sympathizers, also is in danger of death, having been shot with a rifle ball.

Among the injured ten are in a precarious condition and it is stated at the hospital that all there will die within a few hours.

Sheriff Guenier of Allegheny County, has sworn in half a hundred additional deputies in the anticipation of renewed rioting today. It is not unlikely that militia from the eastern part of Pennsylvania will be ordered to Pittsburgh within the next 24 hours if conditions warrant.

Last night's rioting came suddenly and without warning at the close of a peaceful Sunday.

About 9 o'clock strikers were seen together at the Schoenerville end of the bridge, a violent spurning of the Pittsburg and Lake Erie tracks. Suddenly it was rumored that a number of strikers were being brought from the city into the plant. Flocks were immediately doubled. Every car that came from the city was held up. This procedure had been going on for some time when a car carrying Deputy Sheriff Exler came along. He was returning from Pittsburg to the Steel plant. A revolver was placed at the motorman's head and the car was stopped.

A crowd of strikers immediately approached the deputy sheriff. He was ordered to leave the car. Instead, it is reported today that all the dead and majority of the injured fell in the battle.

Later when reinforcements arrived many more were clubbed and shot, but the first battle waged by only four men against a thousand was the fatal one.

Only 200 School Permits Issued

Did Five or Six Hundred New Pupils Will Probably Enter the Schools This Year -- 60 Free Vaccinations.

Although the public schools of the city open on Thursday morning only two hundred permits have been issued so far. As the average in recent years has been between five and six hundred and there is every reason to believe that the number will be fully as large this year the staff in the trustees' office is likely to be kept busy for the next few days.

One of the chief reasons for the delay in taking out permits is said to be the regulation requiring a certificate of vaccination to accompany all applications for permits. To meet the needs of those who do not care to pay a doctor's fee for the vaccination, the Board of Health has been giving free treatment to those who wish it. Only sixty have availed themselves of this so far, but as another opportunity will be given during the next few weeks, it is likely that a large number will still apply at the offices of the Board.

The steadily increasing number of families who spend the summer in the country has also something to do with the delay in taking out permits. A big rush is expected on Thursday, but large numbers of parents do not think it worth while to bring the children to town this week as Labor Day comes on Monday and makes another break in the school days. More will probably come in next week, but until the cold weather arrives and people move to the city for the winter applications may be expected to continue.

When the schools open there will be additional accommodation for a large number of pupils. The Winter street annex containing six rooms will be opened for the first time and another room is to be opened in the Leinster street building to relieve the pressure on the Victoria school annex.

DORANDO, MARATON RUNNER, WINS BRIDE

Weds in Italy, and Couple Will Live in Villa, With Money He Earned

LONDON, Aug. 23--The Daily Telegraph's Milan correspondent states that Dorando Pietri was married on Thursday at Carpi, to his pretty young sweetheart, Senora Teresa Dondi. The young couple will live in a villa, which Pietri built with money he earned in America.

Dorando Pietri, or "Dorando," as he is better known, is a famous Marathon runner, who defeated in the Olympic games by "Johnny" Hayes, came to this country and challenged Hayes to a Marathon contest. Dorando also was a competitor in several Marathon races and is reported to have made a small fortune by his prowess.

POWER BOATS COLLIDED, ONE BADLY DAMAGED

The Swastika Was Run Down by the Bonsel at the Moorings at Millidgeville Last Evening.

While searching for their moorings last night at Millidgeville the motor boat Swastika and Bonsel collided resulting in considerable damage to the former.

As soon as could be ascertained Mr. Frank Hamm in the Swastika was about to pick up his mooring and had strapped his motor when the searchlight of the Bonsel owned by G. E. C. Gandy was flashed upon them. The intense light blinded those on board the Swastika for the moment, and before they could get out of the way the Bonsel was upon them striking their boat about midships and rendering her helpless.

The blow was a glancing one as efforts were made by the Bonsel crew to swing off to the Swastika. The mishap was purely accidental and no blame is attached to those on board the Bonsel. Immediate action on their part prevented a serious fatality. The Swastika will be repaired and will be docked in the R. K. Y. C. yard at Millidgeville for that purpose.

CANADIAN FEDERATION OF LABOR MEETS SEPT. 28TH

Status of Foreign Bodies Will be Considered -- Gov't Policies Also to be Discussed.

TORONTO, Ont., Aug. 23 -- The first annual convention of the Canadian Federation of Labor will open in Ottawa September 23. The circular of invitation is signed by J. W. Patterson, President, and Geo. C. Mercure, and urges every local to send representatives to the meeting.

The convention, the circular states, will be asked to consider the advisability of requesting the Dominion Parliament to acquire into the status of foreign labor organizations doing business in Canada and to establish a liability of such organizations to Canadian members. Imperial defence and the immigration policy of the country also will be considered.

SIG FRENCH BALLOON FELL INTO THE RIVER

The Bayard-Clement Dirigible Comes to Grief -- Aviators All Saved -- Had Made a Previous Trip.

PARIS, Aug. 23--The Bayard-Clement dirigible balloon, making a night today fell into the Seine. The aviators on board the airship were saved.

The Bayard-Clement dirigible balloon was built in Paris last fall. It is 159 feet long and has a capacity of 15,000 cubic metres. The car is built of steel tubes. The airship is fitted with a steel covered wheel house and shelter for the pilot and passengers. The motor is attached to the frame by strings so as to prevent the vibration from being transmitted to the frame work. The balloon is driven by a wooden propeller about 15 feet in diameter which has a speed of 350 revolutions a minute. The ship made a successful trial trip several months ago.

SACKVILLE NEWS.

SACKVILLE, N. B., Aug. 23--The preacher in the Presbyterian Church last evening was Rev. Gordon Dickie, of St. John, who with Mrs. Dickie is visiting his father, Rev. A. B. Dickie.

The Liberals will hold a big picnic at Rockport tomorrow. Messrs. Emmerson, Robinson, Swansy, Copp and Leeger will be present. In the evening the new Liberal hall will be formally opened.

Rev. C. W. Cory, now a resident of Wolfville, has been extended a call to the Baptist pastorate of Middle Sackville and Midigo, in succession to Rev. B. J. Stevens, now of Hartland. His decision will be announced shortly. Mr. Cory is a son of the late Rev. W. T. Cory, who was in the Baptist ministry for many years. During the past few years he has been acting as eastern representative of the Baptist Northwest Mission. Prior to that he was engaged in pastoral work in Edmonton, going thence from Liverpool, N. S. At one time he was pastor in Charlottetown.

Ernest McKay, of Anderson, has returned from Montreal. He went some days ago to have a piece of steel filing taken from one of his eyes by means of an electro magnet. The operation was entirely successful. The bit of steel flew into McKay's eye as he was filing part of his bicycle. The operation was performed at the Royal Victoria Hospital.

MEADVILLE, Miss., Aug. 23--An attempt was made late last night to assassinate Ernest Newman, Deputy Clerk of the Court, who succeeded his father, Dr. E. H. Newman, who was killed in a sensational fight a few days ago. Armed men on horseback surrounded his home and one of them fired at him through a window. He was also in the arm. The would-be assassin escaped. Bloodhounds are on the trail.

NEWPORT, R. I., Aug. 23 -- With twelve players competing the fifth round in the National Tennis Tournament at the Casino Courts was started this forenoon. The principal match was between William J. Clothier of Philadelphia, former title holder and Karl Behr, of New York, who was runner-up several years ago.

THE RUSH TO BOSTON IS ON IN EARNEST

Nine Hundred Left Here on the Austin and Cobb Saturday Night and This Morning

Taking away the largest number of passengers during the season the Calvin Austin sailed on Saturday evening at 7.30 o'clock for Boston. Ideal weather made the trip a most delightful one. Every available room on the steamer was taken. State-rooms had been booked weeks in advance for the trip. The passengers were chiefly American tourists, but there were also numerous provincial people, who are leaving to spend their holidays in the States.

The Governor Cobb brought a large number of passengers to the city on Saturday evening. The steamer sailed this morning with about two hundred passengers.

The company expects a still greater rush during the next few weeks. Incoming passengers should book their state-rooms early.

SALT LAKE CITY, Utah, Aug. 23 -- Moses Thayer, prominent in business and financial life of Utah, died at his home in Logan. He was formerly a Mormon Apostle but withdrew because of his candidacy for the United States Senate in 1896, when he was defeated by Joseph H. Rawlins.

NEWPORT, R. I., Aug. 23 -- With twelve players competing the fifth round in the National Tennis Tournament at the Casino Courts was started this forenoon. The principal match was between William J. Clothier of Philadelphia, former title holder and Karl Behr, of New York, who was runner-up several years ago.
