## RED FLAG STILL FLYING IN CAPITAL OF RUSSIA

According to Petrograd Telegram Workmen of Russia May Strike—Russian People Making Drive at Proletariat of Whole World (the Kaiser).

Petrograd, Mar. 29, via London.—An appeal to the workmen of the German and Austrian coalition to rise against the imperial authorities and to establish their freedom, says the Petrograd Telegram Agency (the Russian official news agency), was launched at a mass meeting of workmen, soldiers and deputies held today at the Duma.

May be Strike.

The appeal was directed to the proletariat of the whole world, but it especially designated the Central Powers, urging the workmen of those countries "throw off the yoke of autocratic rule, as the Russian people have overthrown the imperial autocrat, and refuse to serve longer as an instrument in the hands of kings, capitalists and bankers."

By a united effort, the appeal de-

clares, "we can stop this awful murder, which is the shame of humanity."

The document states emphatically that it is not a craven appeal for peace, declaring:

"Russia will defend its new found liberty against all interference whether from within or without. It will not yield before belligerent bayonets, nor will it permit itself to be coerced by foreign military powers."

"During the debate on the text of the appeal opposition was offered by several speakers who expressed the opinion that it was inappropriate and likely to be misunderstood in Germany as an admission of weakness. M. Tolstoy, Socialist member of the Duma, and president of the Workmen's and Soldiers' Delegates, replied:

"When we speak to the Germans we always keep guns in our hands. We shall fight to the last drop of blood for liberty, if the Germans do not accept the appeal. The dominating idea of the appeal is that we are seeking peace by urging others to throw off the yoke."

## THE BRITISH DENY THE HUN LIES

Official Statement From British War Office—"Amazing Impudence of This Collection of Lies."

London, Mar. 29.—The British Admiralty today issued a statement regarding the German wireless press message announcing the capture of British merchant ships from appropriated to take on special crews for trips to Entente and neutral ports.

After calling attention to the "amazing impudence of this collection of lies," it continued, "not one case has occurred of a British sailor refusing to go to sea, and the reference to the employment of only colored and neutral crews is an invention circulated with obvious intention of stirring up trouble in Moslem and innuendo countries."

## A. P. WINS IN FAMOUS SUIT

William R. Hearst of Boston  
American Loses Case

New York, Mar. 29.—The application of the Associated Press for a writ of injunction, restraining the International News Service from appropriating complainants' news at any time prior to publication by complainants' members was granted by the judge in the federal district court today. As to the right of the complainant to an injunction restraining the defendant from the application of complainants' news after publication, the court states as follows:

"While I am personally satisfied, after giving the matter most deliberate and careful consideration, that the right exists to prevent the sale by a competing news agency of news which is taken from an early publication of complainants' members before a sufficient time has elapsed to afford opportunity for general publication, and that the existing practice amounts to unfair trade, yet the matter is one of first impression, and my decision cannot be regarded sufficiently free from doubt to justify the granting of preliminary injunction upon this branch of the complainants' application."

## SOLDIERS IN BIG RIOT AT PRINCE ALBERT

Practically Every Window  
Broken in Police Station by  
Reason of Attack by 150  
Men.

Prince Albert, Sask., March 29.—Practically every window in the front of the Prince Albert police station is broken as the result of an attack upon it by about 150 soldiers of the local battalion last night in resentment for frequent arrests and fining of the men of the battalion for violations of the liquor act. The men surrounded the building and threw sticks of wood from a nearby pile through the windows. Eventually Lieut.-Col. J. E. Bradshaw, M. L. A., and Major Smith succeeded in restoring order.

## MONETA MINE TO BE REOPENED SOON

Special to The Standard.  
Toronto, March 29.—After having been closed down for a long period the Moneta Mine will probably be reopened in the near future, and the possibilities of the property given a fair test according to the weekly letter of F. C. Sutherland and Co.

Negotiations are under way by which the company will be reorganized in such a way that several hundred thousand dollars will be available for aggressive development.  
At the new Ray property in Porcupine the machinery of the stamp mill is now being overhauled preparatory to the resumption of milling operations on the first of May, when the company expects to go on a substantial production basis. This will make eight properties in all on the producting list in the Porcupine camp. The company owns 321 acres in ground which geological and geographical maps of the camp show possess remarkable strategic value.

## COLORS CREWS ON SHIPS SAYS BERLIN

Berlin, Saturday, March 24, by wireless to Sayville, March 29.—"According to reports from Rotterdam," says the Overseas News Agency (the official German news bureau), "the captains of British merchant steamers have been instructed to take only colored crews for trips to ports of the Entente Allies, and for traffic with neutral ports to ship only neutral sailors."

"On account of the increasing number of desertions in British ports the sailors must go on board as soon as they are enlisted."

## U. S. RELIEF WORKERS WITHDRAW FROM BELGIUM

Washington, Mar. 29.—Officials of the state department today confirmed reports that American relief workers withdrawn from Belgium and Northern France will be taken to Germany and submitted to a short "news quarantine." This procedure was agreed upon a long time ago, when it seemed probable that the Americans would have to leave.

Officials here, therefore, regard it as entirely correct.  
Minister Brand Whitlock will not be detained, in any way, but will proceed immediately to his post at Havre, France, the temporary Belgian capital.

## TRADING AGAIN IN MONTREAL MARKET

(McDUGALL & COWANS.)  
Montreal, Mar. 29.—Trading was again today at a standstill. The volume was very light, with little outside interest taken. The Canadian Car stocks were again fairly active, but outside of these stocks, fluctuations were insignificant and of no importance. It looks as if there would be no activity until after the present addresses congress next week, and the trend of the New York market then can be seen.

## NEW WAGE SCALE IN COBALT MINES.

Special to The Standard.  
Hallebury, Ont., March 29.—A new wage scale has been adopted by a number of the Cobalt mines. Base wages are to remain as at present. A bonus of twenty-five cents will be paid when silver is more than sixty cents an ounce, double bonus when more than seventy cents, and triple bonus when more than eighty cents an ounce. The mine workers are not satisfied with the new scale, as it does not include all the employees, and they want a permanent increase.
