FORMER ST. JOHN CAPTAIN SAID TO BE DESTITUTE

NEW APPLICANT FOR A RETAIL LIQUOR LICENSE

Has Family and Considerable Means at Home, Boston Despatch Says—May Be Man Well Known at This Port.

The following was received in a despatch from Boston last night: "George E. Stevanus, of St. Martins (N. B.), has been committed to the Taunton asylum by the Attleboro police court until relatives come for him. Stevanus, who is 76 years old, was into Hebronville last Sunday night, destitute, and the police took charge of him. It developed that he has a good home in St. Martins. He owns a house and his family is fairly well off. He is a ship master's certificate and was once considered one of the most proficient masters putting out from St. John, where he made his headquarters. Later he was labored under a wife's management and would be a nuisance to his family if he remained home."

Shipping men in this city believe the man referred to as Captain Stevanus is well known at this port, having commanded several St. John vessels. He was considered a most capable skipper.

COMMISSIONERS MET YESTERDAY TO RECEIVE REQUESTS AND WILL CONSIDER THEM ON THURSDAY, JANUARY 19—THE NUMBER OF APPLICATIONS.

The liquor license commissioners for the city held a meeting yesterday afternoon and appointed another meeting for Thursday, January 19, 1911, to consider the applications in the hands of the inspector for renewal of licenses and hear objections to the same. The meeting will be in the office of the inspector, Princess street. The only new applicant is Ernest Friars who conducts a cigar and pool room, in Mill street, and who now seeks a tavern license for No. 122 Mill street. Several transfers have been made during the past week. J. B. Madden succeeds the late Hagen Campbell, Union street; P. Sullivan, who was formerly in Lorne ward, has taken over the premises of Mary A. Powers, 312 Prince William street; Mrs. Jane Brennan succeeds her late husband, Henry Brennan, Water street; A. M. Philip now holds the license for the Victoria Hotel, succeeding D. W. McCormick; and Mary Trainor takes over the business of her late father, Peter Trainor, corner of Charlotte and Britain streets. Josh Ward will be compelled to move May 1, but it is expected he will seek to renew his license for the present premises in the near future.

Altogether there are fifty-three applications for retail licenses; six for hotels; twelve wholesale, two breweries and one club license. Following are lists of the city and county licenses:

Retail.

Madden, Sylvester B., 193 Union street.
Brennan, James, 48 Sylvester B. Madden.
Nugent, M. J., 432 Douglas avenue.
Finney, W. O., 6 Church street.
Caples, Richard, 313 Brussels street.
Conlon, Felix H., 84 Brussels street.
Gallagher, Mrs. Jane Brennan, succeeds her late husband, Henry Brennan, Water street; A. M. Philip now holds the license for the Victoria Hotel, succeeding D. W. McCormick; and Mary Trainor takes over the business of her late father, Peter Trainor, corner of Charlotte and Britain streets. Josh Ward will be compelled to move May 1, but it is expected he will seek to renew his license for the present premises in the near future.

Concrete Sidewalks are Safe, Sightly and Everlasting

Concrete, on the other hand, improves with age, and the very dampness which destroys lumber calls out the best qualities of the cement by making it harder and harder until neither time nor traffic can affect it.

The best of wooden walks keep getting out of repair and are a continual menace to life and limb. They are also a frequent source of expensive doctor bills and lost time. Then again, they are likely to eat up the original cost in repairs before they are replaced.

Concrete walks are sightly, everlasting and safe. They cost less to build and need no repairing nor painting.

Write for our free book, "What the Farmer Can Do With Concrete."

It tells in plain, simple language, how you can save money on farm construction by using cement for Barns, Dairies, Foundations, Fence Posts, Troughs, Feeding Floors, Hitching Posts, Stalls, Silos, Stairs, and so forth. The Book is well illustrated with photographs, plans and diagrams. Fill out the coupon or send a postal card today.

Simply address it to me a copy of "What the Farmer Can Do With Concrete."

FIGURES THAT TELL STORIES

CANADA'S ELEVATOR CAPACITY

The Department of the interior has issued a map showing the location and capacity of each elevator in the three Western Provinces. The picture shows the relative standing of the three Western wheat Provinces in elevator capacity, and that of Ontario, whose elevators handle Western grain. In the West, the farmer hauls his grain, as soon as it is threshed, to the nearest elevator, while in the East, the grain-grower stores his grain in his own barns and disposes of it gradually. Canada's elevator capacity is about 97,500,000 bushels, and it will be noticed that Ontario's mammoth elevators have a capacity of more than one-third of the total of the whole Dominion. The greatest elevator centre in Canada is Fort William, with a capacity of over 12,490,000 bushels, and Port Arthur ranks next with 9,250,000 bushels. If the projected union takes place, the united cities of Port Arthur and Fort William will have a total elevator capacity of over 21,700,000 bushels, or about one-fifth of the elevator capacity of Canada. Tiffin, on the Georgian Bay, with an elevator capacity of 3,450,000 bushels, is a larger elevator centre than Montreal, which has 3,331,000 bushels capacity, and St. Boniface is next with 1,405,000 bushels capacity; but Depot Harbor, Kingston, and Owen Sound each has larger elevator capacity than Winnipeg, while Keewatin, Prescott, Port Colborne, and Meaford each exceeds the elevator capacity of St. Boniface.

HOW TO GET HENS TO LAY TWO EGGS A DAY

New Jersey Florist Hits on Scheme to Produce Delicate Effects in Taste and Color and Make New Laying Record.

(New York Herald.)

Elaborating a scheme of a fellow tradesman in Connecticut who induced his hens to lay by deceiving them as to the season of the year, Charles S. Cooney, who conducts a greenhouse at Livingston (N. J.), has succeeded even beyond his hope. The Connecticut man screened the end of his small greenhouse as a hen yard. His chickens, turned into this enclosure and looking through at the geraniums and other plants, were fooled into a belief that summer was at hand, and they began laying at top speed.

MICHAEL KELLY SEN. S GREETING TO FRIENDS

Refers to His Work in Behalf of Temperance—Thanks All Who Have Supported Him.

Michael Kelly, grand electoral superintendent, I. O. G. T., formerly of St. Martins, and now living in Digby (N. S.), has issued the following greeting to his friends:

"To my Christian, Temperance and Orange Co-workers in New Brunswick. Greeting—

"Though residing in another province, I expect in a few days to resume my labors in New Brunswick. Though a member and officer of the Grand Lodge, I. O. G. T. of New Brunswick, and working under its auspices, I am also a member of the S. of T., having joined that noble order thirty-three years ago, and have been prominently identified with it ever since. In my several years through the province I have carried out an inviolable rule to speak in behalf of the local society utterly regardless of its temperance appellation, and where I found dormant organizations I affiliated with them and endeavored to have in every case strongly advocated their resuscitation. I have always been much more deeply interested in the general cause than in any particular organization. I realize that like any other order had I made up of different fraternal orders known by different names, our aim is one. Where no temperance body existed I have always endeavored to found a Temperance Lodge, but where any other order had a footing I have always regarded as very detrimental to the general cause the establishing of a second society. I purpose pursuing exactly the same course in future and in carrying out this plan I will not submit to any interference or dictation prompted by a spirit of narrowness or bigotry. I labor for the mental, moral and spiritual elevation of the people and in this work I earnestly solicit the hearty sympathy and help of all. My aims are the immediate prohibition of the accursed liquor traffic, the reclamation of drunkards, the saving of our young men and the preaching of the gospel of Christ. My motto is labor with all for the good of all. The press and public have aided me much for which I feel profoundly grateful. Thanking all for past favors, and soliciting your continued confidence and support, I am, with best wishes,

"Yours in the good work,
"MICHAEL KELLY,
"Digby (N. S.), Dec. 26, 1910."

WE wish to thank the public heartily for the most prosperous year in our history.

We will begin our 44th year Tuesday, January 3rd.
