Whether the somewhat startling speeches delivered in the Conservative association rooms were intended for publication or not is not known. In any case they are reproduced with artless candor and simple frankness by the government's organ. The account appears on the front page of The Journal under the heading: "Warns Conservatives—Several members of parliament tell club that elections are near." Wars the Old Flag.

Richard Blain, of Peel, recently mentioned as the successor to Speaker Sproule, as the first comrade of the land, was the opening speaker. Filled with the same righteous pride which inspired Major Sam Sharpe at Hot Springs (Vt.), recently, when he informed the interviewer that it was a fortunate time for Great Britain and the empire that the "imperialist party" was in power in Canada during the present crisis, the Blain of Peel, is reported in The Journal as declaring: "That it was greatly in the interest of the country that the Conservatives were in power in this particular time. The Conservative party had stood for loyalty even in the darkest days. The return of the Conservatives in 1911 was a fortunate thing for the country."

But this was not sufficient. At a time when Canadian financiers are looking toward the New York money market for loans, Mr. Blain is reported to have made the following declamatory utterance: "We are entangled enough now in this crisis with our indebtedness to the south of us. Where should we have been if repudiation had been adopted?" On Thursday last Hon. W. T. White announced the budget that a horizon of high taxation would go into effect immediately, in order that additional revenue might be gained to make up the deficit between revenue and expenditure. Mr. Blain is apparently determined that there shall be no increase of revenue, for he advocated the keeping of foreign imports altogether. He urged all Canadians to insist on the

One reason why, in this year of depression, administration expenses of the federal government will reach \$140,000,000 instead of \$87,000,000 in the last year of the Laurier administration, is that while the present government have dismissed 2,116 employees in the civil service they have appointed 10,578. Reckoning each of the 8,000 people added to the country's payroll being the head of an average family, we have 40,000 more people living off the taxpayers than there were in 1911.

THE DISTRICT SCRIBE reported the largest membership since organization of the district in September, 1908. The banner for greatest increase in adult paid-up membership in the year has been won by Rexton Division. WARRANTS THAT ELECTION IS NEAR

Conservative Speakers at Ottawa Rally Mixed Patriotism and Politics—Declare the Borden Government the Saviour of Canada—Tariff Beneficiaries Wave the Old Flag—Government Organ Features the Warning to Be Ready for an Appeal to the Country.

Ottawa, Feb. 17.—Rousing patriotic addresses with an incidental warning to the party in Ottawa to keep the decision clear for action, as the next federal general election was not far off, featured the splendid rally of Conservatives at the splendidly lighted last night. Several addresses of parliament were given, gathering, all intimating that the next election was not far distant.

The above interesting paragraph, prefacing an account of the above meeting, appearing this afternoon in the Evening Journal, the government's organ at the capital. The warnings referred to were being delivered in the association rooms of the "imperialist party" were expediting the passage of \$11,000,000 of estimates for the coming fiscal year.

It was decided to hold the next session at Rexton on Good Friday. A very successful public meeting was held in the evening. Where the Money Goes. (Montreal Herald.) One reason why, in this year of depression, administration expenses of the federal government will reach \$140,000,000 instead of \$87,000,000 in the last year of the Laurier administration, is that while the present government have dismissed 2,116 employees in the civil service they have appointed 10,578. Reckoning each of the 8,000 people added to the country's payroll being the head of an average family, we have 40,000 more people living off the taxpayers than there were in 1911.

WARRANTS THAT ELECTION IS NEAR

Conservative Speakers at Ottawa Rally Mixed Patriotism and Politics—Declare the Borden Government the Saviour of Canada—Tariff Beneficiaries Wave the Old Flag—Government Organ Features the Warning to Be Ready for an Appeal to the Country.

Ottawa, Feb. 17.—Rousing patriotic addresses with an incidental warning to the party in Ottawa to keep the decision clear for action, as the next federal general election was not far off, featured the splendid rally of Conservatives at the splendidly lighted last night. Several addresses of parliament were given, gathering, all intimating that the next election was not far distant.

The above interesting paragraph, prefacing an account of the above meeting, appearing this afternoon in the Evening Journal, the government's organ at the capital. The warnings referred to were being delivered in the association rooms of the "imperialist party" were expediting the passage of \$11,000,000 of estimates for the coming fiscal year.

Whether the somewhat startling speeches delivered in the Conservative association rooms were intended for publication or not is not known. In any case they are reproduced with artless candor and simple frankness by the government's organ. The account appears on the front page of The Journal under the heading: "Warns Conservatives—Several members of parliament tell club that elections are near." Wars the Old Flag.

Richard Blain, of Peel, recently mentioned as the successor to Speaker Sproule, as the first comrade of the land, was the opening speaker. Filled with the same righteous pride which inspired Major Sam Sharpe at Hot Springs (Vt.), recently, when he informed the interviewer that it was a fortunate time for Great Britain and the empire that the "imperialist party" was in power in Canada during the present crisis, the Blain of Peel, is reported in The Journal as declaring: "That it was greatly in the interest of the country that the Conservatives were in power in this particular time. The Conservative party had stood for loyalty even in the darkest days. The return of the Conservatives in 1911 was a fortunate thing for the country."

But this was not sufficient. At a time when Canadian financiers are looking toward the New York money market for loans, Mr. Blain is reported to have made the following declamatory utterance: "We are entangled enough now in this crisis with our indebtedness to the south of us. Where should we have been if repudiation had been adopted?" On Thursday last Hon. W. T. White announced the budget that a horizon of high taxation would go into effect immediately, in order that additional revenue might be gained to make up the deficit between revenue and expenditure. Mr. Blain is apparently determined that there shall be no increase of revenue, for he advocated the keeping of foreign imports altogether. He urged all Canadians to insist on the

Mr. Clarke's reply, thereto, the committee on the state of the order brought in the following report: The dismissal of Geo. N. Clarke from the office of Inspector for Kent county, according to the Royal Gazette of May 13, 1914, was dismissed from that office "for neglect of duty." Mr. Clarke's resignation from the hon. provincial officer, fell to find that the government has as yet shown any cause for the aforesaid dismissal, and he again respectfully asks the government to grant Mr. Clarke an investigation.
