

WHAT YOUNG MAN WANTS TO JOIN SAFETY FIRST CONTINGENT?

Colonel Currie, M. P., Commander of Gallant Toronto Highlanders, Wiped Out at Ypres, Makes Stirring Appeal at Fredericton Anniversary—Ten Per Cent. Too Small an Allowance for Reserves—Celebration at Other Provincial Points.

Thursday, August 5. One of the most memorable events in the history of St. John marked the close of the first anniversary of the entrance of Great Britain into the war of nations when, in King square, assembled thousands of citizens to endorse the patriotic sentiments contained in a resolution of determination to continue the conflict to a victorious ending. It was a scene long to be remembered. And all who participated must have felt the thrilling of patriotic fervor as able speakers addressed them.

Not only in King square but in the amusement houses did many people gather and listen to inspiring speeches on the significance of the declaration flashed throughout the world a year ago yesterday when the Kaiser and his race ignored the now famous "little scrap of paper" and the insignificant little British army.

From early in the evening people began assembling along the walks and paths of the square, and those who could not get within hearing distance of the speakers upon a temporary platform decked with a large Union Jack and smaller flags, found their way to the amusement houses where they heard the speakers on the day and its meaning. Included in the throngs were members of the several local chapters of the Daughters of the Empire, assisted by a detachment of boy scouts and, working in the interest of patriotic funds, collecting the ever necessary dollar. It is believed that the results in this respect will be most encouraging. The theatres were visited as well as King square and collections taken at the exits.

A fine programme of music was given by the Carleton Cornet Band which was much enjoyed. In the Opera House, Imperial, Lyric, Gem and Unique theatres citizens gave addresses, all of which were heartily received. These included L. P. D. Tilley, K. C., W. J. Mahoney, R. E. Armstrong, S. C. Hurley and Walter E. Foster. Hon. Mr. Hazen and Mayor Frink addressed the audiences gathered in the Imperial and they and Hon. H. A. McKown and Hon. J. G. Forbes spoke from the stand in the square.

At the conclusion of the speeches there Hon. Mr. Forbes put the resolution to the vote of the people and it was carried with vigorous response. Then came the national anthem by the band, with many singing, and cheers for the King, Hon. Mr. Hazen and the army and navy.

Fredericton, Aug. 4.—Citizens of Fredericton commemorated the first anniversary of the declaration of war today in a most fitting manner. The city was gay with bunting and business was pretty well suspended during the afternoon. A parade, composed of firemen, members of labor unions and decorated automobiles was formed on Parliament square at 2 o'clock and proceeded to the Government House grounds, where patriotic addresses were delivered by Governor Wood, Col. John A. Currie, M. P., Rev. Dean Neales, Premier Clarke, Attorney-General Baxter and Mayor Mitchell.

The formal resolution expressing the indelible determination of citizens to continue the war to a victorious end was unanimously adopted on motion of Mayor Mitchell, seconded by Premier Clarke. Upwards of 1,000 people were present and the different speakers were heartily cheered.

Governor Wood gave a brief review of events leading up to the war and the conflict in the ultimate success of Britain and her Allies. He referred to a telegram which he, on behalf of the government, had sent to the governor-general at the outbreak of hostilities pledging hearty support of the people of New Brunswick. He was proud to say that New Brunswick had more than fulfilled that pledge.

Mayor Mitchell praised the work of the British navy in bottling up the German fleet and driving her commerce raiders from the ocean. He also paid tribute to Fredericton boys serving at the front and urged other young men to join with them in the great struggle for liberty.

Rev. Dean Neales in a stirring address pointed out that although much had been accomplished by the Allies the issue of the war still hangs in the balance. He believed that but for the British navy which has driven the enemy from the sea, the war would have been won by Germany. He pointed out that the place for those who would fight for Canada is in Europe. He urged young men to respond to the call and not play the part of cowards.

An Officer from Front. Col. Currie, who was received with three cheers and a tiger, spoke for nearly an hour and was followed with great interest. He spoke of the splendid work of the British navy and thought it a blessing to Canada in this year of bumper crops that the seas had been swept clear of German commerce raiders.

He next dealt in a very interesting manner with a description of life in the trenches. He said that when the war broke out the percentage of reserves was placed at the ten per cent, all the British regulations allowed, but the lesson was quickly learned that a man would be sixty and seventy per cent were sustained.

He denied the story that Canadians had shown lack of discipline at Salisbury Plain. Not more than two per cent of men fell by the wayside and those were mostly old soldiers. Canadians, he said, took their training seriously, knowing that they were to follow the British expeditionary force which had fought in the great actions of Marne and Mons and that much would be expected of them.

That Canadians fulfilled the highest expectations was shown by statements of some of the ablest British soldiers who had declared that the Canadian division was the equal of any which went into war.

"When a colonel of the Grenadier Guards tells you that," said Col. Currie, "it is enough to make you breast swell with pride."

He thought that the praise heaped upon Canadian troops was well deserved. He spoke of the wonderful cheerfulness of Canadian soldiers under all circumstances. With bullets whistling and shells bursting around them they showed no more fear than if they were at a lacrosse match. A wounded Canadian would not groan but merely clenched his teeth and declare that he would not allow a German to take him alive.

Speaking of life in the trenches he said that men over forty who had anything wrong with their heart or lungs could not stand the strain. If a man receives the slightest wound he is sent to hospital at once as the soil of the com-

A charge of the Royal Naval Division. The photo was snapped as they dashed from the trenches, an officer leading, over the fire swept zone toward the Turkish trenches.

which the winners were Chatham 11 and Loggville 1. Batteries in this were: Chatham, Carroll and Currie, and Loggville, England and Jenkins.

The Chatham combined band furnished music all day and at the dance that followed which was kept up until a late hour.

Speeches were made by Mayor Hickey, J. L. Stewart, M. P., and Alderman W. B. Snowball. The resolution passed expressed the determination of the people to support the war to a successful end.

Machine Gun Fund at Digby.

Digby, N. S., Aug. 4.—(Special).—The citizens of Digby are to be congratulated on the success of their patriotic demonstration today. Early this morning flags were displayed from every available flag staff, and nearly every building in the town, business blocks and private residences, were draped with bunting. All the shipping in the harbor and the yacht squadron presented a very attractive appearance with their display of colors. The mayor declared a half holiday, and at 2.30 a programme of patriotic speeches and patriotic music was well carried out from the steps of the court house.

The speakers included Mayor W. W. Hayden, Rev. Wm. Driffield, B. Hovey, H. B. Short, Rev. Robert McArthur, Clarence Jamieson, M. P., Rev. Guy MacKenzie, Rev. Father O'Hara and Major D. C. McKay. A subscription list was opened for a machine gun to be sent from Digby county, and a large sum of money was immediately subscribed. A big crowd was in attendance and the best of order prevailed.

The music was furnished by the Bear River brass band. The interest displayed and the money subscribed by summer visitors demonstrated the support of the British by the citizens of the United States.

A gathering party on the rectory grounds by the ladies of Holy Trinity church, was well patronized.

The yacht Comfort sailed for Boston this morning.

Impressive at Sussex.

Sussex, N. B., Aug. 4.—(Special).—The anniversary celebration of the war which was held at Riverside Park this evening was attended by an exceedingly large gathering, which was very attentive and showed much interest in the programme which was carried out. His Worship Mayor Wallace presided and in opening made a few well chosen remarks.

The hymn, O God, Our Help in Ages Past, was sung with much earnestness by the large crowd. A prayer was given by Rev. Mr. Shewen, and a scripture lesson by Rev. H. C. Rice.

An address by Colonel Mersereau, was listened to with deep interest by the gathering. Patriotic selections were given by the Citizens' Band, and an address by Lieutenant A. J. Brooks practically covered the ground from the beginning of the war to the present day.

His remarks were greatly appreciated and received with keen interest. A solo by W. H. Plummer, We Will Never Let the Old Flag Fall, with the chorus by the audience, and selection by band, were followed by adoption of a resolution declaring the righteousness of the war and affirming the desire of the citizens to do their utmost in assisting the Empire to bring about as speedily as possible a successful termination of the war.

In Albert County.

Hopewell Hill, Aug. 4.—(Special).—In observance of the anniversary of England's entry of the great war for the cause of liberty and justice, a large and successful gathering was held here this evening under the auspices of the Women's Institute on the grounds of the president, Miss Cella Peck. The grounds were tastefully illuminated with Chinese lanterns and a patriotic programme was carried out, consisting of the chorus O Canada; solo by Mrs. Ople, and stirring addresses by Rev. Mr. Ople and Rev. H. E. Dewolf, of Albert, closing with the National Anthem.

Others taking part in the conclusion of the programme, refreshments were sold and a good sum realized for patriotic purposes.

It is announced that the warden and councillors of Albert will meet in special session in a few days for the purpose of voting money for the purchase of a machine gun for presentation to our soldier boys at the front. Albert county is determined to keep up its reputation of being loyal to the core, and for the present parties, creed and factions are tabooed until the one supreme object is obtained, namely, victory for the cause of truth and liberty. The special session is likely to be held this week.

Banquet to Sir Wilfrid.

Ottawa, August 2.—St. Lin Que, the birthplace of Sir Wilfrid Laurier, will honor his distinguished son on August 7. Sir Wilfrid will be tendered a banquet by the citizens of St. Lin on Saturday night. The following week on August 12, he will address a recruiting meeting at Sherbrooke. During the present month Sir Wilfrid will spend a considerable portion of his time with Lady Laurier at his old home in Arthabaska.

Killed at Steel Plant.

Sydney, N. S., Aug. 3.—Charles Vincent, aged 48, a native of Harbor Au Bonheur (N. B.), was killed today at a steel plant. Cars under which he was working ran over him, severing his head.

WHEN THE E-11 CAME BACK

This striking photograph shows (above) the crew of H. M. S. Grampus cheering the British submarine E 11 on her return from her daring dash through the Dardanelles, when she sank three Turkish vessels in Constantinople harbor. Inset (below) is a photo of her periscope, shot through by a Turkish shell.

British Notes to United States Firm and Convincing.

Washington, Aug. 3.—Great Britain's replies to the latest American representations against interference with neutral commerce reject entirely the contention that the orders-in-council are illegal, and justify the British course as being wholly within international law.

"Unsustainable, either in point of law or upon principles of international equity," is the British reply to the American protest against the blockade of neutral ports, with an invitation to submit to international arbitration any cases in which the United States is dissatisfied with the action of the British prize courts.

Great Britain's reply, embodied in two notes, one supplemental, was made public here tonight and in London simultaneously by agreement between the two governments. With the notes was made public also the correspondence over the American steamer Neches, seized by the British while en route from Rotterdam to the United States with goods of German origin. All the correspondence aggregates 7,000 words.

Changed conditions of warfare, the British note contends, require a new application of the principles of international law. The advent of the submarine, the airship and the alleged atrocities by German troops in Belgium are cited as justification for the exercise of extreme measures. The blockade is justified on the contention that the universally recognized fundamental principle of a blockade is that a belligerent is entitled to cut off "by effective means the seaborne commerce of his enemy."

The note reiterates that Great Britain will continue to apply the orders complained of, although not without every effort to avoid embarrassment to neutrals, and observes that the American statistics show that any loss in trade with Germany and Austria has been more than over-balanced by the increase of other industrial activities due to the war.

War Over in Year, Morgan is Said to Have Predicted

London, Aug. 2.—A New York correspondent, who is a personal friend of J. P. Morgan, arriving yesterday in steamship New York, said that he had discussed the war with Mr. Morgan the day before sailing and that the financier said he was convinced that twelve months hence would see the end of the war.

Gypsum Queen Abandoned.

London, Aug. 3.—The crew of the schooner Gypsum Queen, from Halifax for Preston, before reported abandoned by the steamer Cyrrus, from New York.

Financier—Money talks, as they say. Surgical Friend—Yes, articulation of the bones is a common thing in our profession.

SECOND DRAFT 250 MEN CALLED FROM THE 55TH

New Brunswick and P. E. I. Must Now Supply the Deficiency Besides Filling 64th Battalion—Men of 55th Win Camp Prize for Athletics—More Machine Gun Donations—26th Fund Cabled to Lt. Col. J. L. McAvity.

Thursday, August 5. Far and away the most important military news at home is that another draft from the 55th is to be sent overseas independently so that as our special correspondent at Valcartier states there are now 400 vacancies to be filled in that battalion. He also emphasises the extreme need there is for men on the other side of the Atlantic.

No other reason would induce the authorities to make the draft just now. Its effect on delaying the formation of the 64th Battalion can only be surmised.

The Telegraph correspondent wires: Valcartier Camp, Aug. 4.—For the 55th Battalion there is but one item of outstanding interest and that is an order which has come for another draft company of 250 men from its ranks. This came as a great surprise, as it was thought that no further draft of this kind would be made upon the regiment, but there is now no doubt about the matter and the new company to go overseas is being formed and the men are vying with one another in an endeavor to obtain a place in the ranks.

It is understood that the company will be in command of five lieutenants and while only rumors are current the names most frequently mentioned are those of Lieutenants Findlay, Thompson, Major, Williams and Philips.

With the going of this company the complexion of the battalion is very much changed as detachments will be drawn from each company.

The point for the people of New Brunswick and Prince Edward Island to be impressed with is that this call is a call for more men. The 55th would not have these drafts made were it not that the need of men is imperative. With recruits now at Sussex 150 were needed to bring the regiment to full strength, but with this added draft at least 400 men are needed.

What will the two provinces represented by this fine battalion say in reply to this call?

It is understood that a similar company is to be furnished by the 40th battalion of N. B. Scouts.

On Monday morning a detachment of fifty men were detailed to fight bush fires at the entrance to Valcartier village. At noon they were relieved by another detachment in command of Capt. G. H. Campbell. The weather continued very dry.

Major J. J. Bull was field officer for the camp on Monday; Lieut. C. P. Smith was subaltern. The class in bayonet instruction was started on that day. Six men have been attested and posted to A Company and nine men to D Company.

Sunday at Valcartier.

Valcartier Camp, Aug. 1.—Sabbath day gave ideal weather conditions for church parades and they were all well attended. At 8.30 a. m. two Roman Catholic services were held, one for the French and the other for English speaking. The French-Canadian squad from the battalion was in charge of Lieut. Rice and the English-speaking squad was commanded by Lieut. Murdoch. Mass was celebrated by Captains (Father) Lizotte and Killoran. At 9.30 a. m. Protestant service for the camp was conducted. The singing was led by the band of the 55th and a choir of thirty voices under the direction of Major Bourke of Montreal. The hymns sung were: O God Our Help in Ages Past; Stand Up, Stand Up for Jesus; All Hail the Power of Jesus' Name, and the national anthem. Capt. Shires, of the 60th, led the opening part of service and Capt. Wood, of the 40th, led in the prayers. The sermon was preached by Capt. Thomas, of the 55th, from the text, "A man's life consists not in the abundance of the things that he possesses." It was shown that no life that was real consisted merely in outward things. Physical nature in its myriad forms was simply the uniform assumed by the principle of life which lay underneath. Mental life did not consist in books and colleges; physical life was more than bone and blood and muscle. The life of the patriot was not in his uniform and glistening bayonet but in a heart of loyalty that inspired to dare deeds. A man's life was not in mere possessions but in the honor and integrity of its people. Just as the individual assumed a certain character so did the nation and after one year of war the world was making a confession that never was the British character so highly valued and never did it stand higher on the roll of nations than in the present hour. Every sacrifice of her sons was evidence that the life was more than mere possessions. A practical application was made to the individual life and the need of fellowship with God and prayer that the soldier might share the life of the eternal world which was Christ's own gift. The sermon was deeply impressive from the beginning to end.

The moral and religious interests of the camp are well conserved if the number of chaplains is the test. The 60th Battalion requires both a chaplain and an assistant, the former officer being held by Capt. Burnett, a Methodist, the latter by Capt. Shires, an assistant. The 40th has Capt. Wood, Presbyterian, of Chatham, and the 55th is cared for by Capt. Thomas, of St. John. For the Roman Catholic constituency Capt. Killoran is attached to headquarters staff as chaplain for the English speaking Catholics and Capt. Sissette is chaplain for the 55th and Capt. Cervais for the 40th. Capt. Wood and Capt. Lake St. Joseph this afternoon and Capt. Thomas at Valcartier village. Yesterday afternoon was given over to sports and the boys of the 55th won their share of the honors. The champion football team of coaches went down to defeat before a team picked from the different units in camp by a score of 4 to 1. Sports of mounted wrestling, three-legged race, V. C. contests, etc., were conducted. In the mile road race Felix Symonds of Bathurst, 55th Battalion, won the first place and procured a medal. In the Y. M. C. A. direction of sports certain events are conducted each evening and a record is kept and each fortnight a prize is given for the winner with the largest aggregate. For the first fortnight that it has been in camp this honor falls to the 55th, and on Saturday evening Lieut. H. S. Murray was presented with the prize for the best fortnight. Among the best pictures shown on Saturday night were some of the scenes taken at Valcartier last autumn which were of great interest to all.

Major C. Donald is field officer today. Lieut. Auld is battalion subaltern and Lieut. C. P. Smith, ratings. Private F. J. Irvine, of "D" company, is promoted to be L. corporal and Private H. B. Watson, of Moorehouse, C. W. Adams and G. M. Mansel are transferred to staff as pioneers.

Major Chadwick, of the brigade staff, inspected the lines of the battalion at 10.15 a. m. today. The men of the 55th had their first experience on the line of fire today. Not the same fire which their comrades in arms across the sea are facing but are just the same. For some days bush fires have been raging on the environs of the camp and today they grew so perilously near that headquarters called on the 55th for aid. The assembly call was sounded at 1.15 and armed with axes, picks, shovels, etc., Lieut. Col. Kirkpatrick and his men soon showed how New Brunswick's sons met a situation of this kind. Unless rain comes soon it is likely that the men will be required in similar service for some days to come, as fires are raging in many quarters.

J. M. Stevens, of Edmundston, and J. W. Morrison, of Fredericton, were visitors to the camp today.

Mrs. S. S. Wetmore and daughter, family of Major Wetmore, is visiting in camp.

\$1,000 for Machine Guns.

Another \$1,000 gift for the purchase of machine guns was received by Major Frink yesterday. It was from the Parlington Pulp & Paper Company. He also had \$800 from Percy W. Thomson; Mrs. Eliza T. Hanford, \$10; Miss Jean Rowan, \$25; and Fred Oldford, \$25. His worship remarked that the fund was getting on well.

Yesterday morning he also received a cablegram dated London from Lieut. Col. J. L. McAvity in the words: "Good news as soon as possible; cable funds." It was in reply to the mayor's cable of the day before reminding Col. McAvity that there was a regimental fund of \$1,454 in St. John awaiting disposition. The money was cabled yesterday afternoon and his worship at once saw McAvity's Manufacturing Company and secured the only field kitchen they had available and this will be shipped forthwith from Montreal. Thus the 55th Battalion will soon be well supplied with comforts.

Recruits in City.

Three recruits for the 55th were taken on yesterday and three men enrolled for the artillery on Partridge Island. The men were not passed by the doctor until the afternoon.

Capt. J. R. Miller reports that the university company from Montreal for which he was recruiting in the 55th is now full but that in view of the possibility of another company being authorized he will receive any names of eligible men.

Defence of 12th Battalion.

Lieut. Theodore G. Roberts, of the 12th Battalion, writes a strong defence of the work done by that battalion since it was organized. He states in a letter published in Fredericton: "The 12th Battalion, C. E. F., sent 1,100 men and non-commissioned officers to France. Then it trained and sent over all the base companies of the other battalions of the division. Now it has three double companies of new troops from Canada attached to it for training, etc. Its O. C., Lieut. Col. McLeod, is now in France. Its former second in command, Major Guthrie, is in a French hospital, wounded while acting as commanding officer of the 10th. Its first adjutant, Capt. Lyne-Evans, is back in England with the Military Cross. Its second adjutant, Lieut. Bob Stirling, is dead—killed in France. Its former transport officer, Captain Ogilvie, is back in England, wounded. Captains Sturdee, Fraser, Sampson McDonald are at the front. Lieutenants Lawrie and Pearce have been wounded, and Lieutenants Morgan, Vradenberg, Hall, Kelly, Bowen, Eric MacDonald, Lefevre, Adams, McNally and Crawford are in the trenches now. Thirteen officers who are still in the trenches are here because they are on the Permanent Cadre. They want to go. The 12th has supplied men, N. C. O.'s, and officers to every Canadian battalion at the front. Its men and N. C. O.'s have been given commissions in the English Service Battalions. Lieut. Col. McLeod has been highly commended by headquarters for his organization and for the good work of his battalion. Any adverse criticism of the 12th Battalion, or its commanding officer displayed on the part of the critics, is a pitiful ignorance and a senseless ill-will."

NATIONS WILLING TO SETTLE MEXICO FATE

Washington, Aug. 3.—The six South and Central American nations which President Wilson has invited to be represented at the meeting here Thursday to consider plans for restoring peace to Mexico have formally signified their willingness to join with the United States in the preliminary conferences.

BIRTHDAY CELEBRATION.

A number of friends and relatives gathered at the home of Mr. Harvey Whelpley, Greenwich, on Thursday evening, July 29, in honor of his eightieth birthday. Although his years are so advanced, Mr. Whelpley is enjoying good health. He is a well known ship-builder in the St. John river and in his eighty-seventh year, rebuilds the steamers once. During the evening a very pleasant time was spent by all. About 6 o'clock luncheon was served in a very nicely decorated dining room.

Among those present were his only two sons, J. A. Richards, and his son-in-law, Mr. J. A. Richards, and his daughter, Mrs. Duval Whelpley, Mr. and Mrs. Charles Gorman, Mr. J. A. Richards, Mrs. Fredley, Miss Anna Miller, Miss Mary Whelpley, Master Albert Whelpley and Master Teddy Belyea.

The total area of Russia is 8,500,000 square miles, and that of South America 6,851,000.

To Women Who Dread Motherhood

Information How They May Give Birth to a Healthy Child Absolutely Without Pain or Fear of Pain—SENT FREE. No woman need any longer dread the pains of childbirth. Dr. J. H. Dwyer devoted his life to relieving the sorrows of women. He has proven that the pains of childbirth need no longer be feared by women and we will gladly tell you how it may be done absolutely free of charge, and your name and address to Dr. J. H. Dwyer, Medical Institute, Canadian Branch, Dept. St. Mary's, Ont., and we will send you his wonderful book which tells how to give birth to happy, healthy children, absolutely without fear of pain, also how to become mother. Do not delay but write TO-DAY.
