THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is Absolutely Necessary To Health

"FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets, Made of Fruit Juices, Are The Best Of All Tonics To Purify And Enrich The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50 trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

District and General.

Forest barbers close up every Friday afternoon.

Western Ontario Orangemen will celebrate the Twelfth of July at London.

John Ross was fined \$10 for trying to flirt with the women police of Chicago.

Lem Macey, of Smith, La., set a hen on twenty turtle eggs and she hatched eighteen.

For shooting peas at baldheads in an Atlantic City movie, Chas. Nichols, 17, was fined \$5.

Mrs. Ann Green, of Tyrone, N. Y., is dead, aged 81 years. She came from England 50 years ago.

Thirteen persons convicted of controlling poultry prices in New York in 1914 must pay \$300 apiece or go to jail.

Watford business men have agreed to close their shops on Wednesday afternoons during June, July and August.

Mrs. W. W. Todd, of Jackson, Mich., heard burglars in her home, so she set off the alarm clock and they ran away.

State Commissioner Mason of Chicago annulled a passport granted a young woman, saying it was no time to go to Europe.

The Post-office Department has decided to issue a two-cent postage stamp domestic use, covering both the postage and the war tax.

Since the sinking of the Lusitania the number of Germans becoming naturalized in New York has increased 300 per cent.

A campaign has been proposed in London to raise funds to rent cottages at Port Stanley for the use of invalid Canadian soldiers.

Alexander Robb, a farmer living near London, died on Thursday from injuries received the previous night while operating a disc harrow on his farm.

Donald McLean, one of the early settlers of Alburgh township, died on May 16th, aged 80 years. He was a former deputy reeve and reeve of the township.

Fire of unknown origin did about \$20,000 damage in a warehouse at the Canada Flour Mills, at Chatham, on Friday. Some three thousand barrels of flour were destroyed.

Rodney council will submit a bylaw to grant a loan of \$5,000 for ten years to the Rodney Woodmenware Company, to be paid back in ten equal payments, the first two years without interest.

Wm. J. Payne, proprietor of the Village Inn, on the river front in Sandwich East, died of pneumonia last week. For eleven years he was an engineer on the Grand Trunk Railway.

The Immigration Department reports that while immigration from Europe has practically ceased since the outbreak of the war, there is still considerable influx of agricultural settlers from the United States.

At a special meeting of the town council of Strathroy was passed a bylaw fixing a penalty of a fine, not exceeding \$50, for using sidewalks, footpaths or boulevards for bicycles, wagons, sleighs, children's play wagons, etc.

Germany's reply to the American note will not be ready for several days. It is pointed out at Berlin that the delay in the publication of the German reply will give an opportunity for the public to view the situation more dispassionately.

While Albert Donaldson, a business man of Mount Pleasant, near Vancouver, was pumping an automobile tire the latter burst and struck him on the head, fracturing his skull and causing death within a few minutes.

The death occurred in Victoria Hospital, London, of one of Strathroy's most respected citizens in the person of Richard J. Avery in his 90th year. For a number of years he was connected with the Cameron Dunn Manufacturing Company. A year ago he purchased the hardware business of James Wright & Son.

When the Calgary oil boom opened a year ago the banks of that city had about eight million dollars under deposit in the savings department, bearing three per cent. When it closed in the fall very little of this money was left to the credit of the former owners. The oil promoter captured it and a worthless oil stock certificate now takes the place of the savings bank book.

According to the last annual report of the Minister of Education there are 48 Collegiate Institutes and 112 High Schools in the Province of Ontario. The number of teachers is 587 gentlemen and 430 ladies. Salaries: Collegiate—average salary of principals, \$2,307; male assistants, \$1,084; female assistants, \$1,256. High Schools—average salary of principals, \$1,677; male assistants, \$1,488; female assistants, \$887.

The Legislature has passed a new superannuation bill to benefit the school teachers of Ontario. The measure purports to give to each teacher a generous retiring allowance to be large or small, according to the number of years given to active work of teaching. To provide the money for the annuities each teacher is to pay into the Provincial Treasury two per cent. of his salary each year, the Government two per cent. and the school one per cent. A teacher earning \$1,500 will have to pay out of his salary \$30, while the cost to a teacher earning \$500 will be \$10. The effect of this legislation will be to make teaching a more desirable profession, and men will be more likely to stick to it than in the past.

Johnston-Innes.

The marriage of Miss May Innes, second daughter of Mr. and Mrs. Wm. Innes, to Mr. John A. Johnston, of Midway, was celebrated at 6 o'clock on Thursday evening, May 26th. Rev. Geo. Weir performed the ceremony.

The bride, who was unattended, was given away by her father and was handsomely gowned in white satin trimmed with oriental lace and seed pearls, and wore the customary veil of white tulle and carried a shower bouquet of white roses and carnations.

After the ceremony about 30 guests sat down to a dainty wedding dinner. Mr. and Mrs. Johnston left on the night train for Toronto and other eastern cities, where they will spend their honeymoon. On their return they will take up their residence in Midway. The bride travelled in a suit of navy blue gaberdine. Many handsome and useful presents were received by the young couple. The groom is one of Midway's prominent young men and was chosen by the South Bruce Liberals for their candidate at the last provincial election.

Death of Arch. J. Campbell.

The death occurred at the family residence, Dunwich, Thursday morning, of one of that township's most highly respected residents, in the person of Archibald J. Campbell, aged 71 years and 9 months. Deceased had been poorly for some time. Mr. Campbell had resided there for many years, was a man of sterling character, and leaves a wide circle of friends. Besides his widow he leaves three daughters, Mrs. John Cameron, of Wallace town, and Misses Kate and Mary Bell, at home. Duncan Campbell and Mrs. Dugald Stuart, of Gelelan, are brother and sister of deceased.

The funeral service was conducted at the residence, Aldboro-Dunwich township, north, on Saturday, at 2 p.m., by Rev. Mr. Haig, and interment was made in the Simpson cemetery.

Praises Canadian Exhibit.

The Los Angeles Evening Herald says: "Citizens of the United States who go to the exposition at San Francisco will return with increased respect for Canada and the Canadian government, thanks to the great building and the extraordinary fine exhibit that represent Canada's power."

There never was seen a more complete, inspiring exhibit of the wonders of a great country.

The Canadians have gone at the thing thoroughly, they have eclipsed completely the exhibits of every one of our individual states, and that is putting it very mildly.

Every Canadian certainly should visit the Panama-Pacific exposition, if only to confirm the opinion he probably holds that Canada is a wonderful place and its government a magnificent and capable government.

In addition to Canadians, representatives of every state and every country in the United States should make it a point to spend a thoughtful day in the Canada building.

They will learn there that it is possible for a people not afraid of "paternalism or government influence" to do wonders for the building up of a country.

And they will see private corporations, railroads and others, under proper and efficient control by the people.

The Canada building is a magnificent, dignified structure; its employees are intelligent, courteous, well-chosen men.

Marvelously ingenious and striking exhibits tell the story of the great nation that lies north of us. Canada is an empire of strength, beauty, prosperity and unlimited possibilities.

Intelligent citizens of this nation will rejoice in that Canadian exhibition, with its many proofs of Canadian intelligence, energy, good government and good citizenship.

Every citizen of the United States should be glad to know that we have as our brother on the north a people so powerful, a realm so vast and prosperous.

Forever there can be between the United States and Canada only friendly feeling and brotherly rivalry.

The Canadians, at great expense and great intelligence, have sent to our exposition a demonstration of their power and ability. Every American should make it a point to study it. And every one who knows the difficulty of developing and governing a new country will how reverently to the power that Canada displays.

The exhibition made cannot properly be described. It is your duty TO SEE IT.

It shows the beginning of man's work in a wild country; the forest, the animals, the wilderness. And it shows man conquering the earth, making his home of the forest, his fertile fields of the rough plains, his servants of the waterfalls and of all his happiness in independence and free government.

A wonderful empire is Canada, not a PART of England, but a greater England. The people of this country should be grateful for the exhibition that Canada has sent to us.

A woman who was going out for a while locked everything up carefully, then stuck a card on the back door for the information of the grocer, reading "All out, don't leave anything." On her return she found her house ransacked and her choicest possessions gone. To the card on the door was added "Thanks, we haven't left much."

What is worse than biting into an apple and finding a worm? Biting into an apple and finding half a worm.

Big Barn Raising.

About three hundred people attended a barn raising at Chatham, Ontario, in Ekfrid, on Wednesday afternoon of last week, when the frame of a large building was safely put in place. The barn when completed will be not only a commodious one but will have many of the modern conveniences, including stock stables in the basement. Five bents were raised on cement foundation, and the work was accomplished without a hitch, reflecting greatly to the credit of the framer, Lachlan McKellar, of Kilmartin, and his assistant, George Hutton, of Toronto. Experts say this is one of the finest barn frames in this section—and it was Mr. McKellar's first frame engineered entirely by himself. Captains for the raising were Hector McKellar and D. K. McKae. The race was a spirited one and was won by Mr. McKae's side with a few raffers to the good. Bountiful tables, erected and spread on the lawn, were not the least interesting feature of the occasion, and the ladies came in for a lot of well merited praise.

Glencoe Horse Show.

The annual horse show and races at Glencoe on Thursday next, June 3rd, will be more than ever attractive, and the prospects are that there will be a very large gathering of people.

Engagement has been made for the day of the celebrated Chatham Boy Scout Pipe Band, and there will be good music aplenty.

There will be ten classes for horses on exhibition, ten dollars to be awarded in each class, with a special prize of a \$5 watch for best horse on the grounds. A prize will also be awarded for the best gentleman rider, and a novelty feature, "Bringing in the Dead Soldier," will be interesting.

The speed events will be a 2.50 class, a free for all and a green race, the purses totalling \$200.

Fifteen dollars will be awarded in prizes for floats in a calithumpian procession.

The parade will be at 10 a.m., to be followed immediately by a baseball match. In the afternoon the horse show and speed programme will take place at the show grounds. Music will be furnished by a good brass band. A concert will be held at the Town Hall in the evening.

Full information may be had by applying to the president, T. Henderson, or the secretary, R. W. McKellar.

An Artistic Treat.

(London Free Press.)

In spite of the inclement weather a large and appreciative audience was present at the First Presbyterian church last evening when Mr. George Lethbridge gave his complimentary organ recital, assisted by his pupil, Miss Grace Elliott, of Galt.

Lethbridge opened the recital with Fantasia and Fugue in G Minor (J. S. Bach), showing in this number the correct conception of the subjects, they being clearly brought out and carried throughout the number in a masterly way. At the conclusion of the number the audience showed their appreciation of his skill by hearty applause. Mr. Lethbridge has indeed reason to be proud of his pupil, Miss Elliott, of Galt, whose complete training has been under the guidance of Mr. Lethbridge.

Miss Elliott displays a marvelous musical temperament, with a purely developed technique, which was displayed to particular advantage in the closing movement of Concerto Op. 23 (P. Tchaikowsky). Her skill throughout the complete concerto was of an exceptionally high order, rarely to be heard, excepting by the best artists.

The orchestral parts were taken on the organ by Mr. Lethbridge in his own inimitable manner. The audience compelled Miss Elliott and Mr. Lethbridge to return a third time, giving ample proof of their appreciation of their excellent effort. The magnificent possibilities of the organ were brought out splendidly under Mr. Lethbridge's touch in the two movements from the Fifth Symphony by C. M. Widor. Mr. Lethbridge's teacher in Paris, France, in Mr. Lethbridge's Widor has one who will always give his works a faithful and magnificent rendering. In the two lighter numbers, "Minuet in A" (Bach) and "In Springtime" (Alfred Hollins), Mr. Lethbridge displayed his further ability as one who can do full justice to all that is best in the different styles of organ music. The closing number, "Fantasia Dialogues" (L. Boellmann), was one of the finest efforts of the evening, showing, as it did, the many possible effects obtainable from the organ under the touch of the master artist.

The entire recital was a great credit to Mr. Lethbridge and his pupil, and First Presbyterian church is to be congratulated on their magnificent organ and the fact that they have Mr. Lethbridge as organist. The musical profession in the city is fortunate indeed in having Mr. Lethbridge, who will always work for what is best in music.

Mr. Lethbridge may be heard on Friday, the 28th inst., in a joint recital with Mrs. Agnes Knox-Black at the First Presbyterian church.

Methodist Church.

REV. W. G. BOWSON, MINISTER

"Freemasonry, its origin, history and interpretations," will be the subject of Mr. Bowson's address next Sunday evening. Having made a special study of this subject, he will endeavor to throw some light on its mystery and remove some misconceptions as to its spirit and intentions. The public are invited; ladies most welcome, especially those whose relatives belong to the order. Morning subject, "The real, strong, practical side of Christian mysticism." Good music by the choir. Everybody welcome.
