**WARDSVILLE SCHOOL FAIR**  
Wardsville, Sept. 27.—Today the rural school fair of this district enjoyed the most successful fair ever held here. The typical fall weather, the splendid array of exhibits and the friendly competitive spirit of the young exhibitors added much to the success of the day. Some 20 special prizes were donated by Wardsville residents, perhaps the most interesting of which was the prize offered for the prettiest baby, the winner being little Jean Gray, daughter of Mr. and Mrs. J. O. Gray of Stratburg. The Wardsville high school sports were also run off on the school grounds, and a baseball game between Wardsville and Newbury took place in the evening.

An interesting feature of the fair was that the judges, after placing the awards, gave their reasons for certain placings, the purpose of this being to show the exhibitors the prime quali-

**THE HIGH COST OF LIVING**  
"The cost of high living" is the way the Lindsay Warder puts it, touching the worries of everyday life, and there is a good deal of truth in it. It says: "Come, come, go easy, seems to be the rule with all classes of workers—old and young alike. In our boyhood days a young farm hand received from \$6.50 to \$10 a month and the hired man who received \$12 a month was an extraordinary worker or possessed of unusual skill in some department or assumed unusual responsibilities. About the only holidays we farmers had were the Queen's Birthday and Dominion Day after 1867 and a day at the circus if one came. Thousands of boys and girls who are now aged men and women spent no more pocket money than \$1 or \$2 a year. Nowadays it takes that much a week for the modern young man (and \$10 a week is not enough for not a few of them). The fact of the matter is that the youth of Canada is running too much after sports and to having a good time regardless of cost instead of improving their minds and fitting themselves for a life of usefulness and acquiring a competence for marriage and old age."

**AGAINST HIGHWAY ADVERTISING**  
Billboard and roadside advertising have been under criticism for many years. The weight of adverse criticism has increased and many advertisers have taken note of the trend of popular opinion, while public authorities and all persons interested in the sightliness of highways and the preservation of scenery have taken their stand against these forms of advertising. In Pennsylvania the state highway department is reported to have issued a general order to all of the county road superintendents directing that more than 10,000 miles of state roads "be stripped of advertising signs of every description."

**TO THE REFERENDUM COMMITTEE**

The Ontario Brewers' Association can no longer disregard the attempts of the Ontario Referendum Committee to mislead the people of this Province in the forthcoming Referendum.

In its campaign literature the Referendum Committee has corrupted the statutory ballot as set out below, and its advertising positively asserts that the light beer to be voted on is intoxicating. The Referendum Committee is either misinformed or is deliberately misleading the people for a purpose.

The purpose is to make the voters believe that they are voting for or against intoxicating beer.

Examine carefully the two ballots reproduced below.

Government Statutory Ballot Paper	Referendum Committee's Distortion
<p>Question 2.</p> <p>ARE you in favor of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol weight measure through Government Agencies and amendments to the Ontario Temperance Act to permit such sale?</p>	<p>2. ARE you in favor of the SALE OF INTOXICATING BEER in Government Agencies?</p>
<p>Question 3.</p> <p>ARE you in favor of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol weight measure in Standard Hotels in local municipalities that by a majority vote favor such sale and amendments to the Ontario Temperance Act to permit such sale?</p>	<p>3. ARE you in favor of the SALE OF INTOXICATING BEER in Standard Hotels?</p>
<p>Question 4.</p> <p>ARE you in favor of the sale of spirituous and malt liquors through Government Agencies and amendments to the Ontario Temperance Act to permit such sale?</p>	<p>4. ARE you in favor of the sale of all kinds of spirituous and malt liquor in Government Agencies?</p>

The Government Ballot clearly shows that the public is only to vote for or against the sale of beer containing not more than 2.51 per cent. alcohol by weight.

**BEER CONTAINING 2.51 PER CENT. ALCOHOL BY WEIGHT IS NON-INTOXICATING**

To establish that the 2.51 per cent. beer to be voted on is not intoxicating, the Ontario Brewers' Association have deposited \$5,000 with the Canada Permanent Trust Company, and they hereby challenge the Ontario Referendum Committee to deposit an equal amount with the same Trust Company to prove that beer containing 2.51 per cent. alcohol by weight is intoxicating, or admit that their literature is deceiving the electorate.

Upon the investigation, the losers are to forfeit their deposit to a charity or charities to be named by the Investigating Board. The investigation is to take place before a nominee of the Ontario Referendum Committee, a nominee of the Ontario Brewers' Association, and the third nominee to be agreed on by the two persons so chosen—and if they fail to agree, to be named by the Lieutenant-Governor of Ontario.

This Challenge to be answered immediately by the Ontario Referendum Committee.
