

WATERLOO NEWS RECORD

LABOR CLUB'S ANNUAL

The Annual Meeting of the Waterloo Labor Club was held last evening when the following officers were elected for the ensuing year.

Hon. President: Mayor W.H. Kutt.
Hon. Vice President: John A. Bowman.
President: George C. Haschke.
Vice President: Andrew Kuttlo.
Society Treas.: S.P. Kiewetter.
Council: Jacob Gatschene, Alex. Bowman, John Dierlamm, Wm. Drac-Walze, F. Hasenling.

There was some discussion as to the advisability of joining the Independent Labor party and as it was desirable to get further information before deciding the matter was laid over until the next meeting. The entertainment committee reported good progress in regard to the opening of the new quarters next month.

WANDERERS WON

There were two exciting games at the local rink last night and although the ice was soft and slushy the contestants simply revelled in the going. The Wanderers and the Secret Seven clashed in the opener and it was some game the former winning out by a score of 7 goals to 1.

The second game was between the Grand Trunk and the Doring Trunk Co. the former winning out by 4 goals to 1. The G.T.R. seven are sure going great gains just at present and it will take a good team to beat them. The half time score was 3 to 0.

The teams: G. T. R. Doring Trunk Co.

Will Seek The Council's Help

FOR THE NECESSARY IMPROVEMENTS AT PARK.

A meeting of the Park Board was held last evening the members present being Chairman C.W. Wells, Dr. F.G. Hughes, Al. A. McIntyre, E.M. Devitt, J. Herb Smith, Geo. Gross and Secretary J.M. Laing.

The meeting had been called principally to discuss ways and means of financing the proposed new laboratories at the Park. As has been stated in these columns before at least \$4000 will be necessary if the improvements as proposed are gone ahead with. As the Board of Health have demanded that suitable comfort stations be erected the Park Board have no choice left in the matter and they finally decided to interview the Finance Committee of the town and see if some satisfactory arrangements can be made for the council to bear at least part of the expense.

A telephone will be installed at once in the Cemetery caretaker's house and it is the intention also to have a phone placed at the Park early in the Spring.

Complaints have been received that the Boathouse had been broken open different times this winter and the place used by parties to put on their skates. As a number of private canoes are stored there the Board decided to have them removed on Saturday afternoon to the basement of the pavilion. Apart from the breaking in at the boat house, those using the dam for skating purposes have conducted themselves so far in a proper manner but on the first sign of rowdiness a stop will be put to it and the guilty parties punished. As the Board's year does not end until January 31st, the position of chairman committees was left until next month.

Some men just buy clothes as necessity forces them others "shop around" and pick up an occasional genuine bargain; the wiser and more experienced go straight to Thornton & Douglas and particularly when they have such a sale as is on for tomorrow.

Mr. and Mrs. Fred. Snider and son "Billy" left this morning for Florida on a several weeks vacation.

PUNY, WEAK BOY Made Strong and Well by Vinol Why it is best for children Williamson, W. Va.—"My little boy was weak puny and tired all the time, did not want to do anything. Vinol was recommended and it has built up his strength and made him healthy."—Harley Clay Williamson, W. Va.

The reason Vinol was so successful in this case, is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system make rich, red blood and create strength.

CUNARD LINE BUYS BOATS.

Montreal, January 17.—It is announced that the British Government has sold to the Cunard Steamship Company six cargo steamships of an aggregate tonnage of 29,734. The vessels, standard cargo carriers, built by the British Government for use during the war, will soon be placed in active service by the company. The purchase price was not made public.

The vessels, which were of the "Lat series" have been renamed. Their new names and tonnages follow:

"Vitellia"—4,400 tons.
"Verentia"—5,185 tons.
"Vennonia"—5,225 tons.
"Vindellia"—4,430 tons.
"Venusia"—5,222 tons.
"Vellania"—5,272 tons.

GOVERNMENT TO TAKE OVER VENDOR'S STOCKS.

Toronto, Jan. 16.—When the Ontario Government takes over the business of dispensing liquor under the Ontario Temperance Act the businesses now operated by the private vendors will be continued and the supplies remaining on the day of transfer purchased at wholesale rates. Whether the vendors will remain in charge as Government employees has not been discussed, but some of them will be retained for the new service.

The transfer of the sale of liquor into Government hands will enable the authorities to deal with one serious abuse, the forging of prescriptions. For months past there has

been a steady increase in the number of bogus prescriptions. Many of these are detected, one vendor having refused liquor on over 60 forged prescriptions in a single week, but others have been so cleverly executed that detection is practically impossible.

Regular Forms Copied.
The bogus prescriptions seized show that some enterprising individual has had one of the regular forms copied and large numbers printed. Up to the present the vendors have as a rule, been taking the bogus prescriptions and refusing to fill the order. This, however, has not stopped the practice but, with the business under direct Government supervision, it will be impossible to deal with holders of forged orders as ordinary violation of the law. Though the Government says it has not finally decided how it will deal with the law in issuing prescriptions, it is understood that the solution may be found in a refusal to honor any liquor prescription of a doctor who has clearly shown himself outside the law.

The transfer, it is expected, will take effect on May 1 when the vendor's license expires. If there is any increase in the number of shops at all it will be a very small one. It is generally considered that the existing seven places will, under Government management, suffice for the demands of the province.

GEN. ASHTON SPEAKS OF REPORT OF 1,500 "DEAD" FOUND IN GERMANY.

Ottawa, Jan. 16.—"The story is absolutely unauthorized," said Adj. Gen. Ashton, when asked regarding the report published to the effect

that 1,500 missing Canadian soldiers had been found alive in German prison camps.

"I know nothing about the matter," said Gen. Ashton, "and so."
