THE FLORENCE NIGHTINGALE OF THE NURSERY.

The following is an extract from a letter written by the Rev. C. Z. Weizer, to the German Reformed Messenger, at Chambersburg, Penn: — A BENEFACTRESS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our 'Susy' to say, 'A Blessing on Mrs. Winslow,' for helping her to survive and escape the griping, colicking and teething sieges. We confirm every word set forth in the PAMPHLET. It performs precisely what it professes to perform every part of it — nothing less. Away with your 'Cordial,' 'Paregoric,' 'Drops,' 'Laudanum,' and every other 'Narcotic,' by which the babe is dragged into stupidity, and rendered dull and idiotic for life.

We have never seen Mrs. Winslow — know her only through the preparation of her 'Soothing Syrup for Children Teething.' If we had the power we would make her, as she is, a physical saviour to the infant Race. 25 cents a bottle. Sold by all Druggists. Be sure and call for 'MRS. WINSLOW'S SOOTHING SYRUP.' All others are base and dangerous imitations. February, 1868. 2m

THE GREAT MEDICAL WANT SUPPLIED — Ask any medical man what has been the greatest desideratum in the practice of physic for centuries? He will answer, purgation without pain or nausea; without subsequent constipation; without detriment to the strength of the patient. Inquire of any individual who has ever tried BRISTOL'S SUGAR-COATED PILLS if they do not accomplish this object. Of the multitudes that have used them, not one will answer no. The family testimony to their efficacy is the strongest ever adduced in favor of any cathartic. Upon the liver their effect is as salutary as it is surprising. In fever and ague and bilious remittent fever they work such a beneficial change in a brief period, as we can only be realized by those who have experienced or witnessed it. No man, or woman, or child, need suffer long from any derangement of the stomach, liver or bowels, in any part of the world where this sovereign curative is obtainable. They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SARSAPARILLA should be used in connection with the Pills. J. F. Henry & Co. Montreal, General Agents for Canada. For sale in Montreal by Devins & Bolton Lamplough & Campbell, Davidson & Co., K. Campbell & Co., J. Gardner, J. A. Harte, Picault & Son, J. Goulden, R. S. Latham and all Dealers in Medicine.

St. LAZARE DE FELICHASSA, District of Montmagny, O.E., 13th Aug., 1861. Edmond Giroix, Esq., Druggist, No. 47 St. Peter St., corner of Vieux Marche, Lower Town, Quebec.

Dear Sir, — This is to certify, that I have been, during eighteen months sick and obliged to keep my bed, unable to walk a step. After having tried the remedies prescribed by physicians, and many others, without success, I decided to try BRISTOL'S SARSAPARILLA, and took five bottles. To-day I walk perfectly well, and I am able to attend to my business. One of the most able physicians, after bleeding me, declared that my sickness was severe Rheumatic affection. I am, respectfully, yours, JOHN RUEL.

Sworn before the undersigned, one of her Majesty's Justices of the Peace for the District of Montmagny, Arg. 13, 1864. J. RUEB, Justice of the Peace.

ACCIDENT.—There was an explosion in Doctor Ayer's Laboratory, yesterday, which caused some excitement in the vicinity. Ayer's Pills are manufactured under an enormous pressure, in cylinders like cannon, which sometimes prove too weak for the compressed forces, and burst with terrific violence. Fortunately, the pieces do not fly far, so that no one has ever been hurt by them. The action is more like ice than powder; but it makes Pills which all the world acknowledge are PILLS.—[Daily Journal, Lowell, 2 February, 1868. 1m

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD. The reputation of this excellent medicine, enjoyed by millions of suffering humanity, is derived from its efficacy, many of which are of a truly marvellous character. Invered cases of Scrophulous, where the system seemed utterly given up to corruption, have yielded to this compound of anti-scorpulous virtues. Disorders of a scrophulous type, and affections which are merely aggravated by the presence of scrophulous matter, have been radically cured in such numerous instances, in every settlement in the country, that it is in most cases a specific and absolute remedy. Scrophulous humors are one of the most destructive enemies of our race. Often, this unseen and unfit tenant of the organism undermines the constitution, and invites the attack of encephalic or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be actually deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sarsaparilla as a preventive, advisable. It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrophulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its insidious presence, as to imperil the health and shorten the duration of life. It is a common error, also, that scrophilia is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, and irregular habits, uncleanness, and the depressing vice generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, not feel sensible to the importance of an effectual remedy. In St. Anthony's Fire, Rose or Erysipelas, for Yellor, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes, and other eruptive or visible forms of the disease; caused primarily by the scrophulous infection, the Sarsaparilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and other affections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures. The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, that Erysipelas or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. Leucorrhoea or Whites, Uterine Discharges, and other eruptions of the female system, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our Sarsaparilla. Rheumatism and Gout, often dependent on the accumulation of scrophulous matters in the blood, have their remedy also in this medicine. For Liver Complaints, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the Sarsaparilla. This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are Languid, listless, Dependent, Sleepless, and who are afflicted with Nervous Affections of the Face, or who are troubled with any other of those affection symptoms of weakness. Many, after taking it for several Days, have a heavy load of the scrophulous fluid imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were already sterile, acknowledge their obligations to it for an obvious change.

CHOLERA. A CERTAIN CURE FOR THIS DISEASE MAY BE FOUND IN THE USE OF DAVIS' PAIN KILLER. VEGETABLE PAIN KILLER. MANHATTAN, Kansas, April 17, 1866. Gentlemen— I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have travelled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results. Yours truly, A. HUNTING, M.D.

MESSRS. PERRY DAVIS & SON.—Dear Sirs.—Having witnessed the beneficial effects of our Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy. RAY. EDWARD K. FULLER. Those using the Pain Killer should strictly observe the following directions:— At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and thereafter freely across the stomach and bowels, with the Pain Killer clear. Should the diarrhoea and cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked and the patient relieved in the course of a few hours. N.B.—Be sure and get the genuine article; and it is recommended by those who have used the Pain Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls, instead of one. The Pain Killer is sold every where by all Druggists and Country Store-keepers. PRICE, 15 cts., 25 cts. and 50 cts. per bottle. Orders should be addressed to PERRY DAVIS & SON, Manufacturers and Proprietors, MONTREAL O.E.
