

Experimental Farms

	PAGE.		PAGE.
EXPERIMENTAL FARM, INDIAN HEAD—Con.		FOREMAN OF FORESTRY—Con.	
Vegetable garden.....	380	<i>Betula papyrifera</i>	249
Weather.....	357	Black walnut.....	249
Weeds.....	401	Canoe birch.....	249
Wheat, spring, experiments with.....	358	Donations.....	252
field lots of.....	359	Evergreens, list of hardy ornamental.....	258
test of different dates of sowing.....	359	Forest belts at Central Experimental Farm.....	248
test of varieties.....	360	growth of trees in.....	250
test of sowing different quantities of seed.....	361	<i>Fragraria americana</i>	249
test of sowing at different depths.....	361	<i>Gleditsia triacanthos</i>	270
test of drills.....	362	Grounds, ornamental.....	267
sowing on summer-fallow and on stubble.....	362	addition to trees and shrubs on.....	268
		care of.....	268
EXPERIMENTAL FARM, NAPPAN, N.S.—Report of the Superintendent.	273	flower borders and flower beds on.....	267
Report of the Horticulturist.....	288	visitors to.....	268
Apple trees.....	288	Hedges.	268
Apricots.....	296	best thirteen trees and shrubs used for.....	269
Barley, experiments with.....	275	list of, at Central Experimental Farm.....	271
Beets, experiments with.....	304	Honey locust.....	270
Cabbages, experiments with.....	301	<i>Juglans nigra</i>	249
Carrots, experiments with.....	281, 304	Ornamental grounds.....	267
Cauliflowers, experiments with.....	302	Ornamental trees and shrubs.....	253
Celery, experiments with.....	303	Perennials.....	260
Cherries.....	293	Perennials, list of one hundred of the best hardy.....	260
Clover, sown with grain, experiments with.....	286	<i>Achillea Ptarmica flore pleno</i>	260
Corn, experiments with.....	284, 304	<i>Aconitum autumnale</i>	260
preparing land for.....	285	<i>Napellus</i>	260
Crops, general statement of, grain.....	279	<i>Adonis vernalis</i>	260
Fodder.....	285	<i>Agrostemma coronaria atropurpurea</i>	261
Cucumbers, experiments with.....	305	<i>Anemone patens</i>	261
Draining.....	287	<i>Anthesis tinctoria Kelwayi</i>	261
Early, medium and late sowings of grain, summary of.....	277	<i>Aquilegia canadensis</i>	261
Exhibitions attended.....	287, 306	<i>chrysantha</i>	261
Fertilizers used on the field grain.....	280	<i>cærulea</i>	261
Flowers.....	288	<i>glandulosa</i>	261
Grain crops with and without clover.....	286	<i>oxysepala</i>	261
Hay.....	273	<i>Stuarti</i>	261
Lettuce, experiments with.....	303	<i>Arabis alpina</i>	261
Mangels, experiments with.....	281	<i>Arnebia echioides</i>	261
Manure and fertilizers used.....	287	<i>Asclepias tuberosa</i>	261
Meetings attended.....	287, 306	<i>Aster alpinus</i>	261
Milch cows, ration-fed.....	286	<i>Amellus bessarabicus</i>	261
Millet, experiment with.....	285	<i>Novæ-Anglicæ roseus</i>	261
Nuts.....	297	<i>Boltonia asteroides</i>	261
Oats, experiments with.....	276	<i>latinquama</i>	261
Parsnips, experiments with.....	305	<i>Campanula carpatica</i>	262
Peaches.....	296	<i>Grossckii</i>	262
Pears.....	293	<i>persicifolia</i>	262
Plums.....	294	<i>Clematis recta</i>	262
Pease, experiments with.....	278, 304	<i>Convallaria majalis</i>	262
Potatoes, experiments with.....	282	<i>Coreopsis delphinifolia</i>	262
Preparation of land for turnips, corn, horse beans and sunflowers.....	285	<i>grandiflora</i>	262
Raspberries.....	288	<i>lancoolata</i>	262
Seed grain and potatoes distributed.....	287	<i>Delphinium cashmirianum</i>	262
Squashes, experiments with.....	305	<i>Dianthus plumarius flore pleno</i>	262
Stock sold.....	287	<i>Dicentra spectabilis</i>	262
Strawberries.....	288	<i>Dictamnus albus</i>	262
Sugar beets, experiments with.....	282	<i>Doronicum caucasicum</i>	262
Tomatoes, experiments with.....	302	<i>plantagineum excelsum</i>	262
Trees and shrubs, ornamental.....	298	<i>Epinedium rubrum</i>	263
Turnips, experiments with.....	280	<i>Erigeron speciosus</i>	263
early.....	304	<i>Funkia subcordata grandiflora</i>	263
Vegetable garden.....	300	<i>Gaultheria aristata grandiflora</i>	263
Weather.....	273	<i>Gypsophila paniculata</i>	263
Wheat, spring, experiments with.....	274	<i>Helentium autumnale</i>	263
		<i>Helianthus doronicoides</i>	263
		<i>multiflorus</i>	263
		<i>Heuchera sanguinea</i>	263
		<i>Hemerocallis Dumortieri</i>	263
Fletcher, Dr. J., Entomologist and Botanist, —Report of.....	188	<i>flava</i>	263
		<i>minor</i>	263
FOREMAN OF FORESTRY,—Report of.	247	<i>Hibiscus Moscheutos</i>	264
Alder buckthorn.....	269	<i>Hypericum pyramidatum</i>	263
American arbor-vitæ.....	270	<i>Iberis sempervirens</i>	263
Arboretum.....	252	<i>Iris Chamæiris</i>	263
		<i>flavescens</i>	264
