A.G.Chisholm,
London,

Sir:

Thanking you for the snap sent me, for it is a good one to remind me of your visit here. Having heard from M. Sandy the President lately. He tells me that he has had a number of letters from various Reserves stating that they are all in favor of your services so I guess we are all right, only hoping that this thing will come to an end soon one way or the other, But I hope for the best. Wishing you every success.

Yours truly,

sd. J. W. Keeshig,
