May 27/28.

Dear Mr. Meighen,

Thoughts for your letter. I fear our Eastern friends are taking a narrow view. He (the Gov.) are going to make a showing. I feel we shall be out of the balance of power after June 8. No party will have a clear majority. The Gits will be whipped and we must have a strong group to show the way for future action.

Premier Patterson was here last night. His meeting was a flop - only some 900 in a church that holds 2000. We should win both seats here.
Sincerely,
J. Meighen
