

Alpha Gas Engines

The Men Who Use Them Save Money

You can save money by using an Alpha Gas Engine just as do many other men. An Alpha Gas Engine is a saving investment any way you look at it. It will save money you now must pay out to get work done that requires power, because you can own and operate the engine at less cost than that of hiring some one with an engine.

It will do quickly work that you are now doing by hand and wasting a lot of valuable time over. It will pump water and do other similar jobs without attention and leave you free to get other work done. Your wife or your boy can start and operate it at many jobs to which you now must give your time. Having an engine will relieve you of the odd jobs that are time-wasters and give you more time to attend to the important work on your farm.

You need an engine and the sooner you buy one the quicker you will save the cost of the engine. Get an Alpha Gas Engine now, put it to work; and it will pay for itself in a few months. Ask for catalogue, prices and complete information.

Feed Silage

It is the best and cheapest feed for all kinds of live stock. Silage fed cows produce more milk at less cost than cows on any other feed. Stop the waste of your corn crop due to the fodder being dried and exposed to the weather and make the work of feeding easier by erecting an Ideal Green Feed Silo. It will pay for itself the first year and give you many years of service. Ask for catalogues that show why you get greater value for your money in this silo than in any other.

ONE MAN WITH A KIRSTIN STUMP PULLER

Quickest-Cheapest-Best Way To Clear Stump Land

The Kirstin way of land clearing is the easy, sensible, practical, economical way. Small investment to start with—no extra cost for help, because one man alone operates the Kirstin with ease, pulling out the biggest, toughest kind of stumps in less time than by any other method. With brush, hedges, small stumps, saplings, etc., you "yank 'em out" in bunches. Clear an acre from one anchor.

The "KIRSTIN" Improved Double Leverage Model

has enormous strength and power. Until you see a Kirstin at work you cannot realize what wonderful power is developed by our system of compound leverage. The work positively is easier, to say nothing of being quicker and cheaper than with the cumbersome hand power pullers or the big horse-power pullers that require a team and two or three men to operate. Our Quick-Detachable Connections, Auto Release, Non-Twisting Cable and other special patented features put the Kirstin in a class by itself. Endorsed by Government and State officials. Used by the thousands all over the world. Holds record for lowest land clearing costs.

Write Today For Big New Catalog which explains all about the Kirstin, tells best way to clear land, describes Kirstin Service, Liberal Try-out Offer, Easy Payments, etc. Get this book before you buy a stump puller. Write today—now. Agents Wanted

Grand Prize

At Panama-Pacific International Exposition for

Chemical Purity
Welding Quality

Rust-Resisting Property
Enameling Property
Electrical Conductivity

This certainly ought to guide you in the buying of sheet metal products for farm equipment, for no higher prize was ever awarded any sheet metal. This substantiates our claim that

ARMCO IRON Resists Rust

Armco Iron's rust-resistance is due to its great purity, and to rigid inspection in every phase of its manufacture.

Every modern farmer should send for and read our free booklet, "A Journey to Armco Farm"

Your hardware dealer or tinsmith can supply you with Armco Iron Roofing and other Armco products. Manufacturers use this standard rust-resisting iron in their sheet metal products, the Page Woven Wire Fence Co. of Monessen, Pa., being a typical example. Also, you can get Matthews Scrux Anchors with Armco Iron rods for guying fences, silos, telephone poles, etc. Tell us your needs—we'll supply manufacturers' names.

THE AMERICAN ROLLING MILL COMPANY

Licensed Manufacturers under Patents granted to The International Metal Products Company

Box 800 Middletown, Ohio

The trade mark ARMCO carries the assurance that iron bearing that mark is manufactured by The American Rolling Mill Company, with the skill, intelligence and fidelity associated with its products, and hence can be depended upon to possess in the highest degree the merit claimed for it.

More Profit

THROUGH better, more intelligent, more economical use of good tools will come the profit that is so hard to find each year on many crops. Plant right so you will get full benefit. Work faster with better tools so you can cultivate and spray often. Study whether there isn't some tool that will do your work better.

IRON AGE

Potato machinery, spraying machinery, garden tools, etc., are built to give you just what you need to do things right. Almost any combination you can think of in each line. Eighty years of factory and farm experience behind their manufacture.

Ask your dealer to show them, but write us for separate booklets fully describing lines in which you are interested. Let us make good our claims.
