

## DYSPEPSIA AND STOMACH DISORDERS MAY BE QUICKLY AND PERMANENTLY CURED BY BURDOCK BLOOD BITTERS.

Mr. P. A. Labelle, Maniwaki, Que., writes as follows: "I desire to thank you for your wonderful cure, Burdock Blood Bitters."

Three years ago I had a very severe attack of Dyspepsia. I tried five of the best doctors I could find but they could do me no good. I was advised by a friend to try Burdock Blood Bitters and to my great surprise, after taking two bottles, I was so perfectly cured that I have not had a sign of Dyspepsia since. I cannot praise it too highly to all sufferers. In my experience it is the best I ever used. Nothing for me like B.B.B.

Don't accept a substitute for Burdock Blood Bitters. There is nothing "just as good."

**FAIRVIEW HERD** is the place to buy your next bull. I can furnish you with a bull sired by our great herd bull, **PONTIAC KORNDEKE**, who has 19 daughters in the last year's report that made official records from 19 pounds at less than two years old to over 81 pounds at four years, and the whole number averaged over 41% fat. No other bull in the world has ever made such a showing in one year. I have just tested another of his daughters that made 36.40 pounds butter in seven days with second calf. I have over 50 cows and heifers in calf to him. Come and look my herd over before making your selections elsewhere. E. H. Dellar, Newcastle, St. Lawrence Co., N. Y., near Prescott.

### GOSSIP.

Attention is called to the advertisement in our issue of June 4th, page 988, of the auction sale, to take place on June 18th, at 2 p. m., of the farm of 84½ acres, and a Sawyer-Massey threshing outfit, belonging to the estate of the late Thos. W. Clark, of Cainsville, Brant Co., Ont. The farm is sandy loam, well watered by spring creek. A new bank barn, 40 x 80, with hip roof and cement floors, and a good house, recently remodelled, make this a very desirable property.

Mr. John McFarlane, Dutton, Ont., breeder of Shorthorns, has recently made following sales: To Mr. Jas. McWilliam, Dutton, the young bull, Scottish Chief, and to Mr. Henry Palmer, Middlemarch, a beautiful nine-months-old bull. Mr. McFarlane shipped the bull, Evening Star, to Messrs. C. H. & J. Shank, Pt. Pover, last week, on approval, and received from them the following letter on his arrival: "Enclosed find cheque for payment of bull. We are very well pleased with him, and must thank you for the straightforward manner in which you conducted the transaction, and also to acknowledge our appreciation of the fair treatment we have received at your hands. You certainly did not misrepresent the bull in any way, and we shall esteem it a pleasure to deal with you again, if opportunity occurs."

Mr. McFarlane has still a number of choice young bulls for sale.

Of the choice imported four-year-old Clydesdale stallion, Lord Scott (14249), whose portrait appears on another page in this issue, bred by the Earl of Strathmore and imported and owned by W. J. McCallum, of Brampton, Ont., the Scottish Farmer said he was "one of the best colts seen out at the shows in the season of 1907," and his breeding well accounts for his individual merit, being a son of Marcellus (11110), first-prize three-year-old at Glasgow Stallion Show, in Feb., 1901, and reserve champion to his great sire, Hiawatha, for the Cawdor Cup; first and champion, Glasgow Agricultural Show, April, 1901, and the Highland Society's Show, in 1903 and 1904. The dam of Lord Scott, Primrose (16389), is a daughter of Benedict, who was by that greatest sire of champions, Baron's Pride. And her sire, Welbeck (7384), was by MacNeillage, by Macgregor, by Darnley (222); while her granddam was by Prince of Wales (673), thus combining the blood of the most noted sires of the breed, and constituting Lord Scott, one of the most desirable horses to breed from that has been brought to Canada, his conformation, quality, action and underpinning being of the first order of excellence.

The coming of the motor has not quite brought disaster in its train. There are signs that Old London's carriage trade—like that of horses—is beginning to revive again. A prominent carriage manufacturer, after referring to the falling in the business since the introduction of the motor, recently said: "During the season of 1907 we received many more orders for light vehicles, and the increase in the number of carriage horses in the streets and parks was very noticeable. Several reasons can be adduced for this change. People are beginning to find that the motor is an expensive luxury, and that with wear and tear of tires, and the heavy consumption of petrol, it costs twice as much to keep up as a carriage and pair of horses. Then the supreme value of the motor—its speed—is more or less at a discount in London. With the advent of the taximeter, cab motoring is brought within the reach of all, and thus loses that charm and novelty which commended themselves to people who required a distinctive mode of conveyance. Above all, the motor fails from the social point of view. The victoria, with its prancing horses and liveried servants, adds to the dignity and charm of its occupants, but the lady buried in a motor car, driven rapidly by a chauffeur in a sombre uniform, can display only a veil, and that not an elegant one. The motor, in a word, destroys those little amenities of life which make shopping in Bond Street and driving in the park a pleasure."
