CANADIAN LANDS!

DO YOU REALIZE what opportunities await you in the West? Surely
you do not. You have not investigated, have not figured, and have
no idea as to what the possibilities are. If YOU DID KNOW you
would not continue year after year to work a living, and nothing more,
out of the light soil of a little farm on a sidehill. Nor if you are paying rent,
would you continue to give the best of your life tilling a farm for another
man?
You can easily own one of the best farms in the West. All it requires is a
small amount of capital, pluck and energy. If you have the pluck and energy,
you can get the capital.
Write us, or come and see us, and we will tell you how to get the farm.
