Easy to Shake.

More than half the drudgery of 'tending a furnace is in the shaking down. Enough to break a man's back, and certainly no work for a woman, is the job of shaking down some furnaces.

With a Sunshine Furnace you stand up and oscillate a gently working lever that a child could handle. It's so easy you won't believe it, if you've been used to the common back-breakers.

And the Sunshine is a hygienic, coal-saving, practical housewarmer in every way that a good furnace ought to be.

GOSSIP

Traymer Bros, Regina, have 1,100 acres under crop this year, and all of it was looking well recently when seen by a "Farmer's Advocate" representative Their Clydesdale horses, too, are looking very well this year. Among the young stallions are splendid specimens of the fa mous old Scotch breed. One, a two year-old, has unusual size, yet, with it alk, he is well proportioned. He has lots of hone of the right quality. The imported horse was not at home, but those who have seen him once will favorably remember him as a low set. muscular, clean-limbed horse. He is well-coupled, splendidly-ribbed and strong heartgirth of the best

Traynor Bros.' foals this year are a very fine lot, which speaks well for the class of horses they are keeping.

BRITISH AND AMERICAN MILLERS. "In the next few months," says Milling, uplifted by the continued generosity of the American carrier, " British millers ought to almost wipe out the American trade. The exporting miller can not go on with odds against him. He may continue sending small parcels of special flours, but clearly a large bulk of his trade here is doomed." If this be true, if American flour be driven out entirely from the British markets, the responsibility will lie entirely and exclusively with the eastern railway managers. Of this there does not exist the faintest shadow of a doubt. It will mean a loss of more than forty million dollars annually to the United States. More, when the export flour trade dies the export of wheat will go with it. If the eastern railway managers do not believe that their stubborn and continued discrimination against flour is responsible for this loss, let them for just one year only, try the experiment of a reversal of their traditional policy. Let them make a permanent rate on flour for export which will be less than the rate on wheat. If, within a year, the exports of flour do not far exceed the record, given a fair crop, the American miller will be content to abandon his contention, and will retire from the field. -[N.-W. J. A. Elton, owner of the Cloverdale herd of Herefords, will, as his advertisement in another column shows, sell his entire herd of Whitefaces on the Winnipeg Fair grounds, on Saturday forenoon July 30th, at the hour of 10 a.m. Conway, the great live-stock auctioneer of Winnipeg, will wield the gavel and cry the sale. The stock bull, Derby Wilton 147509, is full of the Lord Wilton and Anxiety blood, than which there is no better. Included in the sale is the cow, Ideal 94906, with heifer calf, Ina now; cut of the cov The Whitefaces made a name and the hest average at the Calgary Spring Sale, and were keenly sought after by the ranchers. The Manitoba farmer is in a position to breed bulls for the Western ranchers, provided he breeds the right kind, which some think are the Herefords; if, for the sake of argument, we a chance to get started breeding White faces. Nothing will be reserved, 11 head offered, and we are informed all in with. Many of the stock are entered for the show. The records of Herefords, for sale in a note to be

Turns Bad Blood into Rich Red Blood.

This spring you will need something to take away that tired, listless feeling brought on by the system being clogged with impurities which have accumulated during the winter.

Burdock Blood Bitters is the remedy you require.

It has no equal as a spring medicine. It has been used by thousands for a quarter of a century with unequalled success.

HERE IS PROOF.

Mrs. J. T. Skine of Shigawake, Que., writes: "I have used Burdock Blood Bitters as a spring medicine for the past four years and don't think there is its equal. When I feel drowsy, tired and have no desire to eat I get a bottle of B.B.B. It purifies the blood and builds up the constitution better than any other remedy."
