

MINISTERS PROTEST AGAINST SUNDAY TRAINS TO ST. JOHN

Evangelical Alliance Passed Strong Resolution This Morning—Want a Permanent Thanksgiving Day on Thursday Instead of Monday

At their last regular meeting this morning, prior to the summer vacation, the Evangelical Alliance passed a strong resolution protesting against the operation of Sunday trains by the Canadian Pacific and Intercolonial railways. There was a representative number of clergymen in attendance and the matter was thoroughly discussed. The prevalent feeling was that the running of the proposed trains would intrude upon the fitting observance of Sunday as a day of rest.

The meeting also endorsed the movement to have Thanksgiving Day changed to a permanent Thursday in November. The resolution was adopted on Monday, as was decided upon by the federal government. The secretary read the customary scriptures less than the opening of the meeting, which was followed by prayer. Rev. J. C. B. Appel read for the benefit of those present the minutes of the last meeting, which was held two weeks ago. At that time the subject of Sunday trains was considered. Action in the matter was deferred to the regular meeting.

The president stated the first business was the advisability of changing the day of thanksgiving to Thursday. Rev. Dr. Johnston had brought the matter to the attention of the alliance during his recent visit. It was decided to defer the consideration of the matter until a later stage in the meeting.

On motion of Rev. Neil McLaughlin, seconded by Rev. J. J. McCaskill, a grant of \$10 was made to the sexton of St. Andrew's Church. The secretary stated that the appointment of a chaplain for the Industrial Home was on the programme. Referring to the matter, the venerable Archbishop Raymond, Rev. J. J. McCaskill, Rev. George Titus, Rev. W. R. Robinson, Rev. J. C. B. Appel, Rev. J. H. A. Anderson.

Appel read for the benefit of those present the minutes of the last meeting, which was held two weeks ago. At that time the subject of Sunday trains was considered. Action in the matter was deferred to the regular meeting.

The discussion was also participated in by the venerable Archbishop Raymond and Rev. George Titus. The former favored retaining Thursday. Rev. Gideon Swim did not think the resolution would have any great effect. The government had made a change to Monday and he thought it would be hard to secure another change. The motion favoring the change in the day was then voted upon and carried by the meeting.

The matter of the railroads operating Sunday trains was then brought to the attention of the alliance. Rev. J. C. B. Appel thought the matter should be considered by the Lord's Day Alliance. However, it was stated that the latter greatly desired the cooperation of the Evangelical Alliance in the matter.

Rev. Neil McLaughlin thought the question was one which should be taken up by all bodies interested. If there was a strong protest, the authorities would not be disposed to operate the trains should the International not connect with the C. P. R. Rev. W. R. Robinson considered that the matter should be immediately looked

into and a resolution passed from the alliance disapproving the proposed move on the part of the railway authorities. It was then decided upon motion that Rev. W. R. Robinson, Venerable Archbishop Raymond, and Rev. Neil McLaughlin should draft a resolution in the matter. Rev. J. J. McCaskill thought the alliance was not in a position to deal with the matter. The time would arrive when the country would desire Sunday trains. He considered that the work in engineering to enforce and observe the Lord's Day was more or less abortive. The running of the river boats had been stopped by the owner of a yacht or automobile could enjoy himself. He considered that a protest coming from the alliance would be ineffective. The condition of the country would make Sunday trains essential. The alliance had not sufficient knowledge to consider the subject at present.

Rev. Neil McLaughlin stated it was difficult to see the necessity of a train made up in St. John. He thought the trainmen and conductors could enter a protest against working on a day of rest. Sunday excursions on the river were waxy during the summer months. The alliance should stand up for the defense of the peace of the day and of the men who were compelled to work on Sunday. The Evangelical Alliance would protest against either the Canadian Pacific running a train or the Intercolonial being made by the Intercolonial Railway.

Rev. W. R. Robinson also expressed a strong protest against the running of the trains. This matter was a most important one and the Alliance should place itself on record as being against the Sunday operation of trains. The proceedings of the recent meeting of the Alliance were referred to by Rev. J. J. McCaskill. He declared that a number of the clergymen were then present at the meeting of the Alliance. He considered it inexpedient to act at the present upon the grounds mentioned.

Rev. W. R. Robinson stated that in the United States the larger railway unions were crying out against Sunday trains. The condition of the country would make Sunday trains essential. The alliance had not sufficient knowledge to consider the subject at present.

The following resolution was then introduced, which was adopted upon the motion of Rev. W. R. Robinson: "Whereas this Alliance has learned that the C. P. R. intend to run passenger trains into and out of this city during the summer season of the Lord's Day, and it is also understood that trains to connect with the same are likely to be introduced in the train schedule of the Intercolonial Railway; therefore resolved that the Evangelical Alliance do enter their earnest protest against this innovation as calculated to deprive a large number of railway employes on the Sabbath rest and of the opportunity of worship as well as to secularize the Lord's Day. The Alliance apprehends that the proposed Sunday trains may lead to the running of suburban and other trains which would be a serious and undesirable interference with the interest both of the railway employes and community in general."

On motion of Rev. Neil McLaughlin, seconded by Rev. J. J. McCaskill, a grant of \$10 was made to the sexton of St. Andrew's Church. The secretary stated that the appointment of a chaplain for the Industrial Home was on the programme. Referring to the matter, the venerable Archbishop Raymond, Rev. J. J. McCaskill, Rev. TODD BREWER'S BODY IS FOUND

NEW FIELD FOR MOUNTAIN CLIMBERS IN CANADIAN ROCKIES

FREDERICTON, June 6.—The body of Todd Brewer, the young man missing since Monday night, was found yesterday afternoon about 8 o'clock, in some ten feet of water near Rabbit's mill, St. Mary's, the remains were brought to the surface by grappling irons used by the men, Missy Summers and Herbert Crowe, employees of the young man's father, who came from Fredericton Junction yesterday. For the special purpose of searching. Last Tuesday the deceased's coat and hat were found on some logs opposite St. Mary's, and the local belief that Brewer had been drowned. Searching has been kept up ever since. The body was in a good state of preservation, and the clothing, with the exception of the coat and hat, remained intact. Coroner Ullin was notified and empanelling a jury, who viewed the remains, decided to hold an inquest on Tuesday evening next. Dr. McGrath of this city, at the request of the coroner, held a post-mortem and found evidence that death had been caused by drowning. There were no marks whatever on the body, so foul play is not suspected.

A serious accident occurred on the highway bridge this evening which by a miracle did not prove fatal. The 15 year old son of Thos. Harris of St. Mary's while playing on some logs found some dynamite sticks. They took them off the bridge and Harris applied a match to one and a big explosion followed. Harris was knocked senseless. He was conveyed to Dr. Mullin's office, where an examination showed that the lad's right hand had been terribly lacerated. The doctor did the best he could for the suffering boy, but it will be impossible for him to tell until a day or two whether the hand can be saved or not.

At Christ Church Cathedral at the morning service there were ordinations. G. E. Tobin, of Knox College, professor, and F. J. LeRoy, of Bishop's College, Lennoxville, were ordained to the sacrosanct, and Rev. J. S. Crackwell to the priesthood. The institution of the Rev. M. S. Sheehan as rector of Kingsclere took place last evening at St. Peter's Church, Springfield.

DO CREEDS OUTLIVE THEIR USEFULNESS?

While from several of the city pulpits yesterday sermons were preached appropriate of Trinity Sunday and upholding the fundamental tenets of the Christian faith, Rev. J. James McCaskill was decidedly in doubt of the efficacy of old time creeds for present day requirements. But that was only by the way. He in particular is bound to cause a capper as soon as the days that constitute its usefulness are over. He believes that creeds are inelastic things at best and are unable of being stretched, despite the gymnastics of the church which are made of their interpretation. Mr. McCaskill began with a reference to the general assembly now in session at Hamilton. But that was only by the way. He in particular is bound to cause a capper as soon as the days that constitute its usefulness are over. He believes that creeds are inelastic things at best and are unable of being stretched, despite the gymnastics of the church which are made of their interpretation. Mr. McCaskill began with a reference to the general assembly now in session at Hamilton. But that was only by the way.

The general assembly of the Presbyterian church is now discussing the question of church union. It was main divided into denominations. It is not because we love to differ and quarrel, but because the truth for all souls seems to involve not only our denominational form. The special task for the theologian today is that he should assist society to some sure analysis of Christian history and experience in order that the universal and sovereign elements may be clearly recognized and the transient accretion of the existing creeds have lost the relative truth they once had, and well as the creed makers did their work in an earlier day that work was transient. A creed which goes into particulars about things which have no relation to our present thought, and on things upon which no man can have definite knowledge can never hope to become catholic or universal. We ask for truth to reign over us, not because it is pleasantly situated to the taste and custom of our local neighborhood, but because it is truth for man as man, and that which may be everywhere and by all men believed.

The proposed creed for the united churches is utterly lacking in those elements of universality. It gathers together many outgrown conceptions that the church could prosperously be delivered of and seeks to perpetuate them in a new creed. It includes too many things to be simple, too few things to be inclusive and little that is vital in view of present practices. It is difficult to find in it any indication that the church is attempting to interpret the signs of the times. The objection that will be taken to it is not that its statements are not true but that they are not vital. The creed is not closely connected with our present problems of the life of our churches. It embodies the splendid hopes and convictions of an earlier generation, but to write these in a creed today is simply to emphasize our lack of convictions and to refuse to take seriously the present problems.

FREDERICTON, N. B., June 4.—At Christ Church Cathedral on Sunday morning next an ordination service will be held. G. E. Tobin, of Knox College, Windsor, and F. J. LeRoy, of Bishop's College, Lennoxville, will be ordained to the "sacrosanct" and Rev. J. S. Crackwell to the priesthood for work in the province, coming from the shores of Rhode Island. His father, Bishop Richardson will conduct the ordination service, and be assisted by Canon Cowie, Canon Smithers and Sub Dean Street.

The late Archbishop Duhamel is personally known to many of the clergy of St. John. At the time of the death of the late Archbishop O'Brien of Halifax, his residence at St. John as the guest of Bishop Casey, who was deeply grieved when he received word of his death last evening.

Dolly—My dear, I have refused orders from eight men during the last two months. Polly—What for? What were they selling? "I think she's double-faced!" "Oh, don't say that! One face like hers is bad enough!"

Although it is only three years since the first club camp of the Canadian Alpine Club was held, the membership of this association has grown to such an extent that \$10,000 is to be spent on the club house at Banff. Last year 177 climbers from all over the world took part in the camp, and this year still larger numbers are expected, as the date of meeting has been postponed until August, to enable the British climbers to participate before proceeding to the British Association meeting at Winnipeg. The Alpine Club camps to be held at Lake O'Hara, one of the loveliest localities in the Canadian Pacific Railway system.

MRS. CHIPMAN IS AGAIN PRESIDENT

Large Attendance at W. F. M. S. Meetings at Summerside

CHARRLOTTETOWN, P. E. I., June 5.—The meetings of the W. F. M. S. at Summerside have been largely attended. The president in her annual address gave a brief review of the work of the society, stating that they now had sixty-three regular missionaries and in the twenty-eight years of its existence it has raised for foreign missions and home work, she spoke of the wonderful year of missionary work as evidenced by the Laymen's Missionary Movement in Toronto. An address by Miss Tweedie, returned missionary from Japan, and a paper by Mrs. E. C. Turner, of Jacksonville, on "How the President Shall Plan the Year's Work," were well received. The third day's session of the W. F. M. S. opened yesterday morning with prayer and Bible readings by Mrs. Flanders, of St. John, after which she gave an instructive talk on guidance. Greetings were extended from the W. F. M. S. of Summerside. The following officers were then elected: President—Mrs. Chipman, St. Stephen, re-elected. First vice-president—Miss Stewart, St. Stephen, re-elected. Second vice-president—Mrs. Samuel Howard, St. John, N. B. Third vice-president—Mrs. Dr. Rogers, Summerside, N. B. Recording secretary—Mrs. G. T. Dawson, Chatham, N. B. Corresponding secretary—Mrs. P. S. Egan, Egan, N. B. Auditor—J. B. Coulthard, Fredericton. Mrs. Corbett, of Woodstock, was appointed as a delegate from this branch to the general board, which meets in Hamilton, Ont.

Mrs. L. W. Trueman, of Sackville, and Mrs. C. W. Strong, of Summerside, are the alternates, and Mrs. E. C. Turner, of Woodstock, N. B. is the branch representative at the Methodist conference which meets in Woodstock June 14th. A vote of thanks was passed to the Summerside ladies for their kindness during the conference. The meeting then closed with prayer, led by Miss Fisher, of the French Protestant Home, Montreal.

HUSBAND TRIES TO ABDUCT HIS BRIDE

PALO ALTO, Cal., June 5.—Separated immediately after the marriage from his bride of a month, E. Tette, a restaurant keeper of San Francisco, tried to spirit his wife away from the home of her parents. He was unsuccessful, and is threatened with arrest for assaulting the mother of the young woman.

Tette was married in San Francisco to Miss Annie Corning, of this city, one month ago. The parents of the girl, Mr. and Mrs. D. W. Corning, of 530 Emerson street, made such strenuous objection to the match that the bride returned to her home. Mrs. Corning asserts that her daughter is only 17 years of age, while the young woman insists she has passed her 20th birthday.

Tette came to the home of the Cornings in company with a hack driver named Will Braschi at 10 o'clock this evening and called his wife into the street. He asked her to step into the carriage and go away with him, and she seemed willing to do so. But Mrs. Corning appeared at the door in time to raise an outcry.

Tette held his wife's mother and held his hand over her mouth, but Mrs. Corning continued to scream until the neighbors were aroused, and the bridegroom was forced to beat a retreat without his bride.

The father of the girl tried to get a warrant for Tette's arrest, but it was too late. He says he will renew his attempt.

The young bride, it is said, will inherit money within a short time, and this is supposed to have its part in causing her matrimonial infelicity.

GREAT MEN TO ATTEND AND SPEAK

LONDON, June 5.—The most representative gathering of British newspaper editors ever held occurred this evening at the Garden Club at Shepherd's Bush, when 1,000 journalists of the United Kingdom gave a banquet in honor of the fifty-seven colonial delegates to the Imperial press conference that is to open at the foreign office next Monday.

Three subjects will be discussed, Cable news and press inter-communication, when Lord Crewe will preside and Postmaster Buxton and Austin Chamberlain will be the chief speakers. The Press and the Empire, under the presidency of First Lord of the Admiralty, Reginald McKenna, who will be supported by Foreign Secretary Sir Edward Grey, Lord Cramer, Lord Escher and Alfred Lyttelton. There will be a second discussion of the same subject under chairmanship of A. J. Balfour assisted by War Secretary Haldane, and Journalism and Literature, with Lord Morley in the chair and August Birrell, Winston Churchill and Lord Milner among the speakers. The colonial visitors, riveting their attention on the first of these three subjects, will make a strong plea for the reduction of cable rates and the laying of a government cable across the Atlantic, as suggested by Mr. Lemieux, the Postmaster General of Canada, Australia and New Zealand by an "all red line." A movement will be started also for the establishment of an Imperial press association and the interchange of news between the colonies and England.

Lord Burchard presided at this evening's banquet. Lord Rosebery delivered a speech of welcome to the pressmen and the reply was made by Sir Hugh Graham of Montreal. The hotels tonight include newspaper proprietors, editors and writers. Sir Hugh Graham, proprietor of the Montreal Star, responding to Rosebery's toast, Our Guests, said: "Colonial press was responsible for the wave of sentiment which is sweeping the outlying portions of the Empire and marked an important era in the life of the people towards Imperialism. Canada, he said, for long years had depended on the mother country for protection and was too mean to offer to pay its share, but a change was impending. Inspired by the pluck of Australia and New Zealand, which were always in the van, Canada was now sending delegates to discuss the question of the defense of Great Britain. If wise statesmanship governed the delegates in this discussion it meant a new and important step in the safeguarding of Imperial interests.

LONDON, June 7.—Oh, what a day, what a terrible weather! I feel as if I were sitting with one's shirt sleeves up over the elbows, half starved, the moist heat which we ought to be experiencing at this time of year. London, here we are in Fleet Street, writing by the side of big fires as daring to venture outside in heavy rainproof coats. A week ago we were aweltering in heat that was almost tropical. Brilliant sunshine, which fortifies for those who were able to get extended here from the Whittam hotel.
