UNDER THE PATRONAGE OF THE HONORABLE THE EAST INDIA COMPANY.

THIS SALVE, prepared from the original Receipt, procured from a celebrated Turkish Doctor, (upwards of Smyrna, in Asia Minor, who has obtained an unprecedented celebrity in Great Britain and the East Indies, from the astonishing Cures performed by it in both those Countries. As its introduction into Montreal has lately been introduced into Montreal, as might be expected, its popularity has increased, and its use is becoming general among all classes. The contracted limits of an advertisement generally precludes entering into any adequate description of its merits, but, for the information of the public, it is intended to publish, from time to time, such statements of cures as have or may come to hand. It has been used for the following complaints with the most complete success:—Such as Scrofulous Glands, Broken Breasts, White Swellings, Whitlows, Scalds from Steamboat Accidents, or other causes, Burns, Fever Sores, Ulcerous Sores, Sore Nipples, Carbuncles, Blood Boil, Gun-shot Wounds, Bruises, Boils, Felons, Worms, Chilblains, Ulcerated and Common Sore Throats, and Bunions. Truth for the Million.

The great number of parties, (including the most eminent physicians of the Province,) who have resorted to the efficacy of these waters, whilst it has placed them high in the estimation of the public, has induced some other proprietors of sodium mineral springs, to try to put their waters on the same footing with the Plantagenet. Nothing can be more absurd than this. These other Mineral Springs have been known to the public in their vicinities for fifty years, and in that time what have they done? Have they anything to show for the patronage they have received from the public? How have they stood since the Plantagenet came into the field? It is now only three short years since the Plantagenet Waters were introduced to the Public, and in that short space of time what has become of other Springs, which were known before them? Can any amount of puffing drive the public believe that they deserve to be mentioned in the same breath with the Plantagenet Spring? It may be safely said that no one article has ever once used the Plantagenet Water without ever using any other water. Their inferiority is so manifest, and they are comparatively so worthless, that hundreds have declared that they would not part with two gallons the price for Plantagenet Water, than for the best of them. Yet some of these Springs have a great advantage in quality over the Plantagenet, in as much as they are more Montreal, and are accessible, (if they are worth seeking,) to all classes without difficulty.

The great cause of this preference is the distinct character of the Plantagenet Water, and more especially its solidity of body, and the glutinous matter it possesses, which distinguishes it in a remarkable degree from all other waters, which appear poor and thin in comparison with it. It may be truly said to have done more for public health in four years, than any other water has ever performed in fifty, and some of the cures it has effected are truly miraculous. Many of these facts are already before the public, and others can be ascertained at Plantagenet, where the public are invited to judge for themselves. In the event of theorizations and other chronic diseases, it is almost infallible, a number of cases having occurred where parties who had lost the use of their limbs have been restored to health and vigor by the use of it. The public are invited (in confirmation of this fact) to peruse the numerous testimonials of medical men and others, and particularly that of Dr. Nelson, who speaks of effects proved on members of his own family. Such is the case. It cannot be wondered at that the Plantagenet Water has driven all competitors from the field, and that its value should be placed so far above all other Springs ever discovered in the country.

In evidence of this, it is only necessary to refer to the names of the eminent Physicians, and public and private individuals, who have certified to the merits of the Plantagenet Waters, and who find it as a boon to the country.

In conclusion, it be borne in mind, that it is simply as a saline drink that these Waters are beneficial, but because they have an oily, fatty property, unknown to any Water besides. They are in fact, but one Plantagenet spring, and more than is known, the higher its reputation, the more all others sunk into insignificance beside it.

It is enough to read the names given, below, of parties who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—Doctors Crawford, W. Nelson, W. Fraser, John Nelson, George W. Campbell, Archibald McLellan, Alex. McCulloch, Robert L. McDonnell, Esq., Robert E. H. Tradel, H. Mount, J. L. Leblanc, S. C. Sewell, F. Baigley, H. Peltier, J. E. Leblanc, L. F. Tavernier, G. D. Gibb, P. E. Mallet, James Grant, L. H. Masson, S. B. Bagshaw, W. P. Smith, P. Munroe, T. Ledue, W. Hodgson, L. Boyer; the Hon. A. N. Morin; the Hon. Peter McGill; the Hon. Louis Joseph Papineau; C. Wilson, Esq., Mayor; E. Fabre, Esq., Ex-Mayor; ——Bellerau, Esq., Mayor of Quebec; J. Pollard, Esq.; Louis Boyer, Esq.; E. M. Chabot, Esq.; J. Belle, N. P.; Maurice Roux, Esq.; J. S. Cameron, Esq.; and many others.

For sale only at No. 4, Place d'Armes, Montreal, and by parties from the country, who want it to sell again, can be supplied at liberal rates.

For sale also in Beauharnois by Mr. Robert Ross, and in Carrillon by Mr. C. W. Schnider.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company now transacting business in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.
