At Last a Vision. new things, as we look frankly upon the good, to purify and humanize them, willing to comprehend their every process of our common life real character, have come to assume without weakening or sentimentalizthe aspect of things long believed in ing it. There has been something

ceed and be great. Our thought has them, if they but counsel and sustain been 'Let every man look out for me! Life Is Very Great,

We see in many things that life is very great. It is incomparably great in its material aspects, in its body of wealth, in the diversity and sweep of its energy, in the industries which have been conceived and built up by the genius of individual men and the limitless enterprise of groups of men. It is great also been 'Let every man look out for himself, let every generation look out for itself,' while we reared giant machinery which made it impossible that any but those who stood at the levers of control should have a chance to look out for themselves. We had not forgotten our morals. We remembered well enough that we had set up a policy which was meant to serve the groups of men. It is great, also, very great, in its moral force. No-

DEAFNESS CANNOT BE CURED by local applications, as they cannot by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect heara rumbling sound or imperfect hear ing, and when it is entirely closed. Deafness is the result, and unless the nation can be taken out and this tube restored to its normal condition, hearing will be destroyed for-ever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the muc-
