BIG RUSH FOR SEATS

Philadelphia the Place Where Baseball Fever Runs High.

[By Special Wire to the Courier] PHILADELPHIA, Oct. 7.—The Boston Braves, champions of the National League, are in this city preparing for the opening of the world's series here on Friday, when they meet the Philadelphia Athletics, winners of the American League race.

The Bostonians, who ended their National League schedule in Brooklyn yesterday, planned a light practice this morning on the National League grounds, while the present world's champions expect to work out at Shibe Park, where the first two games of the series will be staged.

The National League players will all get a line on their opponents when they view the contest between the Athletics and New York in the new stadium here to-day. Neither of the opposing managers has indicated who will be his pitching selection for the opening game, but a majority of the critics believe that Bender, the veteran Indian twirler, will be Connie Mack's selection and that he will be opposed by James, who they here is the best fitted of the Boston moans.

The temperature has risen somewhat in the western provinces and heavy showers have occurred in Saskatchewan.

CANADA WILL SEND 22,000 MORE TO FRONT

Announcement is Made of the Formation of Second Contingent.

OTTAWA, Oct. 7.—A second Canadian army division for service in France is to be organized immediately. The offer was tabled to the war office by the government's decision was made by the Prime Minister last night in an official statement as follows:

"According to the reports of the chief embarkation officer the total force embarked at Quebec amounted to nearly 35,000 men, besides 7,000 horses, and a proper complement of guns and vehicles with full equipment for men and horses. This will leave about 4,500 men for training in Great Britain who will constitute a reinforcement of nearly 20 per cent for the men at the front.

"The government proposes forthwith to organize a train a second expeditionary force of 20,000 men with first reinforcement of 10 per cent, making 22,000 in all. This force will be organized as expeditious as possible, and the arrangements for providing the necessary arms, ammunition and equipment are already in progress. The force at the front will in this way be brought up to more than 50,000 men.

"The government is also making preparations to organize and train both a first and second expeditionary force. The arrangements for organizing and training such reinforcements will be announced at a later date."
