FEDERAL BUSINESS COLLEGE Bldg., . Regina

One month's salary pays the entire cost

It is not necessary, nor is it wise for young people to spend years

of the best portion of their lives in preparing for professions which are not so remunerative as is the work for which they may

prepare in a few months. The majority of our graduates receive

as much for their services in one month as would pay the total

amount of their college fees. Our courses form a short cut to

business success. During the last six months the Regina Federal

Business College has placed more than sixty students in excellent

situations; with initial salaries ranging from \$50 to \$60 per menth.

Every capable student is guaranteed a good situation upon gradu-

ation. The Federal Schools are open the year round and students

may enter for instruction at any time. Free catalogue. Write today

Operator Ritchie, who is supposed to be responsible for the accident, is now known to have driven south for the boundary a couple of hours after the accident. The first session of the inquest was held last night, when the bodies were viewed. The jury then adjourned for a week.

Mr. Peter Wunder, of Sheho, is mentioned as the probable provincial rights candidate for Wadena constituency. Born in Illinois, U.S.A., of German parents, married to a native Canadian, emigrating from North Dakota to Canada in 1892, he became one of the very first settlers in Sheho and in what is now the electoral district of Wadena. Pioneer rancher, farmer, merchant, Mr. Wunder has run over, the whole gamut of experiences which have made him a successful graduate of the University of Hard Knocks, and no man in the district has a wider acquaintance or a more thorough knowledge of the needs of the constituency than has Peter Wunder, of Sheho. He should make an excellent representative .-Yorkton Enterprise.
