Young Mothers

Stand in special need of help while the baby is being nursed. Dr. Pierce's Favorite Prescription not only strengthens the woman for motherhood and makes the birth hour practically painless, but it increases the nutritive secretions on which the child is fed. It soothes the nerves, encourages the appetite and rapidly restores the mother to robust health. There is no alcohol in this medicine. It is a pure, natural, and safe remedy.

"I wish to let you know the great benefit my wife derived through taking your 'Favorite Prescription,' writes Mr. Robert Harden of Brandon, Manitoba, Box 156. 'My wife was a case of childbearing. We had heard so much of it that we decided to try it. (I may say my wife is fairly three and this child.) She commenced to take 'Favorite Prescription' three months before her child was born. We have a fine healthy girl, and we believe that this was mainly owing to the 'Favorite Prescription' taken faithfully according to directions. I shall certainly recommend it to my friends and I am sure they will be benefited by it.'"
