"Little" Japan Not So Small. Most of our maps of Asia are drawn to a small scale, and on such maps, re marks the World's Work, the Japanese archipelago fills little space. But she is larger than England and more populous. She has 6,000,000 more people than France. She sent six armies over sea within six months, every one of which was as big as either army that met at Waterloo. She has sent to Manchuria twice as many soldiers in six months as England sent to South Africa in two years.

CANADIAN STORE CATTLE.

Dublin Freeman's Journal Sees Loss to London, Dec. 7.-The Freeman's Catarrh.

Journal, quoting a correspondent, says that the importation of Canadian store cattle is about to assume importance. The Journal says that should the restriction be removed. the whole profit now secured by the wmall Irish farmers of from 20 to 40 acres, would be destroyed. Store cattle formed two-thirds of the Irish export, the profit on which would almost entirely disapear, while the rents of the middle-sized and mixed farmes would at one stroke be rendfarms would at one stroke be rend erect entirely unpayable, and the prices being paid for these farms would become impossible. The ex-clusion of foreign store cattle is the one absolute condition making possible to repay these advances

Called Quite Groundless.

Speaking at Aberdeen, Prof. James Bryce, M.P., said he had just return-ed from Canada and could say the motion sedulously propagated Great Britain that Canada is in state of excitement and eager expectation over the preference proposal was quite groundless.

A meeting at which H. F. Wyatt read a paper on "The Navy and the Empire," was addressed by Hon. Thos. Brassey, who said that of all the colonics Canada was best able to contribute two or three million pounds towards the Imperial Navy, and had done nothing. The reason was that they objected to taxation without representation. He suggest-ed as a remedy local legislatures for Great Britain's domestic affairs, with an Imperial House of Commons in London.

WATER FAMINE IN THOROLD.

Many in a Desperate Way-Prayers Offer-

St. Catharines, Dec. 7 .- There is and on Sunday prayers for rain were offered in some of the Thoroid churches.

The water famine has opened new possibilities in trade. One man has obtained a street watering cart and peddles water which he gets from the canal, to families in Thorold. The situation among the farmers is growing worse. The country roads are almost unbearably dusty.

The farmers view with tremendous

misgivings the prespect of winter setting in without rain falling. A great quantity will have to fall be-fore the farmers around here will be ready for winter. Most of the streams and ponds where they get their water for cattle have dried up

A Change For The Better

The Way Physicians Now Treat

Physicians who formerly depended upon inhalers, sprays and local washes or ointments now use Stuart's Catarrh Tablets because, as one of the most prominent stated, these tablets contain, in pleasant, convenient form all of the really efficient and reliable starrh remedies, such as red our catarrh remedies, such as red gum, blood root and Hydrasin. They contain no cocaine or opiate (so common in liquid catarrh medi-

(so common in liquid catarrh medicines and cough syrups) and they are given to little children with entire safety and benefit.

Dr. J. J. Reitinger says: I suffered from catarrh in my head and throat every winter and it would hang on clear into summer, with stoppage of the nose and irritation in the throat affecting my voice so that I was continually clearing my throat before I could sneak plainly; it finally ex-

arienting my voice so that I was continually clearing my throat before I could speak plainly; it finally extended to the stomach causing catarrh of the stomach.

I bought a fifty cent box of Stuart Catarrh Tablets at my druggists, carried them in my pocket and used them regularly several times a day, and the way in which they cleared my head and throat and improved my hearing and general health I consider little short of remarkable. I had no catarrh last winter and spring and now I am entirely free from any catarrhal trouble whatever.

Mrs. Jerome Ellison, of Wheeling, writes: I suffered from catarrh nearly my whole life, and last winter my two children also suffered from catarrhal colds and sore throat so much so they were out of school a large part of last winter. My brother who was cured of catarrhal deafness by using Stuart's Catarrh

ther , who was cured of catarrhal deafness by using Stuart's Catarrh Tablets, urged me so much to try them that I sent to the drug store and bought a package and I am truly thankful for what they have and bought done for me and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat one or two of the catarrh tablets nips it in the bud and catarrh is no longer a household affliction with us.

Bold Court Jesters. "You are ready enough to point your satire at other people's faults," Queen

Bess once said to Clod, one of the court jesters, 'but you never say a word about mine." "Ah," exclaimed Clod. "why should I waste time in reminding your majesty of your faults, seeing that they are in everybody's mouth?'

Patch, one of Henry VIII.'s fools, once sought permission to demand an egg from every husband who was dissatisfied with his wife. No sooner bad the king granted his request than Patch proceeded to demand the first egg from him, saying, "Your grace belongs to the class of husbands on whom I am entitled to make levy."

AN ATTACK OF PNEUMONIA WARDED OFF.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Ja-maica, West India Islands. The pain sin the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by All Druggists.

A lizy nver may be only a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary man a stupid thing to beat a weary man or a starying man because he lagged in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In nine-ty-nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start work. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quickly your liver will be-come active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and naof the organs of digestion and natrition. It restores the normal activity of the stomach, increases the secretions of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon by the defection of other organs.
