LIVE STOCK.

railways reported 111 car load for Wednesday and Thursday's receipts of live stock at the city market, con-sisting of 1,352 cattle, 2,052 hogs, 2,847 sheep and lambs, and 272 calves.

sheep and lambs, and 272 calves.

The quality of fat cattle was about the same, a few good lots and many more of the common to medium.

Trade for butchers' cattle was brisk, at an advance of 10 to 15c per cwt., and more of the good kinds would have sold.

Sold.

Exporters— There were no export steers reported. A few export bulls sold at \$4.25 to \$5 per cwt.

Butchers— George Rowntree bought for the Harris Abattoir Co. 180 cattle; butchers' steers and heifers at \$4.35 to \$5.65; cows, \$2.25 to \$4.60; bulls, \$2.25 to \$4.

\$5.65; cows, \$2.25 to \$4.00; bulls, \$2.25 to \$4.

Stockers and Feeders—Harry Murby reports the receipts of stockers and feeders as being light. Feeders weighing from 800 to 850 lbs. each, for which there is the best demand, were to-day bought by the butchers for killing, that is if they had any flesh on them of any account, at prices too high for feeders. Mr. Murby bought 100 during the week at the following quotations: Feeders, \$50 to 1,050 lbs. each, at \$3.85 to \$4.25; feeders, \$800 to 900 lbs. each, of good quality, \$3.50 to \$3.90; good stockers, 500 to 700 lbs. each, at \$3.25 to \$3.50; common eastern stockers, although few common eastern stockers, although few on sale, are not worth more than \$2.23

Milkers and Springers-The market Milkers and Springers—The markers and Springers was a little stronger for the good to choice cows, but weak as usual for the common light cows. Prices ranged from \$30 to \$50.

calves was a little stronger for the Prices were quoted at \$3 to \$6 per cwt.

and Lambs-Receipts of sheep Sheep and Lambs—Receipts of sheep and lambs were the largest of the season, and lambs sold at the lowest prices of the season. A lot of the lambs that were offered should have been left on the farm for some weeks. Some of them, when the pelts were taken off, there would be very little left. This class was hard to cash at any price. Prices were quoted at \$5 to \$6.25 per cwt. Sheep prices unchanged.

COBALT STOCKS.

The only feature in the mining markets in Toronto yesterday was the advance of Crown Reserve to \$4.00, at which figure 100 shares changed hands on the afternoon board at the Standard. The price jumped around between \$3.80 and the new high point, but sales were few. A little interest was manifested in La Rose in the Toronto Stock Exchange, the price being steady at \$8.41. Some Peterson Lake sold around 29, and Nova Scotia was in demand, closing at 72 1-4. Cobalt Central also showed some strength, selling up. to 43 1-2. Ophir trength, selling up to 431-2. SUCCESSOR OF HARRY PULLIAM.

John A. Heydler Named as Nem National League President.

At the big game on Saturday afternoon at 3.30, the Westinghouse will clash with the Thistles, of Toronto, in the final game of the Ontario Football Association, at Cotter's Field. The Westinghouse have been putting in a week of good, hard practice, and as they played a tie with the Thistles in Toronto a week ago, there is no doubt that they will be declared the winners, if they play according to the same form. The Thistles will arrive here on a special train with their followers, and the indications are, from the sale of tickets, that there will be a large crowd to witness the game. Ladies will be admitted free, and admission tickets for the gentlemen will be 25 cents. This includes the Incline fare. Tickets will be on sale at the foot of the Incline for the grounds; also until Saturday noon at J. W. Nelson's, 38 James street north. The Westinghouse team will be picked from the following players: Tague, Gillespie, B. Thoms, Taylor, Wilson, Carkin, Graham, Jas. Wands, White, Linton, Hunter, F. Wands, and A. Thoms. New York, July 30 .- John A. Heydler, secretary and treasurer of the National Baseball League, will arrive in New York and assume charge of the business At a meeting of the West End Junior Soft Ball League, who play at Victoria Park, at J. W. Nelson's, five teams sent representatives: the Victorias, Dominions, Tigers, Thistles and Shaurocks. They will meet at the same place on

affairs of the league to-day. A telegram, notifying Mr. Heydler of the tragic death of President Harry Clay Pulan, who died yesterday morning, after hooting himself Wednesday night, was nanded to him while he was en route from Alexandria Bay to Montreal by boat yesterday. Mr. Heydler immediateyesterday. Mr. Heydier immediately wired that he would start for New York at once. With W. Cain, of Nashville, Tenn., a brother-in-law of Mr. Pullism, who is also expected to arrive today, Mr. Heydler will complete the funeral arrangements.

day, Mr. Heydler will complete the funeral arrangements.

It was learned yesterday that President Pulliam's last official act before firing the bullet that ended his life was to direct a circular letter to club presidents of the league, notifying them that the time for keeping park flags at half mast as a token of respect to the memory of President George B. Dovey, of the Boston Club, and President Israel W. Durham, of Philadelphia, who died precently, expired Wednesday.

Mr. Heydler will, on his arrival here, make arrangements for the election of a Wilkinson & Kompass

successor to President Pulliam. The be-lief seems to be general that Heydler will be chosen for the position practical-ly without opposition.

C. A. A. U. CLASHES WITH OARSMEN.

Only one or two C. A. A. U. men row, so the Pulford threat will not make much trouble, but the Smaill and Ryan case has a different aspect. A whole lot of Toronto paddlers are engaged in other sport controlled by the C. A. A. U., and they have said they will not compete against these men.

City League: 2, Alerts vs. Baysides; 4, Keystones vs. Broadviews.

Keystones vs. Broadviews.

To-morraw will see the close of this league for the season. The City League will put the finishing touches on a short but successful year. The schedule called for more games, but the management considered it advisable to wind up the affairs of the league, as amateur baseball is not taking here as it should. This will give the teams a chance to play independent ball, and theer is no doubt but that there will be some interesting games yet. The schedule has been rearranged for the final day, and should have a fitting close, especially the last game, as there is bound to be much rivalry between the two teams. The first game will be between the Alerts rivalry between the two teams. The first game will be between the Alerts and Baysides, and, playing to form, the Alerts should easily win, although they will be without the services of their regular catcher—Wally Simons. In all probability Lucas will pitch for the Alerts and Jimmy Brydges will catch. Jimmy is a somewhat brilliant backstop, and should easily fill the vacancy. The Baysides will have their regular line-up, and will make a strong effort to win. The second game will decide the championship, and should prove one of the best contests seen here in many days. Should the Broadviews win they will be champions for the second time, but should things turn the other way, the Alerts win and the Broadviews lose, the teams will be tie for the third time in this league. There is much speculation as to the result. Johnny Himmen, the genial manager of the "Stones," has had his players working out daily, and with Brooks pitching winning ball, the Broadviews will be found to go the limit to win. Manager Beattie has imported a southpaw from Cleveland, who is credited with the art of throwing a spit ball. This will be his first appearance, and the fans are eagerly waiting to see him perform. The zame will start promptily the fans are eagerly waiting to see him perform. The game will start promptly at 4 o'clock, with Jack Lavis, the well known umpire, handling the indicator.

The Church League has certainly reached an amusing stage. "Who plays on Saturday?" is the question that is going around, and no one seems able to answer it. One team says one thing, while another contradicts it. A meeting was called to definitely settle the matter, but at the appointed time the representatives failed to appear. The intention was for Ascensions and St. Thomas to play for the championship, but the two teams cannot agree, and what will follow no one knows. The general opinion is that the team which is first to arrive at the grounds will play, and the other game follow if there is enough material.

The scheme to form another Newspa per League will hardly meet with the approval of the teams. The hottest month of the year is August, and during vacation season it would be a difficult task to get teams together.

The Woodlands will play the East End Y. M. C. A. at Woodland Park this evening at 7 o'clock.

evening at 7 o'clock.

O O O

The meeting to-night of the Church League at Fred Skerrett's store is to deal with a protest entered by the Ascensions against St. Thomas concerning men whom the Saints played two weeks ago. Although kind of late in considering the application, the Ascensions claim they have a card up their sleeve, and will play it at the proper time.

GOOD GAME TO-MORROW.

To-morrow at Britannia Park Jack O'Connell, (the Mugsy McGraw of the Inter-city League), first series champs, will clash, with the strong G., S. & M. aggregation of sluggers, from Brantford, in the Barton street ball yard. In the last two games the Telephone City the last two general countries ability to put the wood to the sphere, as in their game against the Veritys on July 17th, they registered 12 hits, and won handily by 12 to 1. Last Saturday at Brantford they repeated the trick of the previous week and careened 18 singles, and were again victorious by a score of 10 to 1. President Seymour Will Call a Meeting of Interprovincial Union Soon.

An early start will be made by the pigskin chasers this year. President Seymour is already making preparations for the semi-annual meeting of the interprovincial Rugby Union. So far nothing much has been done in local circles, but Ottawa, with the approaching finish of the lacrosse season, football prospects are already being discussed. The following from Parliament Hill makes it evident that the Tigers will have to don their padded clothes early if they want to capture the Dominion championship this year:

When the weather grows colder and others, the Ottawa Rugby Club will be on hand with some of the best material that has donned the moleskins in the capital for some years. Dr. S. M. TROTTING

Detroit, July 29 .- James B. Benyon, the eighteen-year-old son of Ed. Benyon made his debut as a Grand Circuit driv er this afternoon, when he piloted Fair Margaret home first in three heats. The track was slow, following last night's

rain.

Esther Bells was a 2 to 1 favorite in the 2.17 trot. She led into the stretch the first time, but young Benyon drove up with Fair Margaret and landed her an easy winner. He came from behind in the next two heats and drove winning finishes.

Walter W., favorite in the 2.15 pace, broke in the first heat, but Geers rallied

UNHEALTHIEST CAPITAL.

St. Petersburg, which is to have \$50,-St. Petersburg, which is to have \$50,000,000 spent on it for sanitary improvements, has been described as the unhealthiest of European capitals. Its death rate always exceeds its birth rate, a fact not to be wondered at when we remember that two centuries ago its central island was usually under water. Only on antograt endowed with ago its central island was usually under water. Only an autocrat endowed with the unconquerable will of Peter the Great could have succeeded in building a city on such a site. Of the motiey throng of Tartars, Cossacks, Russian soldiers, peasants, convicts and Swedish prisoners employed in the work over 100,000 died within the first year, and their total death roll during the six years spent in building was close on 250,000.

Few had so much as a shovel, and yet before a foundation could be laid undergrowth had to be cleared, swamps had to be drained and embankments thrown up. Earth was scarce, and had to be fetched from a distance, the workmen scraping it up with their hands and transporting it in their shirts or in base improvised out of rags or matting. There was no shelter for the men, and they were often without food for twe days at a time. All these hardships added to Peter's zest, and when he happened to be present at one inundation and saw wreckage covered with men being carried away, he is said to have clapped his hands with enjoyment. Few had so much as a shovel, and
