

PAY FOR PRIVATE IN U. S. ARMY IN GERMANY HIGHER THAN COBLENTZ OFFICIALS

COBLENTZ, Feb. 5.—The rate of exchange for the pay of American soldiers in the occupied territory has been fixed at 100 marks to the dollar, giving every private 3,300 marks monthly. This is considerably more than the pay of any German official in Coblenz.

When the Americans first went to the occupied territory they received eighteen or twenty marks to the dollar.

BIG BLACK EARNED A REST

NIAGARA FALLS, N.Y., Feb. 5.—For many years Dick, the big black horse which has been in the service of the water department for five years and the city police department for many more years, has been combating the advent of the automobile in city affairs, but he has at last succumbed. Dick will be pastured out, the city council having voted last night to buy a car because Dick was becoming infirm.

Dick is 30 years old and came to the city police department from the stable of E. E. Clancy. For many years he and Major, another black drew the police patrol. Then Major died and Tom was placed with Dick. When a motor driven patrol was bought about seven years ago Dick and Tom were turned over to the water department.

Tom died soon afterwards. Since Tom passed out Dick has worked alone in the department.

DANDELION WINE WITH KICK GIVES ECHOTA FOLKS CAUSE TO WORRY

NIAGARA FALLS, N.Y., Feb. 5.—Residents of the Echota district have complained that foreign residents of the neighborhood have been selling dandelion wine at a big profit to their American neighbors. One of the women said that the husband of one of her friends drank the wine a few days ago and became intoxicated. The kick, she said, was stronger than that from whiskey.

The Echota resident said there was great activity among foreign women of the district last summer and fall in gathering dandelions and this activity is now explained by the appearance of the wine on the Echota market.

COMMISSION TO HANDLE PULPWOOD SITUATION WASHINGTON, D.C., Feb. 5.

Appointment of a presidential commission to negotiate with the Canadian Government and with several provincial governments for the withdrawal of various official orders preventing the exportation of pulp wood into the United States was proposed in a resolution introduced by Senator Underwood. The resolution said that the total exhaustion of pulp wood threatened in the United States had caused the extensive acquirement of crown lands, especially in Quebec, by American producers prior to 1910, but that these resources had been kept in part unavailable by orders-in-council, issued in 1910, forbidding the exportation of pulp wood.

Repealing of these orders the resolution added, would relieve the shortage of print paper in the United States and stabilize prices.

CATTLE MARKETS

UNION STOCK YARDS.
TORONTO, Jan. 25.—Receipts of cattle and live stock of all kinds at the Union Yards yesterday were very light, the run being especially small—516 head of cattle—even for a Tuesday. At that, there was no scarcity, Monday's relatively big receipts nearly 4800 head—coupled with the weakness of the market, giving lots to come and go on. For some unexplained reason, the market has absolutely no snap or go to it, and the quotations of from 75c to 80c on practically all classes of butcher cattle.

With a light run of sheep and lambs, the market held steady and unchanged, but choice veal calves are very strong, as shown by the fact that an old one or two sold up to 24c and 25c per lb., with the runs around from 21c to 25c.

The run of fresh hogs was 1033, and it looks like steady to strong prices for the balance of the week at 17 1/2c to the farmer, 17 1/2c f.o.b., and 18 1/2c fed and watered.

Let Hohenzollerns Sell the Castles.

BERLIN, Jan. 25.—The German Government is about to make arrangements with the Hohenzollern family for the disposal of the various royal castles. The proposal for the agreement with the Hohenzollerns shortly will be submitted to the Prussian Assembly.

It is said part of the castles will remain in possession of the state, part in that of the royal house.

The royal house is to retain full right of disposition over the property remaining to it and is to receive an agreed sum of money for objects of art and the furniture of castles passing from it to the state.

Red Garrison at Moscow Revolts.

HELSINGFORS, Jan. 28.—Reports from Dorpat say a revolt has broken out among the Red garrison at Moscow. Another report says the People's Commissaries at Moscow have moved to Tver, owing to the spread of the plague.

The farmers' executive in East Wellington decided to accept Albert Hedley's resignation to open the riding for Mon. W. E. Raney.

POLAND FACES CRISIS.

Signs Are Ominous and Upheaval May Occur.

BERLIN, Jan. 25.—Fighting is going on between the Poles and Bolsheviks on the Dunsburg (Dvinsk) front, according to despatches from Warsaw, where, it is reported, serious operations are looked for.

It is said that Keresky is organizing a new white Russian army to fight the Soviet Government.

In official circles here is the opinion that in case the Reds attack Poland all the powers signatory to the treaty must, under the terms of that document, send aid to the Poles.

General conditions in Poland are so intangible that an upheaval is only a question of a few weeks, according to Ralph Rogers, a member of the American Red Cross, who has just returned from Warsaw.

"I cannot see how a revolution can be avoided," he said. "The morale of the army is shattered on account of dissatisfaction with the food and clothing supplied. This is especially true of the troops on the Bolshevik fronts. I saw in the streets only shoes and an army blanket standing on sentry duty during the bitterly cold nights, while others slept in unheated barracks with icy blasts sweeping the rooms from broken windows.

"The prison camps inspected by us were in an appalling condition. The Bolshevik prisoners had next to nothing to eat and no clothes and no blankets. Every day in Camp Kowal from twenty to thirty die and their bodies are thrown into a deserted house where the dogs can get at them. Starvation as well as typhoid causes the deaths. Small villages have also suffered terribly from the food shortage. When I visited a village south of Brest-Litovsk in November the population was 300; when I returned two weeks ago the population had dwindled to 500. Five hundred had died from starvation."

REPRIEVE GRANTED.

Hanging of Murderer Delayed for Thirty Days.

KITCHENER, Ont., Jan. 28.—A last-minute reprieve saved Stocky Boyoff from being hanged Monday. Word was received Sunday night from Ottawa by Sheriff Lackner to stay proceedings for three days.

M. A. Secord, of Galt, who acted as counsel for Boyoff at his trial, is believed to have found a new clue which may have considerable bearing on the murder.

Boyoff was to have paid the extreme penalty with Ivan Petroff for the murder of John Sorokaty at Galt May 24 last. On Saturday Petroff's sentence was commuted to life imprisonment.

When Boyoff was informed that he had been granted a reprieve he was visibly pleased, but no assurance was given him that the sentence would not be executed a month hence, and he was told to continue making preparations for his death on February 26.

ESCAPED MARTIAL LAW.

Viscount French Changed Plan at the Last Moment.

DUBLIN, Jan. 28.—Dublin city and county escaped declaration of martial law by only a few hours, it was learned Monday. Lord French had prepared a proclamation ordering establishment of martial law, effective Monday, but for some unknown reason late Sunday night countermanded the order. The counter order did not come through until posters had been printed in the Government office. The order arrived only a few minutes before the posters were to leave the building to be posted throughout the country.

The proclamation will be made effective at the first sign of renewed radical outbreaks, it was understood. Meanwhile, Sinn Fein expected a big revoument of Irish Nationalists. None of them would appear in public.

Sheriff Asked Trial.

WINNIPEG, Jan. 28.—Sheriff Colin Insler and Deputy John Pylager were made defendants Monday on charges of wilful misconduct in connection with the return of jury panel of 231 members called to try seven strike leaders. The officials went on trial at their own request for a full investigation of the charges brought by defence in support of its challenge to array. This fact and motion by John Queen, one of the defendants, for a change of venue constituted the morning's features.

Herr Erzberger Attacked.

BERLIN, Jan. 28.—Mathias Erzberger, the Minister of Finance, was wounded by a shot fired at him on Monday.

Herr Erzberger was shot as he was leaving the Criminal Courts Building after a hearing in the Helfferich suit. Only one shot struck the Minister.

FATALITIES IN WRECK

Pullman of Stalled Train Was Telescoped.

Second Section of No. 1 C.P.R. Express for Vancouver Dashed Into First Section, East of North Bay, and as a Result 15 People Were Killed and 25 Seriously Injured.

NORTH BAY, Ont., Jan. 28.—Fifteen are dead and a large number injured as the result of one of the worst train wrecks in the history of this division of the Canadian Pacific Railway, which occurred at Corbell, 11 miles east of here, Sunday morning. No. 1, Canadian Pacific Express for Vancouver, due here at 10 a.m., was running in two sections. No. 1 section became stalled owing to failure of the engine to make steam under the condition of severe frost obtaining, and No. 2 section came round a curve on it, the locomotive of No. 2 section telescoping the rear sleeper of No. 1 section.

It is stated that torpedoes had been placed and other precautions taken by the crew of the stalled train, but there is as yet much confusion existing to be certain on this point. The two sections, it is stated, were running close together. Eight passengers on the stalled train were killed outright, and seven others died after their removal on the way to the hospital here. At the hospital it is reported that none of the injured there are fatally hurt. So far as known all the casualties are immigrants for Western Canada or residents of the West on the way home from Europe.

Among those killed were Mrs. Peden and her two young sons, who were on their way to Vancouver. The two boys were killed outright. Mrs. Peden died after removal from the wreck.

Others in hospital here include a bride and groom, names not yet learned.

Nearly all the passengers on the train were western people, and all the casualties were in the rear Pullman, which was telescoped. It is assumed from the latter fact that the rear section of the train could not have been running at full speed when it came in collision with the leading portion. Displacement of the locomotive, due to extremely cold weather, is given as the cause of the first section having been stalled. The accident occurred at 10.30 a.m. and at that hour the thermometer stood at 22 below zero.

Of the score of injured now in the hospital here, it is stated that all have a good chance of recovery. The train bringing them from the scene of the wreck reached here Sunday afternoon, and was met by ambulances, autos and sleds. On receipt of the news of the collision, nurses and doctors had been rushed to Corbell on the St. Catharines private car.

The following is the list of known dead:—

Mrs. Hugh Peden, 1973 Seventh avenue, Vancouver, B.C.
Wallace and Hugh Peden, sons of Mrs. Peden.

James Tilley, Vancouver, B.C.

Vatican Tribunal Soon to Decide.
ROME, Jan. 28.—The Sacred Rota Tribunal is approaching conclusion of the case of defamation from Monsignor Fallon, Bishop of London, Ont., and the Reverends Beaudoin, Langlois, Leureux, Loiselle and St. Eyr, the last of whom is now dead.

The case originated with articles appearing in Canadian papers in 1910 accusing Monsignor Fallon of favoring the Irish against the French-Canadians. The attacks extended to the Apostolic Delegate at that time.

RED ROSE TEA is good tea

WE were among the first to put up tea in sealed packages.

We were the first to use automatic electric weighing machines so as to insure accurate weights.

We were the first to make known the qualities of the now world-famous ASSAM teas.

And we are now the first to adopt a new package for the better protection of these fine quality teas.

The lead package has served its purpose well for generations, but it was easily broken or torn, allowing not only a loss of tea from the package but exposing the tea to the air, odors and dust that it was so necessary to protect the tea against.

Our new package—the waxed board carton—is stronger, more secure and more completely air tight; altogether the best container for tea that has yet been devised.

RED ROSE TEA is good tea
