Sardine Fishery Militates Against N. F. Sales.

A letter to the Board of Trade from Lind & Couto, Oporto, dated Oct. 19th, Children's, 30c, was better than it had been for some by a slight reduction in prices. Consumption would be even better than it is were it not for the enormous catches of sardines, which are being sold very cheaply. Portuguese fishing vessels are now returning from the Banks with good catches, and curing operations are proceeding apace. Our stores have been bare of British fish since the middle of September and we feel we are not receiving the support we merit. We fear shippers are losing sight of the fact that our position here is to safeguard their interests, and we would remind them that more than once our market has been spoiled by reckless competition amongst buyers here, which resulted in need less lowering of value. Own Your Own Home for Less

For \$600 cash down we build a nice plain 6 room \$1,800 house and give 10 years to pay the \$1,200 balance. Payments in principal and interest will average \$14.40 per month for the 10 years, when payments cease and buyers own their own homes.

Than You are Paying Rent.

We build up to \$3,500 house on this plan. We accept \$900 on a \$2,700 house; the monthly payments for 10 years to own this averages \$21.60 per month.

The actual rent on the \$1,800 house is \$4.40 per month, as \$10.00 per month or \$120 per

year applies to paying the principal.

On the \$2,700 house, payments on principal is \$15.00 per month or \$180 per year, rent therefore only \$6.00 per month.

See the \$2,500 bungalow we are now erecting on Mount Royal Avenue \$800 down and \$20.37 per month for 10 years is the price to own this beautiful home. We are in a position to give good service and value; we operate our own saw mills on the West Coast, also our own factory on Plank Road. We have one million feet of splendid sound, clear lumber of all kinds now in the city, including clear Fir Clapboard.

To parties wishing to build their own home we supply lumber on 10 years' credit, taking first lien on the building.

Purchasers of lumber of all kinds will find our retail prices low. Stock sound and extra well sawn. Our clear West Coast Fir Clapboard is not equalled by stock sawn in any other

CANADA SICK OF COALITIONS. Speaking here Saturday Mackenzie stand charged with the largeny of if united farmers wanted to join with Liberals to secure the passage of legislative measures sought by both parties, they must seek to arrive at unity before the elections, by working with the Liberals to overthrow the Meighen Government. The country is sick of Coalitions, and the farmers should not divide the forces opposed to the Government, if they thought to co-operate with the Liberals, after elections, Mr. King added. TO THE Civic Electors of St. John's

LADIES AND GENTLEMEN .-After considerable deliberation on the matter, I have decided to offer myself as Candidate for Councillor in the coming Municipal Election.

Despite the fact that I have not had a seat before, I am firmly convinced that I could do much to further the betterment of my native city, if I am fortunate enough to be elected by you. I intend to make a house to house canvass and endeavour to have an individual interview with one and all, as far as time permits, and failing that, please bear in mind that this must stand as my personal appeal.

Should opportunity present itself in a public meeting, I shall be glad to deliver my views on matters of civic improvement. Thanking you in anticipation of your hearty support,
