THE Five-Passenger Buick car on the fourcylinder chassis gives a remarkable measure of serviceability combined with simplicity and ease of operation.

Expert engineering, based on twenty years of experience, have produced in this model a full-powered, economical and wellbalanced light touring car. Although moderate in price, it is a roomy car and very similar in appearance to the Buick Six

Its appointments and fittings are characteristically Buick, and like all other Buick models it is designed to give the same genuine satisfaction to its owner.

"When Better Cars are Built, Buick will Build Them."

"I think Dr. Chase's Syrup of Linseed and Turpentine is just wonderful for coughs and colds. Two bottles entirely relieved my cough after I had tried every other cough medicine I knew of. I feel sure it saved me from having pneumonia, and I cannot remmend it too highly."
