

BOWVIEW

ACREAGE

in TEN ACRE LOTS

Splendid soil, perfectly level, on main road. Telephone by the property. Don't buy a 25-foot lot when, by going a little further out, you can secure enough ground that will allow you to have a garden, the proceeds of which would pay for the property first season.

Calgary is rapidly coming into her own, and the position of wanting property such as above.

Messrs. Tregillus & Hextall will Give 150 Acres of Land

Bridge to be Built Across the River to Park

The Exhibition company has been offered practically free of charge very fine grounds to the far west of the city. The proposed donors are Mr. W. J. Tregillus and J. Hextall, and the property is a portion of that part of the west of the city known as Bowview. It is on the south of the Bow river and directly across from the park now known as Shouldice Park.

The advantages of this place as exhibition park is that the railway runs right past it and freight and passengers could be brought in that way. Then again it is directly across from the park to which a railway will be projected at an early date. Arrangements are being made to have a bridge span the river very soon. That will bring the park in direct communication with the street railway, with practically no additional expense.

BOWVIEW

Adjoins and overlooks this land. A bridge will make the land on the south of the river as valuable as the north, 30 acres having been recently sold for \$500 per acre.

We quote from Mr. W. J. Thorold, of London Press Association: (Albertan, March 11, 1910):—"To me the city presents the most remarkable future. I am told that in Calgary and vicinity, there will be commenced construction of works requiring an ultimate expenditure of TWENTY-FIVE MILLION DOLLARS, and of this sum the C.P.R. will expend Sixteen Million Dollars on the extension of their branch lines. The balance is to be expended in civic improvements and the construction of other branch lines into Calgary. Such an expenditure as this can only result in Calgary becoming one of the foremost cities in the Canadian or American West."

Try and realize what this will mean for Calgary. As a city expands, land suitable for gardening, or property that lends itself to home building, becomes greatly in demand and valuable. The near future will see such property commanding prices double what we are asking.

\$100 PER ACRE AND UPWARDS

Calgary's progress during the last few years has borne out the saying, "There is no tomorrow." Putting off until "Tomorrow" in Calgary really has spent a lot "Yesterday" in thousands of instances. The future will bring regret to many who let OPPORTUNITIES pass. Others will take advantage of present offerings and invest, reasoning out the truth of Mr. Thorold's statement: That Calgary will become one of the foremost cities of the Canadian or American West, with the consequent increase in values.

SPORT

MEDICINE HAT WILL BE IN LACROSSE GAME

And This Makes a Strong Lacrosse League For Alberta a Certainty For This Season

After a season of rest and quietness lacrosse in Medicine Hat is again booming, and consequently the lacrosse players of the Hat have again organized for this season. Their 'let up' last year has done no harm, as the players and supporters are more enthusiastic than ever. Medicine Hat has reorganized with a strong bunch of officials, some of which they have new material from which it will be easy to pick a strong team. What is more, the Hatters are going to boost for a league, which means that with them and High River organized and Calgary, who will do so this week, it has clinched a league, and good lacrosse for Calgary.

Lethbridge is also getting in the game, so with these four clubs it will provide a season's series better than in any previous years.

When Allan McDonnell was informed that the Hatters were getting in the game again, the Calgary manager was tickled all down the back.

"That settles everything," he said. "We will now go ahead and get busy with our own club, and that will make a four team league. If the other fellows are going through with the Nationals, that will make five teams and so much the better. I thoroughly believe," said Mac, "that there is enough material for two teams in this city."

That Medicine Hat is in the game heart and soul can easily be seen from the report of their meeting taken from a Medicine Hat exchange, as follows: Amateur sport dead? Not a bit of it. Perhaps it was the novelty of professional ball last year after being a season without it that made amateur sport a little flat. Things will be different this year and the initiative taken by the organization of a lacrosse club will doubtless be followed by other organizations for amateur sport.

In the court room of the city hall last Thursday evening lovers of the Indian game assembled in goodly numbers and the result was an organization with the following officers: Honorary patrons—C. A. Magrath, M.P., Warren Overpack, W. T. Pinlay, M.P.P. Patrons—D. Milne, D. G. White, C. S. Pingle, W. B. Marshall, Robt. Mitchell, H. S. Stewart.

Honorary president—A. P. Burns. President—W. A. Hatcher. Third vice president—Sam Taylor. Secretary—Geo. W. Plunge. Manager—Vic. Ready. Captain—Art. Halward. Executive committee—Secretary, treasurer, president, vice president, manager, captain and Art. Peard and Jack Porter.

The question of a schedule was left over till next meeting, which will be held on Thursday of this week. It is proposed to form a league including Calgary, Lethbridge, High River and Medicine Hat. Delegates will be appointed at Thursday's meeting for an organization meeting of the league.

SOMETHING ABOUT THE DEACON'S TEAM

A Very Merry, Cherry, Happy Account of The Dreams and Otherwise of The Esquimos

Edmonton, April 6.—Well, Johnnie Brennan's signed contract was received at headquarters this morning, and Deacon is all smiles. Deak was beginning to get worried about his star second baseman, but this morning's letter put everything straight. It appears that Brennan has been up in the north country for several months, which accounts for him not receiving any mail. He expects to have the best season in his career, and says that he is determined to make a name for himself. As Jack's one falling last season was a disposition to carelessness, he evidently is out to fight against his weakness. When John Brennan is playing under a manager in whom he has confidence he is a star of the first magnitude, and he is out to show the Edmonton base ball fans this season. Brennan says that Peterboro reports say that Burdige's arm has gone back on him. This will occasion the Deacon to procure another experienced catcher, though he already has Copland and Bill Lussel on the roster.

Brennan is anxious to get in the game and would like to leave for the west on Thursday. Jack Olsen Signs. In the event of Morrell not coming, Edmonton will have a star for centre field in Jack Olsen, who sent in his signed contract today. Olsen is a finished player and is vouched for by no less a personage than Deacon White himself, who used to play in the same league with Jack. This speedy outfielder played in this country in '03 in the famous struggles for the Brewery Cup, and always hit around the charmed 300 mark. In 1907, he played with Houghton in Copper League and led his team in stolen bases with the splendid total of 266, which is no mean figure. For the last two years, he has been playing independent ball at Hibbing, Minn., where he had a good situation. The signing of Olsen practically completes the outfield and makes the race for positions a pretty one. It is not likely that West and Riley will be asked to report as Deacon does not think they will be fast enough to make the team.

LACROSSE NOTES.

Tomorrow evening at the board of trade rooms the big lacrosse meeting of the Calgary City club will take place. Now that a league with outside towns is assured, there should be a big turnout for this meeting. The Medicine Hat club should have a good season. With Bill Hatcher as president and Vic. Ready manager they have two good officers at the helm to pilot them through.

In another column will be seen a report of the Edmonton Lacrosse club organizing. This should mean that Strathcona will also have a team, as the little twin always likes to keep going with the big one, and besides, to have two teams so close together is a good thing financially.

The Calgary Lacrosse club will hold a practice on Saturday afternoon at the park. All lacrosse players are asked to turn out. Any new players who are not acquainted with the boys are requested to call around and give in their names to Allan McDonnell.

Lethbridge has not yet organized, but reports from the south city are to the effect that the officers of the old club intend doing so shortly. They have most of the old material and new players besides, so that a team of good calibre can be got together, and play as soon as possible.

Art. Lowes, the Tiger hockey player, has stated that he will play lacrosse this summer. Art would like to play for the Tiger-Saints combination if they organize. Providing they do not there is a place on the Calgary team for this player.

Dan McLeod, one of the old lacrosse standbys of this city, who represented Calgary two seasons ago on the team that went across the pond, will be out of the game this season. Dan's shoulder, which was broke this past winter in a hockey game, will not permit him swinging a lacrosse stick.

LOCAL BASEBALL NOTES.

Tonight at Mewata park the Athletics and Beavers, two teams in the Junior league, will play a practice game. Both teams are considered in the running for championship honors and will have out the full line-up. It should give some idea as to their strength.

Arrangements are being made for a ball game to be played on Saturday afternoon at Mewata park between the Grain Exchange and Bankers. This should provide an interesting encounter, as both organizations have some good players amongst their numbers.

WESTERN CANADA NOTES.

Pat Flaherty, of St. Louis, has been made the fourth selection upon the umpiring staff of the Western Canada League. Flaherty is well known in Winnipeg, where he has given the fans excellent satisfaction in the past in the handling of the indicator. President Ekstrom has acquired the services of a good man.

Ball players have many ups and downs, and Lou Durham, reported as signed with Moose Jaw, is an example. Two years ago he was of material assistance in helping Indianapolis win the American Association pennant. He was then purchased by the New York Giants along with Babe Marquand and the \$11,000 beauty. Durham failed to deliver the goods with the National League, and he is now in Lethbridge, but his arm had evidently lost its cunning, and now he is sent up this way. Durham is a slow ball pitcher and is just as apt not to get the life bated out of him by the opposing young hitter up in this league (Regina Exchange).

A meeting of the directors of the Regina baseball club was held yesterday at the office of the secretary, A. L. Smith, when promising reports were received. Stock subscriptions so far

Had Heart Trouble.

Nerves Were All Unstrung.

Wherever there is any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a healthy, strong system.

Mr. M. McCann, Debe Junction, N.B., writes: "I wish to tell you how Milburn's Heart and Nerve Pills have done for me. Three years ago I was so run down I could not do my own work. I went to a doctor, and he told me I had heart trouble and that my nerves were all unstrung. I took his medicine, as he ordered me to do, but it did me no good. I then started to take Milburn's Heart and Nerve Pills, and had only taken one box before I started to feel better, so I continued their use until I had taken several boxes, and I am now strong and well, and able to do my own work. When I commenced taking your pills I weighed 125 pounds, and now weigh 185 and have given birth to a lovely young daughter, which was a happy thing in the family. When I commenced taking Milburn's Heart and Nerve Pills, I could not go upstairs without resting before I got to the top. I can now go up without any trouble."

Price, 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SPORTSMEN DECLINE TO FISH SO EARLY

Though Season is Open They Say It is Much Too Early

Although the official fishing season in Alberta opened on April 1, the sportsmen are making no attempt to take advantage of it. They say it would be a sin to do so, because in the country the trout are going up stream to spawn at this season of the year.

The provincial authorities do not appear to have recognized this fact, however, and the Alberta Fish and Game Protective association is making an attempt to have the law changed so that the season will not open until June 1. In the meantime, however, J. Walton, who has real sporting blood in his veins are supposed to forget all about rod and reel and fold their hands with determination.

"Yes, we are refraining from fishing," said Dr. Sisley, one of the most ardent fishermen in the city last night, "we are trying to prevail upon others to observe the same rule, although it is not the law. It is a shame to remove the fish when they are going up the streams to spawn. The best fishing is not spawning now, but the best time to catch them is in July, August and September."

FOOTBALL NOTES.

This evening at the Hillhurst grounds the seniors will meet the intermediates in a practice game. After the match refreshments will be served in the club house. All senior and intermediate players are asked out.

Tonight is the date set for the Football league meeting, which takes place at the Y.M.C.A. Secretary Dease requests that all clubs have their representatives present at this meeting, which will be an important one.

The Hillhurst Football club have now a club-house which is one of the best in the province. Fitted up with electric light, baths and shower baths, it is very convenient for the players.

Tomorrow evening the Y.M.C.A. Football club will hold a practice at Mewata park in preparation for their game with the Normalites. After the practice the team to represent them will be chosen.

The City Football club held an executive meeting last evening at Dickinson's office, 9th Avenue. Routine business and a general talk over the coming season's prospects were discussed.

The Caledonians, champions of Canada, will hold a full practice at Mewata park on Saturday afternoon. All senior and intermediate players are requested to turn out.

Dr. Ings, who was elected vice-president for the western division of the newly formed Canadian Football association, says the new organization will not cut any big figure. They have no backing of any leagues or clubs behind them. The doctor was not even approached to see if he would accept the position.

It is more than likely that George Stone has played his last game with the St. Louis Browns. According to the Mount City papers Stone's salary has been sliced off \$1500, and the hard hitting outfielder has refused to sign the contract. George started out last season at a great clip, hitting away over the coveted 300 mark, but was injured and knocked off his stride. As a result he had a bad season, and it is generally understood that President Hedges tried to trade him at the last meeting of the American league in Chicago.
