### GRASPED HANDS OVER KING'S BIER

#### Dramatic Scene Between Emperor of Germany and King George V.

### MANY THOUSANDS WAITING FOR FUNERAL

#### Preparations For the Im- pressive Ceremony of Today

London, May 19.—This afternoon Emperor William took occasion to supply a private tribute to the memory of King George V. The Emperor, accompanied by King George and their suites, he went to Westminster Hall, where a magnificent casket was awaiting the bier. The Emperor approached the casket and remained there for some minutes. He covered the bier with his hands and placed a wreath of the catalpa, and for a few moments was engaged in conversation with King George who knelt with his hands joined in prayer. The Emperor then knelt with King George and held both hands which the other grasped. Both monarchs were visibly affected.

### Masses of Flowers

Windeor, Eng., May 19.—The lawn adjoining St. George's chapel, a few yards from the tomb, where the funeral of King Edward will be tomorrow, presented today the appearance of a huge flower garden, so great was the wealth of wreaths received from all parts of the world.

### Nine Crowned Heads at Funeral

Nine crowned heads of Europe, and several heirs to thrones, sat down in Buckingham Palace on Tuesday night, when King George gave to all his eminent guests assembled in London for the funeral of King Edward tomorrow.

### London is Very Full of People

London today filled rapidly with people from the provinces and foreigners. The whole line of the funeral route has been from early morning until late at night, a surging mass of people. The stand business has been greatly overdone and seats for which \$25 and \$10 were asked a few days ago are now being hawked for from \$5 to \$10.

### Thirty Thousand Soldiers in Arms

Thirty thousand soldiers from Aldershot and other military stations are camping in the parks tonight. The weather is hot and thunderstorms are not improbable. Many thousands of people will pass the day in the streets in order to secure points of vantage from which to view the cortege. All London is garbed in mourning. In the royal train which will carry the body tomorrow from London to Windeor, will travel King George and Queen Mary, the Queen Mother, and eight high officials, the foreign representatives and special conveyances. The little train of Windsor has assumed a purple hue. From the station to the entrance to the castle every building is covered with a mourning pall of royal purple.

### Position of Celestine

London, May 19.—Lord Strathcona and Sir George Reid, high commissioners for Australia, will be in the ninth summer President Roosevelt, of the United States, who is the special ambassador from that country at the funeral and M. Pichon, the minister of foreign affairs for France, will be in the tenth.

### Small Sentences for Big Offenses

Woodstock, N.B., May 19.—Before Police Magistrate Dibbs this afternoon Roy Craig, C.P.R. fireman charged with transmuting Williams with being intoxicated while on duty on April 29 and 30 on a special freight train from Perth to Woodstock, pleaded guilty. Last Thursday William A. Johnston, the engineer on the same train, pleaded guilty to the same charge. The magistrate said that as this was the first case of its kind before him in thirty years he would give a light sentence, a fine of \$50 and 30 days in jail.

### MEMORIAL SERVICES IN CALGARY TODAY

Union Services at Sherman's Auditorium—Services Also at Cathedral and St. Mary's Church.

Special memorial services will be held this morning at 11 a. m. at Sherman's Rink. Pro-Cathedral of the Redeemer, St. Mary's church.

The first named will be a union service at which leading members of the different Calgary churches will take part.

The members of the 16th Light Horse, also ex-members and the veterans of other corps will parade at the Drill hall at 10 a. m. for the purpose of attending the services to be held at the Pro-Cathedral of the Redeemer services at Sherman's Rink. It has not been decided as yet which service the military will attend.

The South African Veterans' association will meet at the Drill hall at 9.30 a. m. and will march to the Pro-Cathedral to attend the services to be held there. Members of the B. A. W. M. P. will join in this parade.

The public school cadets will parade at the Drill hall at 9.30 and then march to the Pro-Cathedral.

The Rifles' band will head the parade of the 16th Light Horse.

Another parade organized by the Sons of England will meet outside the Burns block on Centre street at 10.15. This parade will consist of members of the Sons of England society. All ex-army and navy men and all old soldiers, of whom there are a large number in the city. After the parade is formed the body of men will march to the Pro-Cathedral to attend services.

At five o'clock this morning the entire system of the C. P. R. will stop for three minutes. That is the very moment the body of the late King will be lowered into its last resting place. Every locomotive in use on the large system will come to a standstill, all instruments in the telegraph office will cease calling, and on all trains and cars the work will cease entirely.

### HOW GRAFT WAS WORKED BY SUGAR COMPANY

#### Defrauded Government of Nin- Pounds in Every 997 Pounds

### THE SCALES YIELDED TO PRESSURE OF A SPRING

#### The Scales Were Brought Into Court and the Fraud Revealed

New York, May 19.—There was wheeled into the criminal branch of the United States Circuit court this afternoon a small mechanical contrivance which was used by the docks of the American Sugar Refining company in Brooklyn, and which, it is alleged, defrauded the government of twelve tons per week, or a total of \$200,000 in the last year.

On a steel wire was thrust in a hole drilled in the station, and the weight was noted. The scales, though accurate, registered only 997 pounds, nine pounds short. This was the government's first practical demonstration before the jury of how the sugar trust is alleged to have cheated the treasury department out of thousands of dollars in duty. Proving this the prosecution hopes to convict Charles R. Helke, secretary, and four former employees of the company.

Albert Lambert, a machinery expert in the employ of the post office department, acted as demonstrator of the model scale. Concluding his testimony, Lambert took the witness stand, and told how he examined all sixteen scales of the company on the docks, and how each yielded to the pressure of the spring just as he had shown the jury.

The trick, as he demonstrated, could be worked with no outward indication, the beam of the scale moved apparently free, but always when the wire was inserted there was the shriek in weight.

### A. B. C. GRAIN ROUTE ENGAGING ATTENTION

#### Four Track System Being Planned Now For the Tehuantepec Railway Across Mexico.

"The movement in Canadian grain to Europe via Vancouver and Central America is engaging the attention of British engineers, backed by large financial interests, who are planning to build a four track system, which will take the Tehuantepec railway route across the Isthmus of Panama, the largest contract in the world, who control this railway, are planning to make this a four track system. The present line shows practically no grade and in consequence may be cheaply operated. The object of providing four tracks is to provide for competition with the Panama canal. Pearson's claim they will install terminal facilities which will allow them to deliver grain across the Isthmus quicker than ships, as they looked through the Panama canal. This appears feasible as the railroad is a thousand miles north of the canal. Upon the completion of the canal Western Canada grain will have competing routes to the Isthmus showing minimum freight rates to Europe.

### Objects to Reciprocity

Montreal, May 19.—The Chamber of Commerce came out today strongly against reciprocity with the United States, passing a resolution giving the government no pay no need to the movement across the border of the resolution claimed that reciprocity would endanger the British preference and Canadian industries.

### Aged Minister is Dead

London, Ont., May 19.—Dr. J. J. Teasdale, former premier of Ontario, died at his home in Teasdale, Ontario, at the age of 83. He was seven years stationed in Halifax, three in St. John and also in Yarmouth and Fredericton. Five years he had retired and came to London, but had been very ill since October.

### PREMIER SWORE TO MANY THINGS

#### Bold Attempt to Bring Mr. Cushing Into the Case

### PREMIER'S MEMORY IS SOMETIMES FAULTY

#### Premier Completes His Evi- dence—Adjourned Until Monday

Edmonton, Alta., May 19.—Premier Butherford made an allusion to the Hawes episode during his testimony before the royal commission this afternoon that caused the crowd in the court room to expect something interesting, but the commissioners ruled that evidence in regard to the matter would not be relevant, and refused to take advantage of the voluntary offer of the witness to go on with the story. When Bennett was proceeding to ascertain what he knew in regard to the Athabasca syndicate, the premier said the existence of such an organization was formerly brought to his attention by Mr. Hawwood, but that was as far as he got, because the commission did not care to hear more. Mr. Hawwood is the collector who represented Alfred Hawes through Solicitor Dawson of Toronto in the \$200,000 damage suit brought by Hawes against the premier.

When the session was over Mr. Butherford, who had been present, but not the premier, apparently not very much pleased with the proceedings, had made on the witness stand. Mr. Butherford thought the statement might be construed as a reflection on him, and told the premier he would rather that he had been allowed to go on and tell the whole story than leave the subject in the shape he did.

Neither Mr. Bennett nor the premier would make an explanation to a reporter, but Mr. Bigger, who was Corvallis's solicitor in the matter, made a statement that it was clear that there was no cause for opening up the matter again. "All that is to it is when the matter was placed in Mr. Bennett's hands by Mr. Dawson, Mr. Bennett was instructed to see the premier and tell him Hawes would accept \$200,000 damages. Mr. Dawson did see the premier, but was with perfectly honest and legitimate intentions."

Premier Butherford finished his testimony this afternoon, and the court adjourned until Monday morning.

Mr. Cushing's connection with the transaction took a considerable portion of the investigation this afternoon.

### THREE MINUTES OF SILENCE IN CANADA

#### There Will Be a Hush All Over Canada When Body is Lowered in Grave.

Ottawa, May 19.—At the moment King Edward's body is lowered into the grave at Windsor tomorrow (1.30 eastern time), it is proposed here on a signal from the whistles of the big manufacturing establishments to stop all industry and street car traffic in the city for three minutes. It is suggested by the governor general that this be continued throughout Canada. All flags are to be lowered at about 7.31 p. m. their ending half masting in Canada.

### DR. LINCOLN APPOINTED MEDICAL SUPERINTENDENT

#### Recommendations of Medical Board Accepted by Hospital Board

At a meeting of the Hospital Board last night, the recommendation of the Medical Board that Dr. W. A. Lincoln be appointed medical superintendent of the Calgary General Hospital, was accepted. The superintendent's duties will be to superintend the medical department of the hospital, to see that the hospital is kept in a sanitary condition, and to see that the hospital is properly managed.

### ROOT WILL TELL ROOSEVELT HOW IT IS ALL GOING

#### Friend of Ex-President and President on Way to Europe.

Washington, D. C., May 19.—United States Senator Root, who left Washington this afternoon for New York preparatory to sailing for Europe on Saturday, spent an hour with President Roosevelt at the White House. Root declared that his visit was one of farewell purely, and had nothing to do with the agreement to divide the association of the United States Fishery Commission. Root is an intimate friend of the president and Mr. Roosevelt, and he is likely to be of great weight with the former president.

### INCREASE IN BUSINESS SHOWN BY BANK REPORTS

#### The April Bank Statement Was a Very Favorable One

Ottawa, May 19.—The April bank statement indicates a steady increase in business activity and general prosperity. While deposits on demand, which are current deposits, are \$1,100,000,000, an increase of \$2,127,072, an increase of \$1,048,965 during the month. Branches of Canadian banks in other countries report over \$3,000,000,000 in deposits. The money on call and short term deposits and bonds in Canada on April 30th was \$2,822,258, a decrease of \$24,407, while similar loans abroad have been reduced to \$1,800,000. The amount of currency in circulation on April 30th was \$1,000,000,000, an increase of \$2,127,072. The amount of currency in circulation on April 30th was \$1,000,000,000, an increase of \$2,127,072.

### DR. W. A. LINCOLN WHO HAS JUST BEEN APPOINTED MEDICAL SUPERINTENDENT OF THE CALGARY GENERAL HOSPITAL.

Dr. W. A. Lincoln, who has just been appointed medical superintendent of the Calgary General Hospital, is a graduate of the University of Toronto, and has been practicing medicine in Calgary for several years. He is a member of the Royal College of Physicians and Surgeons, and has been a member of the Medical Board of the hospital since its formation.

### CALGARY PRESBYTERY IN SESSION YESTERDAY

Matters of Routine Transacted by its Members  
The Presbytery of Calgary met on Thursday afternoon in Knox church. The resignation of Rev. T. A. Forbes of Canmore, was accepted, and the clerk introduced a report from the Presbytery of Edmonton, and a letter from the Presbytery of Medicine Hat, expressing the high regard the Presbytery entertained of Mr. Forbes, and their high estimation of his services in a difficult field.

### Jews Active in Montreal

Montreal, May 19.—The Jews are active in Montreal, and are working to have their nationality represented only in the city council, but in the provincial legislature, and in the house of commons. In the city of Montreal, there are 15,000 Jews in all, and 5,000 in St. Lawrence. In 1891 there were only 10,000 Jews in the whole of Canada.

AN EMPIRE'S LOSS

### WHITE SLAVE DETECTIVE WAS A COLLEGE WOMAN

#### Tells How She Succeeded in Getting Evidence

New York, May 19.—The identity of one of the two women detectives who for months have been trailing suppliers of "white slave" dealers, was made known today at the trial of Belle Moore, a mulatto, charged with having sold two girls as "white slaves." District Attorney Whitman has concealed the identity of both women, and it was not until one of them took the witness stand that her name was known. She is Mrs. Frances M. Foster, formerly of Boston, and a graduate of Bennington college. She is a woman of 35 years, tall and rather heavy, wearing thick glasses. Mrs. Foster said that she had previously been engaged in detective work in the investigation of conditions surrounding the children of the city, and that the present case was her first experience in "white slave" work. She testified that she had been assigned to the case by the police, and that she had been working for some time before she was able to get into the premises of the dealer. She testified that she had been able to get into the premises by posing as a girl who had been sold to the dealer, and that she had been able to get into the premises by posing as a girl who had been sold to the dealer.

### THE PAINTERS' STRIKE THING OF THE PAST

#### The Employers and Employees Have Arrived at a Settlement

### BOTH PARTIES GAVE IN TO A CERTAIN EXTENT

#### And Now They Are Both Satisfied and Will Rush Their Work

The painters' strike was settled yesterday noon, and by five o'clock the men had returned to work. The settlement results in a partial victory for the union. The men demanded a minimum of 60 cents an hour and received 46 cents. They were previously getting 40 cents. They also won out on the point of a half holiday every Saturday afternoon night three and a half for any work after 12 o'clock on that day.

### WHERE IS TAIL OF THE COMET?

#### It Did Not Meet the Earth as Scheduled Time

### WE HAVE NOT PASSED THROUGH IT AT ALL

#### The Astronomers Are Some- what Puzzled About Its Strange Conduct

Williams Bay, Wis., May 19.—Following close on the wholly unexpected astronomical condition that prevailed early today, when the tail of Halley's comet was plainly seen in the east, astronomers at Yerkes' observatory today were further puzzled by a startling apparition across the face of the sun at noon. A broad spectrum of light, extending across and a considerable distance to the east side of the sun, challenged the attention of the excited observers. Prof. F. B. Frost, who first sighted the phenomenon, declared he had never before witnessed its like. Prof. S. W. Burnham said the name, Hoping to obtain an accurate check on the strange spectrum, Prof. Frost telephoned to observers within a radius of 100 miles of Williams Bay, calling attention to the peculiar occurrence. The apparition lasted less than half an hour. The spectrum at the sun became a topic of conversation, mastering interest and conjecture. Enormous sun spots seen Wednesday afternoon and the brilliant display of auroral lights last night had been passed by the astronomers as having absolutely no direct connection with the comet. Although I cannot advance an opinion at this time," said Prof. Frost. "I can see no other cause but the comet for this appearance of the spectrum. The passage of the earth through the tail of the comet, delayed a day in its schedule, is believed to be taking place tonight, although early observations did not give positive proof of this.
