Western University, in one of the most keenly contested hockey matches that has been played here this season, won the initial city series contest from the "Feds" at the Arena last night by the score of 7 to 4.

The six hundred or so fans, and they were impartial in their rooting, were kept on their feet throughout the exhibition. Both teams were out to win, and when the game was finished, it found fourteen fatigued players retiring from the ice. It was the best, and undoubtedly the fastest, contest seen here this season.

The first few minutes of play found the teams feeling out each other. Edwards received a pass, and on a load shot, missed the net, the rubber hitting the boards like the report of a rifie. The teams then went to fit in contractions in the contest when he losers tied months of play.

Both teams went after one another hard in the next few minutes, but finally the University boys worked their way to the Federal nets, where they commenced a bombardment, which resulted in Ritchie scoring on a pass-out from Edwards after exenteen minutes or play.

With the score 2 to 0 against them, the Federals took on a new lease of life, and after a few passes back and forth, Hagerman grabbed off the rubber and on a long rush down the ice motched the first goal for the Outaw aggregation.

At this functure the players began to mix it a bit, and for a few minutes it looked as if some of them were going to start a freb-for-all. Edde McKayon returning from a trip to the penalty-pox jumped into the game with renewed vim, and on a shot from the side, added another taily for tha Rebels.

The medal has been making its home in St. Thomas for the past three seasons, the Thistles losing it to the Saints at that time. Since then local rinks have made fruitless efforts to bring it back to this city. Last night, however, the London Club took it by storm, all three rinks beating the crack St. Thomas rinks opposed to them. They were up some twelve shots on the night's play. The Londoners now hope to keep it in this city for the next fifty years. The medal was donated for competition in the Malahide district in 1865 by the late Senator Leonard. Its possession is keenly fought for every season.

The Irishmen showed great stamina, and put up a great fight from start to finish. The weakness of the team was the absence of a good goal getter. They did some great shooting in the last period but it was too late. Poor marks nanship spoiled their chances in the first and second periods. The game showed the weakness of both net guardians. In shooting, the Victorias again demonstrated their superiority, and it was the great work of their defence and the assistance they were given by the forward line which cinched their victory.
