The Celebrated "Zambrene" Weather-Proof Coat For Women

No woman who wants a smart coat can afford to overlook the merits of these distinguished looking garments. "Zambrene" weatherproof quality is obtained by treating the goods by a special process before and after weaving. With "Zambrene" garments there is none of that cold, clammy feeling you associate with rubberized fabrics. On the contrary they keep you warm and are snug and dry inside. Further, they can be dried at a fire without injury to the fabric. Almost any fabric can be "Zambrene" treated so naturally you will expect to find tweeds prominent, and you would be correct. They're here a plenty in rough Harris tweed effects, also in smoother weaves almost bordering on a worsted. Come in greens, greys, browns, fawns and tans. Every coat is full length, loose fitting, made with a raglan sleeve, turned or strapped cuff and usually a collar that buttons close up to the neck. Excellent coats are marked at \$25, \$30, \$35 and \$40.

Women's Oiled Silk Raincoats, with Hoods, at \$25

These come with the new Raglan sleeves, storm collars, large patch pockets fitted with deep flap and cuff-band to fasten tight at the wrist when desired. One of the best features of these coats is the large but light hood that will fold up into such little space and is so light that it may be carried without the least inconvenience when not in use, and affords ample protection from even the most severe weather when required.

The coats are wonderfully light, are quite transparent and will not stick. They are lined with soft silk and are, without doubt, one of the best raincoats for women.

You can have your choice from colors fawn, green and black, and complete with hoods at \$25 each.
