### The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Aver's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health. Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever. — Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparlila, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, D. S., M. D., Greenville, Tenn.

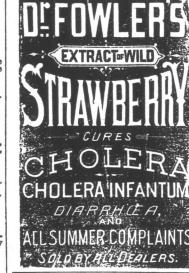

Dyspepsia Cured. It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla, It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 383 Atlantic ave., Brooklyn, N. Y.

SIR CHARLES, 2745.

Is the fastest Standard bred Trotting Stallion in New Brunswick. He can show a 2:16 gait in stud condition. He is a trotter by righ of inheritance, as his sire Mambrino Charta had a record of 2:30\frac{1}{2}, and was the sire of Helena 2:35. His grand sire had a record of 2:20\frac{1}{2}, and is the sire of Mambrino Sparkle 2:17. His grand sire, Mambrino Chief, was the sire of Lady Thorn, 2.18\frac{1}{2}. His dam, Lady nger, was the dam of Crown Princess, trial 2:18; Crown Prince 2:25, and Grey Chester, trial 2:39. It seems almost impossible for a horse so powerfully bred in speed lines to avoid siring trotters.

Terms: to insure, \$20; by the season, \$15. For particulars, address JOHN McCOY, St. Marys, N. B.

# Agriculture

By stirring the soil after every rain the weeds will be more easily destroyed than at any other time.

In these hot days you enjoy pure cold water, and consider that your horses and cattle do also, and see that they have a cool pure article. It is stated that lampblack mixed with strong vinegar will mark sheep so that it will remain a year and will not injure wool as do tar and paint.

Sweden has become a great exporter f butter. The amount sent abroad \$4,000,000. The Swedish dairies are now worked upon the most improved Remember that the greatest enemy

plant can have is another plant of the same kind growing by its side, as both feed on the same material. Remove the weaker plants and leave the stronger. One good plant will yield more than two plants under unfavorable conditions. Even the most enlighted Mexican
