We quote prices: Green onlons 20c, radishes 40c, lettuce 40c, asparagus 40c to 60c, rhubarb 60c to 70c—all per dozen bunches. Potatoes are brought forward in liberal quantities at 75c to 80c per bag, onlons 60c to 90c per peck. Curry, parsnips, parsley, etc., unchanged in form.

There has been some small demand for jobbing lots on account of local trade. On call at the Board of Trade to-day 41c was bid for oats on track and 88c was bid for white oats outside. Protection of the contract of the cont

There is a good jobbing trade done in butter, but notwithstanding the active demand the heavy supplies keep the prices down to 11c and 13c, with 14c for small lots of choice. G COD BUSINESS MEN DON'T LIKE to have their private affairs advertised in the papers. If they want to purchase a homestead or other property they don't want the whole world to know it, and on the other hand the same objection holds good in case they want to sell. The affairs of life are not a permanent fixture. Young people grow up and old people die off—which bring about family changes, often including the purchase or sale of a homestead. In this way we are authorized to offer a few of the most desirable properties in the city. Particulars on request, personally or by letter.

GRATEFUL-COMFORTING EPPS'S COCOA

BREAKFAST

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocca, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."

NOTICE

WEIGHTS AND MEASURES Traders, Manufacturers and Owners of Weighta, Measures and Weighing Machines generally are specially requested to read carefully the following instructions and act accordingly:

1. The Weights and Measures Act provides for a regular biennial inspection of all Weights and Measures used for trade purposes, as well as for irrogular inspections of the same, which may be made at any time when deemed necessary by the inspector, and it also imposes a heavy penalty on any trader or other person who wilfully obstructs or impedes an inspector or assistant inspector in the performance of his duty under said Act, or who refuses to produce the whole of his weights and measures for inspection when called upon to do so by an inspecting officer.

2. Every Trader, Manufacturer and Owner of Weights, Measures and Weighing Machines when paying moneys to inspectors or Assistant Inspectors of Weights, Measures and Weighing Machines when paying moneys to inspectors or verification fees is entitled to, and is specially requested to, demand from the officer who makes the inspection an official certificate ("Form 0. 6" with the words "Original for the Trader" printed at the head thereof) properly filled out and stamped, and also at the same time to carefully ascertain whether or not the stamps strached to such certificate represent exactly the value the amount of cash paid. Traders are requested to been in mind that certificates of verification are of no value whatever unless stamps covering the full amount of fees charged are attached.

2. Owners and holders of these official certificates are specially requested to keep them carefully for two years, and in order to secure their safe keeping it would be advisable to placard them in their places of business in the manner is which ordinary license certificates are done, for it must be distinctly understood that all traders who are unable to produce their properly stamped certificates when asked to do so by an inspector or assistant inspector may, in all probability, have to pay over again
