

With Acknowledgments to Luke Filles, R.A.

To every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save," let him consider to what extent he

would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

Thrift is the surest rudder in this time of national peril.

ONTARIO'S PROUD RECORD

In Last Loan Drive This Province Raised Nearly half of the Last Loan, Averaging \$79.03 each

Ontario's large place in the economic position of Canada was never better illustrated than in the last Victory Loan campaign, but if it is to be maintained, another supreme effort will be needed in the campaign soon to open. Nearly half the subscriptions in November 1917 were from Ontario and their has been talk that the same proportion is expected this year. The war spirit and war service of Ontario have been so magnificent that there is little prospect of a disappointment now. This Province has been the centre of munition making, with the liberal distribution of money which that brings, and its agricultural, mining and other industries have been on a most buoyant basis.

As a result of the splendid campaign and the generous response of the people, the Province of Ontario raised \$204,185,400, of the \$419,289,000 for the Dominion in the Fourth Loan. This came from 363,000 subscribers, averaging \$79.03 each, out of the 820,035 lenders in all Canada, averaging \$53.13 each. Quebec came second with \$94,287,250 from 126,534 subscribers or \$41.66 each. In Ontario one person in every 7.11 was a subscriber but Manitoba, with one in 7, excelled this record. In the Dominion as a whole, one in every 9.62 people was a subscriber.

THANKFUL MOTHERS

Mrs. Willie Theriault, Pacquetville, N. B., says:—"I am extremely thankful that I tried Baby's Own Tablets for my baby. Through their use baby thrived wonderfully and I feel as if I cannot recommend them too highly." Baby's Own Tablets break up colic and simple fevers; cure constipation, colic and indigestion and make teething easy. In fact they cure all the minor ills of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Sufficient Butter In Canada

The Canada Food Board has commanded all the creamery butter made during October and up to November 9th., to be shipped to Great Britain and her Allies.

While Canadians are accustomed to two pounds of creamery butter, per person, per month, or 8 ounces per week, per person, the people of Great Britain at the present time are confined to 2 ounces per week, per person, and 2 ounces of butter over there includes a large proportion of oleomargarine.
