

DON'T OVERLOOK THE FREE WINTER COURSES IN **AGRICULTURE**

FOR FARMERS AND THEIR SONS, AT THE
ONTARIO AGRICULTURAL COLLEGE, GUELPH
CANADA

Stock and Seed Judging, Jan. 11 to 22, 1910
Poultry Raising, Jan. 11 to Feb. 10 . . . 1910
Fruit Growing, Jan. 25 to Feb. 5 . . . 1910
Dairying, Jan. 3 to March 25 1910

At our Short Courses a large amount of instruction is crowded into a brief period. Classes and Laboratory Work extend from 8 a.m. to 5 p.m. each day except Sunday, and the evenings are devoted to Illustrated Lectures and the discussion of topics suggested by those in attendance. This is an intensified system and a modern method of practical instruction to busy, practical men, whose lives are devoted to agricultural pursuits. Many prominent agriculturists attend these sessions annually.

We believe the work furnished during the coming winter will be more practical and popular than at any previous session. We invite all men, young and old, who are interested in any branch of Agriculture to ask for further information concerning these Courses.

An Illustrated Calendar will be sent free upon application to

G. C. CREELMAN, PRESIDENT
